PACKAGING PERSONIFIED, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Packaging Personified, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan with a profit sharing provision covering substantially all employees of Packaging Personified, Inc. and P-S Business Acquisition, Inc. (collectively, the "Employer") who have completed six months of service and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions and Vesting. Participants may elect to defer eligible annual compensation, as defined in the Plan, subject to maximum amounts established by the Internal Revenue Code. Participant's contribution elections may be changed upon a thirty-day notice to the plan administrator. Participants are always 100% vested in their elective deferrals, plus actual earnings thereon.

Discretionary Employer matching contributions for the year ended December 31, 2011 were computed at the lesser of 1% of employee's gross compensation or 25% of employee's elective deferrals. The Employer may also make a discretionary profit sharing contribution based on the contribution amount multiplied by each participant's gross compensation to total gross compensation of all participants. Employer matching and profit sharing contributions vest 20% after two years of service increasing ratably up to 100% after six years of service. There was no discretionary profit sharing contribution for the year ended December 31, 2011.

Participant Accounts. Each participant's self-directed account is credited with the participant's contribution and, when applicable, the Employer discretionary matching contribution and profit sharing contribution. Earnings are based on the performance of specific mutual funds chosen by each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. Employees may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Notes Receivable From Participants. Participants may borrow (subject to certain restrictions) from their Plan accounts up to $50,000 or 50.00% of their vested balance, whichever is less. A loan is secured by the balance in the participant's account and bears interest at rates that range from 3.25% to 8.25%, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Repayment of principal and interest is due at least quarterly through payroll deductions. If any amounts remain unpaid for more than 90 days after the payment due date, the entire principal balance and interest shall be treated as a deemed distribution.

Payments of Benefits. On termination of services, a participant (or their beneficiary) may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement elect to receive annual installments under a systematic withdrawal plan in accordance with the Plan's provisions. Upon death or disability retirement, a participant's account balance becomes fully vested, as defined.

Forfeitures. Forfeitures shall be allocated to Plan expenses and Employer discretionary matching contribution. Total forfeitures available to reduce Employer contributions and Plan expenses were $-0- as of December 31, 2011. During the year ended December 31, 2011, $3,873 of forfeitures were applied against Plan expenses or Employer contributions.

Concentration of Credit Risk. Capital Bank and Trust Company is the Trustee of the Plan (the "Trustee"). Substantially all the Plan's assets are held by a related party to the Trustee.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting*.** The financial statements are prepared on the accrual basis of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses. Certain administrative expenses, including functions performed by officers or employees of the Employer, are provided by the Employer at no charge to the Plan, and the Employer has no plans to obtain reimbursement of these expenses from the Plan.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by the Trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2011 and 2010.
- Net depreciation in fair value of investments, including interest, dividends and capital gain income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2011.
- Note 4 and Note 5: All investment balances and investment information in the notes.
- Supplemental schedule - All items and balances.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

PACKAGING PERSONIFIED, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010.

Mutual Funds. Valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2011

American Funds Smallcap World Fund R3	$ 173,701	$ 204,779
American Funds American Balanced Fund R3	$ 150,994	

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE 7 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2008, that the Plan is qualified and the Trust established under the Plan is tax exempt under the appropriate sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service or other tax authorities, generally for three years after the tax returns are filed; however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8 – RELATED PARTY TRANSACTIONS

Various investments are managed by a related party to the Trustee of the Plan. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2011 through July 13, 2012, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
