To the Plan Administrator of the
Care & Comfort 401(k) Plan

We were engaged to audit the accompanying financial statements of the Care & Comfort 401(k) Plan (the "Plan") as of December 31, 2011 and 2010 and for the year ended December 31, 2011, and the supplemental schedule as of and for the year ended December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 6, which was certified by State Street Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Note 1 - **PLAN DESCRIPTION**

The following description of the Care & Comfort 401(k) Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan established by Care & Comfort (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is operated for the benefit of employees of Care & Comfort, a for-profit subchapter S corporation.

Contributions

Eligible employees can contribute up to 100% of compensation as defined by the Plan, limited by requirements of the Internal Revenue Code. The Company provided a matching contribution equal to 100% of the first 4% of each participant's contribution.

Funding Policy

Employee contributions are remitted to the plan by Care & Comfort at each payroll date, via electronic funds transfer and are invested within one to two days following the date of transfer. Matching employer contributions and employee loan payments are remitted simultaneously with employee contributions.

Vesting and Forfeitures

Participants are fully vested in their contributions and the earnings thereon, and also on all employer matching contributions, and the earnings thereon. Because employees are fully vested at all times, withdrawing employees forfeit no portion of their account balances regardless of the reason for withdrawal.

Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's account. The form of payment, in the absence of an election to receive a lump-sum distribution or other nonannuity payment, is an annuity to be paid in monthly installments.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income, the Company's contribution, and the participant's contribution. Allocations are based on participant account balances, as defined.

Investment Options

Participants direct contributions, including employer matching contributions. Participants had multiple investment options available as of December 31, 2011 and 2010. The total invested by a participant may be allocated among investment options in 5% increments. Participants may change their investment elections at any time. A description of each investment option is provided below:

Note 1 - **PLAN DESCRIPTION** – Continued

Fixed Income Funds

This option consists of money market or similar investments earning a fixed rate of return and a share price value that does not fluctuate.

Common Collective Investment Trusts

Participants may choose from among several pooled institutional funds. Participants purchase units of participation in these funds. The underlying assets of these funds are generally stocks and bonds of publicly traded companies, or shares of publicly traded mutual funds. Share prices fluctuate based on stock market activity. See Notes 8 and 9.

Registered Investment Companies

Participants may choose from among several funds investing in common stocks and bonds of publicly held companies. These are publicly-traded investments with share prices that fluctuate based on stock market activity. See Notes 8 and 9.

Note 2 - **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Income Recognition

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Investment Valuation

Investments of the Plan are stated at fair market value – see Note 9. Purchases and sales of securities are reflected on a trade-date basis.

Administrative Expenses

The Company pays all administrative expenses of the Plan, including the fee for the annual audit. Employees pay fees for individual plan transactions such as loans and in-service withdrawals.

Uncertain Tax Positions

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2011, management believes it has taken no tax positions that would require the recording of any additional tax, interest or penalty liabilities and also believes there are no unrealized tax benefits that may either increase or decrease within the next twelve months. The Plan's annual tax return (Form 5500) is subject to examination by the appropriate regulatory authorities. As of December 31, 2011 the Plan's tax returns generally remain open for the last 6 years.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

Note 3 - INVESTMENTS

The Plan's investments are held by a trust fund administered by State Street Bank. During 2011 the Plan's investments (including investments bought, sold and held during the year) depreciated by \$47,989. On December 31, 2011 the Plan merged with and transferred all assets to 401(k) Safe LLC, a multi-employer plan. See Note 10. As of December 31, 2010 the Fair Value as determined by quoted market prices of the collective trusts and registered investment accounts held by the Plan was \$1,154,419.

The fair market values of individual assets that represent 5% or more of the Plan's net assets as of December 31, 2010 are as follows:

	December 2010
Victory Special Value Fund	\$61,374
SSGA Stable Value Fund (CCT)	82,387
Oppenheimer Capital Appreciation Fund	189,054
Van Kampen Comstock Fund	193,611
T. Rowe Price Retirement 2020	189,808
T. Rowe Price Retirement 2030	203,130

Note 4 - TAX STATUS

The Plan has not sought a determination letter from the Internal Revenue Service but relies upon favorable determination granted by the IRS to a prototype plan. The Plan administrator believes that the Plan continues to meet Internal Revenue Code requirements and is currently operating such that its exempt status has been maintained. Accordingly, no provision for taxes, interest or penalties has been included in the accompanying financial statements.

Note 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. See Note 10 regarding Plan merger.

Note 6 - CERTIFIED INFORMATION

The following information was certified by the custodian as complete and accurate:

- Investments
- Interest and dividend income
- Net realized and unrealized appreciation in market value of investments

Note 7 - FORM 5500 SCHEDULE H

The information presented in the accompanying financial statements and schedules has been agreed to and includes all of the information presented in Schedule H Form 5500 for the year ended December 31, 2011.

Note 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - **FAIR VALUE MEASUREMENTS**

		Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2010</u>	<u>Fair Value</u>	
Mutual Funds	\$1,015,629	\$1,015,629
Collective Trusts	138,790	138,790
 Total	 <u>\$1,154,419</u>	 <u>\$1,154,419</u>

Fair value is defined as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. U.S. accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The following provides a description of the three levels of inputs that may be used to measure fair value:

Level 1 inputs - Consist of unadjusted quoted prices as of the measurement date, in active markets for identical assets.

Level 2 inputs - Consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the measurement date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 inputs – Consist of unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The table above segregates all financial assets and liabilities as of December 31, 2010 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement dates. See Note 10 regarding Plan merger.

Note 10 – **PLAN MERGER**

On December 31, 2011 the Plan merged with 401(k) Safe, LLC, a multi-employer plan. Plan assets totaling \$775,608, including all employee account balances and outstanding loans from participants, were transferred to the multi-employer plan.

Note 11 - **SUBSEQUENT EVENTS**

Events subsequent to December 31, 2011 were evaluated through July 17, 2012, which is the date the financial statements were available for issuance.
