KELLY HART & HALLMAN PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

A. Description of the Plan

Plan Description

The following description of the Kelly Hart & Hallman Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan under Section 401(k) of the Internal Revenue Code ("IRC") covering all employees, except leased employees, summer associates, and interns, who satisfy the eligibility requirement of one year of service for Kelly Hart & Hallman LLP (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company ("Fidelity") serves as trustee.

Contributions

Each year, participants may voluntarily contribute a percentage or a flat dollar amount of their annual compensation up to the maximum allowable by the IRC regulations. Participants may also contribute amounts representing distributions from other qualified employee benefit plans. Some or all of a participant's contribution may be designated as a Roth Deferral Contribution. Roth Deferral Contributions are made on an after-tax basis; however, such contributions will not be taxed at the time of a distribution to the participant.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with and subject to the limitations imposed by the IRC.

The Plan Sponsor makes a contribution equal to 3% of each participant's eligible compensation for the Plan year. In addition, the Plan Sponsor may make an additional discretionary contribution to the Plan in such amounts as determined by management.

Participant Accounts

Each participant's account is credited with the individual participant's voluntary contributions and an allocation of (a) the Plan Sponsor's contributions and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan Sponsor contribution portion of their accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of reaching normal retirement age, disability, or death, the participant will become fully vested.

Investment Options

Each participant directs the investment of his/her individual account. Participants may choose from various mutual funds and a money market fund. The mutual funds include U.S. equity funds, foreign equity funds, and fixed income funds. Participants should refer to the Plan document, for a more complete description of the investment options available.

Each participant has the right to convert all or any portion of their account from one investment fund to any other investment fund at any time.

Notes Receivable from Participants

Participants may borrow from their account, a minimum of $1,000 up to the maximum allowed by the current IRC regulations, which is generally the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are generally secured by the balance in the participant's account and bear interest that is considered reasonable based upon prevailing interest rates. Principal and interest is paid ratably through payroll deductions.

A. Description of the Plan – continued

Forfeitures

Forfeited amounts of a participant's non-vested account are used to reduce future contributions by the Plan Sponsor. Forfeitures of approximately $38,000 and $75,000 were used to reduce the Plan Sponsor's contributions for the years ended December 31, 2011 and 2010, respectively.

Benefit Payments

Participants may elect to receive an in-service withdrawal of their vested interest in their account, as defined in the Plan document, after 10 years of service has been completed and the age of 45 years is attained. Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, lump sum payments, or installments over a period of time. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Administrative Expenses

All significant costs of administering the Plan are paid by the Plan Sponsor.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Plan Sponsor and participants are accrued as they become obligations of the Plan Sponsor, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the Plan year and are subject to market or credit risks customarily associated with equity investments.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are generally recorded when paid.

Recently Issued Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, "*Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards*". This pronouncement was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between accounting standards generally accepted in the United States of America and International Financial Reporting Standards. FASB ASU No. 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements, particularly for Level 3 fair value measurements. This pronouncement is effective for reporting periods beginning on or after December 15, 2011, with early adoption prohibited. The new guidance will require prospective application. The adoption of FASB ASU 2011-04 is not expected to have a material effect on the Plan's financial statements, but may require additional disclosures. Plan management is currently evaluating the effect that the provisions of FASB ASU 2011-04 will have on the Plan's financial statements.

C. Investments

Investments that represent 5% or more of net assets available for benefits at December 31 are as follows:

	2011
Fidelity Retirement Money Market Portfolio	$ 6,715,619
PIMCO Total Return Fund	4,925,017
Fidelity Freedom 2020 Fund	3,335,868
Spartan 500 Index Fund	2,552,133
Fidelity Low-Priced Stock Fund	2,267,363
Fidelity Diversified International Fund	2,140,173

	2010
Fidelity Retirement Money Market Portfolio	$ 6,802,551
PIMCO Total Return Fund	5,044,764
Fidelity Freedom 2020 Fund	3,377,965
Fidelity Diversified International Fund	2,788,803
Fidelity Low-Priced Stock Fund	2,400,470
Fidelity Growth Company Fund	2,285,348

The Plan had net realized and unrealized gains (losses) on investments of ($1,855,641) and $3,404,337 during 2011 and 2010, respectively. The gains and losses were comprised solely from mutual funds.

D. Fair Value Measurements

The Plan follows the disclosure requirements of FASB ASC 820, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about fair value measurements required under other accounting pronouncements.

FASB ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value.

The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

D. Fair Value Measurements – continued

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the assets or liabilities.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

FASB ASC 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2011 and 2010. Fair values of mutual funds and the money market fund are determined by obtaining the last reported sales or bid price in active markets on the last business day of the year and are classified within Level 1 of the valuation hierarchy.

The following table presents the investments carried at fair value as of December 31, 2011 and 2010, by caption in the statement of net assets available for benefits and by the FASB ASC 820 valuation hierarchy (as described above). The Plan has no assets classified within Levels 2 or 3 of the valuation hierarchy.

Investments measured at fair value on a recurring basis as of December 31, 2011 are as follows:

	Quoted market prices in active markets (Level 1)
Mutual Funds:	
Large cap growth funds	$ 4,846,444
Mid cap growth funds	1,305,475
Large cap blended funds	15,350,163
Mid cap blended fund	3,459,408
Large cap value funds	1,520,582
Mid cap value fund	121,215
Small cap value fund	339,621
Intermediate-term bond funds	5,778,062
Money market fund	6,715,619
Total assets at fair value	$ 39,436,589

D. Fair Value Measurements – continued

Investments measured at fair value on a recurring basis as of December 31, 2010 are as follows:

	Quoted market prices in active markets (Level 1)
Mutual Funds:	
Large cap growth funds	$ 5,466,131
Mid cap growth funds	1,227,418
Large cap blended funds	15,253,537
Mid cap blended fund	2,400,470
Small cap blended fund	1,491,815
Large cap value funds	1,593,400
Mid cap value fund	30,996
Small cap value fund	86,397
Intermediate-term bond funds	5,711,350
Money market fund	6,802,551
Total assets at fair value	$ 40,064,065

E. Parties-in-Interest Transactions

The Plan invests in shares of mutual funds and a money market fund managed by Fidelity. Fidelity acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

F. Tax Status

The Plan obtained its latest advisory letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the advisory letter. However, the Plan's retirement plan committee and tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

F. Tax Status – continued

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2008.

G. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Information Certified by the Trustee

The Plan's retirement plan committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
