These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Marshall & Ilsley Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COATING EXCELLENCE INTERNATIONAL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2011 and 2010

Note 1 - Description of plan

The following brief description of the Coating Excellence International Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

A. General

The Plan is a defined contribution plan covering substantially all employees of Coating Excellence International, LLC (Company) who have six months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

B. Contributions

Participants may contribute pretax and Roth deferrals to the Plan. Participants may contribute up to 92% of compensation subject to the annual Internal Revenue Service limit. The Company matched 30% of participant contributions up to 8% of their compensation for the year ended December 31, 2011.

C. Transfers from qualified plans (rollovers)

At the discretion of the Plan Administrator, participants may be permitted to deposit distributions received from other qualified plans into the Plan. Such a deposit is referred to as a "rollover." Participants are always 100% vested in their "rollover" account.

D. Participant accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution along with an allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants become 40% vested after completing two years of service and are additionally vested at 20% for each year of additional service up to five years of service, at which time participants are fully vested. However, upon the participant's death, disability, or attainment of normal retirement age, all amounts are immediately vested.

F. Payment of benefits

Upon a participant's retirement, death, total disability, or termination, the account balance shall be distributed to the participant or beneficiary using one of several available benefit distribution methods.

COATING EXCELLENCE INTERNATIONAL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2011 and 2010

Note 1 - Description of plan, continued

G. Forfeited accounts

At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$10,525 and \$15,553, respectively. These accounts will be reallocated to participants in the same manner as Company matching contributions.

H. Participant loans

The Plan allows eligible participants to borrow funds from the Plan. Under the terms of this provision, borrowings are subject to certain limitations, including a maximum aggregate borrowing. The period of repayment for any loan is generally determined by the amount of the loan. Interest rates are fixed at approximate market rates at the loan inception date.

I. Plan termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

A. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common trust fund. The statements of net assets available for benefits present the fair value of the investment in the common trust fund as well as the adjustment of the investment in the common trust fund from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

B. Investment valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Payment of benefits

Benefit payments to participants are recorded upon distribution.

E. Participant loans receivable

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefits paid to participants based on the terms of the Plan document.

F. Subsequent events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through June 8, 2012, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 consists of unadjusted quoted prices in active markets for identical assets, Level 2 consists of inputs observable in the marketplace other than quoted prices in active markets for identical assets, and Level 3 consists of significant inputs unobservable in the marketplace. The major classes of Plan investments reported at fair value as of December 31, 2011 and 2010 are as follows:

Note 3 - Fair value measurements, continued

More specific information on the valuation techniques used for Level 2 Plan investments is as follows:

Level 2 Fair Value Measurements

The fair value of the common trust funds are based on the fair value of their underlying assets. These underlying assets, except for the BMO Stable Principal Fund, are primarily composed of investments that have quoted market prices in active markets. The underlying assets of the BMO Stable Principal Fund are primarily composed of investments that are valued with observable inputs other than quoted prices for identical assets.

Note 4 - Transactions with parties-in-interest

Substantially all administrative expenses relating to the Plan are paid by the Company.

Certain plan investments are shares of common trust funds and a mutual fund managed by an affiliated company of Marshall & Ilsley Trust Company. Marshall & Ilsley Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee amounted to \$5,999 for the year ended December 31, 2011.

Note 5 - Investments

The following schedule presents investments that represent 5% or more of the Plan's net assets as of December 31, 2011 and 2010

Note 5 - Investments, continued

During the year ended December 31, 2011, the Plan's investments (including investments bought, sold and held during the year) depreciated in fair value as follows:

Investments at estimated fair value:	
Common trust funds	\$ (44,470)
Investments at fair value as determined by quoted market price:	
Mutual funds	<u>(534,316)</u>
	<u>\$ (578,786)</u>

Note 6 - Tax status

The Plan obtained its latest determination letter on March 11, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize an income tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7 - Plan financial information certified by trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information, as summarized below, to the information included in the financial statements and supplemental schedules. The information certified by Marshall & Ilsley Trust Company, the trustee, as complete and accurate, is as follows:

1. Investments, adjustment from fair value to contract value for interest in common trust fund relating to fully benefit-responsive contracts, interest income receivable, and participant loans receivable as reported in the statements of net assets available for benefits;
2. Investment income (loss) as reported in the statement of changes in net assets available for benefits;

3. Assets held at end of year; and
4. Assets acquired and disposed of within year.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
