As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DJO Global 401(k) & Profit Sharing Plan

Notes to Financial Statements

A. DESCRIPTION OF PLAN

The following description of DJO Global 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of DJO Global (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Mergers

On July 20, 2011, the Elastic Therapy, Inc. 401(k) Retirement Plan was merged into the DJO Global 401(k) & Profit Sharing Plan as a result of the Company's acquisition of Elastic Therapy, Inc. Prior to the merger, the Elastic Therapy, Inc. 401(k) Retirement Plan covered eligible employees at Elastic Therapy, Inc. In connection with the merger \$4,309,774 in assets were transferred from the Elastic Therapy, Inc. 401(k) Retirement Plan to the Plan in July 2011. The transferred net assets have been recognized in the accounts of DJO, Inc. 401(k) & Profit Sharing Plan as of July 20, 2011 at their balances as previously carried in the accounts of Elastic Therapy, Inc. 401(k) Retirement Plan. The changes in net assets of the combined plans were included in the statement of changes in net assets available for benefits as of July 20, 2011.

On August 9, 2011, the Dr. Comfort 401(k) Plan was merged into the DJO Global 401(k) & Profit Sharing Plan as a result of the Company's acquisition of Dr. Comfort. Prior to the merger, the Dr. Comfort 401(k) Plan covered eligible employees at Dr. Comfort. In connection with the merger \$858,928 in assets were transferred from the Dr. Comfort 401(k) Plan to the Plan in August 2011. The transferred net assets have been recognized in the accounts of DJO Global 401(k) & Profit Sharing Plan as of August 9, 2011 at their balances as previously carried in the accounts of Dr. Comfort 401(k) Plan. The changes in net assets of the combined plans were included in the statement of changes in net assets available for benefits as of August 9, 2011.

Contributions

Each year, participants may contribute pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company may, at its discretion, make matching contributions at a rate determined by the Company and annual discretionary profit sharing contributions in an amount to be determined at Plan year-end by the Board of Directors. The Company made matching contributions of 100% of the first 1% and 50% of the next 5% of the employee's eligible wages deferred for the year ended December 31, 2011. The Company made no profit sharing contributions during the year ended December 31, 2010.

DJO Global 401(k) & Profit Sharing Plan Notes to Financial Statements

A. DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Participant accounts are credited with the participant's contribution, an allocation of the participating Company's contributions, Plan earnings, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or pay fees associated with the Plan. The Plan used \$100,020 of forfeitures to reduce employer contributions, and used \$15,400 of forfeitures to pay fees associated with the Plan during the year ended December 31, 2011. At December 31, 2011 and 2010, \$201,638 and \$130,219, respectively, was available to reduce future Company contributions or pay fees associated with the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account, plus actual earnings thereon, is based on years of continuous service. A participant is 100 percent vested after two years of service.

Payment of Benefits

Participants are eligible to receive a lump-sum distribution of benefits upon termination of employment, death, disability, retirement or Plan termination. Distributions may also be made for hardship withdrawals, which are authorized by the Plan administrator and conform to the "deemed hardship" standards set forth in Treasury Regulation Section 1.401(k)(d)(2). Such hardship distributions are subject to certain limitations.

Investment Options

Fidelity Management Trust Company as Trustee (Trustee or Fidelity) under a trust agreement holds the assets of the Plan, including all contributions and earnings thereon. Upon enrollment in the Plan, participants may direct contributions to a variety of investment options.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates ranged from 4.25% to 9.25% at December 31, 2011. Principal and interest is paid ratably through payroll deductions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

DJO Global 401(k) & Profit Sharing Plan

Notes to Financial Statements

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Expenses

The Plan is sponsored by the Company. Personnel within the Company perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. Most administrative expenses of the Plan, including consulting, legal, and audit fees, are paid by the Company. Other record keeping and investment management expenses are paid by the Plan.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, Fair Value Measurements and Disclosures. The standard requires that investment contracts held by defined-contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Plan has an interest in SEI Stable Asset Fund, a fully benefit responsive fund (see Note D).

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents. Interest income is recorded on the accrual basis.

Risks and Uncertainties

The Plan provides for various investment options using a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as variable interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

DJO Global 401(k) & Profit Sharing Plan

Notes to Financial Statements

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting Estimates

The Plan administrator uses estimates and assumptions in preparing the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported changes in net assets. Actual results could vary from the estimates that were used.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The date to which events occurring after December 31, 2011, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosures is July 17, 2012, which is the date on which the financial statements were available to be issued.

C. PARTY-IN-INTEREST TRANSACTIONS

There were no party-in-interest transactions between the Plan and Fidelity Management Trust Company, Trustee of the Plan, other than payment of investment fees from plan assets for services rendered.

D. SEI STABLE ASSET FUND

The Plan has an interest in the SEI Stable Asset Fund, a common collective trust. The SEI Stable Asset Fund is invested in guaranteed investment contracts which are fully benefit responsive. The SEI Stable Asset fund is presented in the financial statements at fair market value. The fair value of the contract as of December 31, 2011 and 2010 was \$8,804,661 and \$8,401,347, respectively.

As described in Note B, because the SEI Stable Asset Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the SEI Stable Asset Fund. Contract value, as reported to the Plan by Fidelity Management Trust Company, represents contributions, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value as of December 31, 2011 and 2010 was \$8,841,409 and \$8,526,282, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a daily basis for resetting.

DJO Global 401(k) & Profit Sharing Plan

Notes to Financial Statements

D. SEI STABLE ASSET FUND (CONTINUED)

The average yields earned by the SEI Stable Asset Fund were approximately 1.36% and 1.63% at December 31, 2011 and 2010, respectively. The average yields earned by the SEI Stable Asset Fund based on the actual interest rates credited to participants were approximately 0.71% and 0.89% at December 31, 2011 and 2010, respectively.

The SEI Stable Asset Fund generally provides that withdrawals associated with certain events which are not in the ordinary course of Plan operations, and are determined by the issuer to have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such withdrawal as defined in such contracts. Withdrawals from these contracts may be made at contract value for the qualified benefit payments, including participant-directed transfers. The SEI Stable Asset Fund attempts to reduce the risk of significant non-benefit related withdrawals by participating plans, which are permitted under the Declaration of Trust upon receipt of twelve months written notice by investing in certain contracts which allow the SEI Stable Asset Fund to effect book value withdrawals from the issuing entity under various circumstances, generally with twelve months notice required. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

F. INCOME TAX STATUS

The plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

G. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, Fair Value Measurements And Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this topic are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DJO Global 401(k) & Profit Sharing Plan

Notes to Financial Statements

G. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trusts: Value based on the contractual terms of the underlying guaranteed investment contract and priced based on the market value of the underlying investments in the portfolio.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
