## **EMPLOYEES' SAVINGS PLAN OF PB (USA) HOLDINGS, INC.**

### **Notes to Financial Statements December 31, 2011 and 2010**

#### **NOTE A - DESCRIPTION OF THE PLAN**

The following description of the Employees' Savings Plan of PB (USA) Holdings, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

##### **[1] General:**

The Plan is a defined contribution plan covering substantially all employees of PB (USA) Holdings, Inc. ("the Company"). Employees become eligible for participation upon reaching 21 years of age. An eligible employee may elect to participate as of January 1, April 1, July 1, or October 1 after satisfying the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company.

##### **[2] Contributions:**

Participants may contribute up to 60% of pre-tax annual compensation, as defined by the Plan, as a reduction of salary. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified retirement plans excluding rollovers of after-tax employee contributions and designated Roth contributions.

The Company matches 100% of the participant pre-tax contributions, up to 3% of base compensation as defined in the Plan. To be eligible for matching contribution, a participant must complete six months of service. Participants direct the investment of participant and employer contributions.

##### **[3] Participant accounts:**

Each participant's account is credited with the participant's contribution and employer matching contribution. Investment income is allocated to and reinvested in the same fund in which it is earned. Allocations of earnings are based on the proportion of the participant's account to total Plan participants' account balance.

##### **[4] Vesting:**

Participants are immediately vested in their contributions plus actual earnings thereon. In addition, participants are fully vested in their Company's matching contributions.

##### **[5] Notes receivable from participants:**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years, but not extend beyond ten years if issued, for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator, ranging from 4.25% to 8.50%. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one note outstanding at a time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

## **EMPLOYEES' SAVINGS PLAN OF PB (USA) HOLDINGS, INC.**

### **Notes to Financial Statements December 31, 2011 and 2010**

#### **NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)**

##### **[6] Payment of benefits:**

A participant who ceases to be an employee for any reason other than death shall be entitled to receive their vested accrued benefit in the form of a lump-sum payment or distributions in the form of an annuity contract or in periodic installments of all benefits commencing at such time as the participant shall elect in accordance with the Plan, payable over a fixed period. If the account balance is paid in installments, it will be segregated and separately invested with one of the investment choices being a non-transferable annuity policy. If the participant's total distribution is \$5,000 or less, payment is made in a lump-sum. In the event of a participant's death, the participant's beneficiary shall be entitled to receive the participant's entire accrued benefit in the form of a lump-sum payment.

#### **NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### **[1] Basis of accounting:**

The financial statements are prepared on the accrual method of accounting.

##### **[2] Subsequent events:**

The Plan has evaluated subsequent events through July 30, 2012, the date the financial statements were available to be issued.

##### **[3] Investment valuation and income recognition:**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### **[4] Payment of benefits:**

Benefits are recorded when paid.

##### **[5] Plan expenses:**

Substantially all expenses, with the exception of participant loan fees and certain transaction processing fees, incurred in connection with the administration of the Plan are paid by the Company.

##### **[6] Use of estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Notes to Financial Statements December 31, 2011 and 2010

#### NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the statement of changes in net assets available for benefits for the year ended December 31, 2011 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2011.

#### NOTE D - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2011</u>	<u>2010</u>
Fidelity Mutual Funds:		
Spartan US Equity Index Fund	\$ 3,423,007	\$ 1,640,666
Retirement Money Market Fund	2,775,208	2,760,227
Capital Appreciation Fund	1,684,925	1,602,338
Puritan Fund	1,182,494	1,064,685
Intermediate Bond Fund	802,825	
Disciplined Equity Fund		1,405,499
Diversified International Fund		701,551

During the year ended December 31, 2011, the Plan's investments (including investments bought, sold, as well as held during the year) depreciated in value on a net basis by \$430,881.

#### NOTE E - FAIR VALUE MEASUREMENTS

FASB's *Accounting Standards Codification*, (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability, or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

### Notes to Financial Statements December 31, 2011 and 2010

#### NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures* (Topic 820): *Improving Disclosures about Fair Value Measurements*. FASB ASU No. 2010-06, among other things, requires purchases, sales, issuances, and settlements be presented on a gross basis for level 3 measurements and is effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. Adoption of FASB ASU No. 2010-06 did not have a significant impact on the Plan's financial statements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

*Mutual funds* - Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

#### Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of levels 1, 2 or 3.

Certain mutual funds held by the Plan have short-term trading fees ranging from 0.75% to 1.50% for shares held less than 30 to 90 days.

#### NOTE F - TAX STATUS

The Company adopted a prototype defined-contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, which states that the form of the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

### **Notes to Financial Statements December 31, 2011 and 2010**

#### **NOTE G - RELATED PARTY TRANSACTIONS**

Certain investments are shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan were \$594 for the year ended December 31, 2011.

#### **NOTE H - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2011 may not necessarily be indicative of amounts that could be realized in a current market exchange.

#### **NOTE I - MUTUAL FUND FEES**

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

#### **NOTE J - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
