We were engaged to audit the accompanying statements of net assets available for benefits of the DeKalb Community and Stones River Hospitals Retirement Savings Plan (the "Plan") as of December 5, 2011 (date of liquidation) and December 31, 2010 and the related statements of changes in net assets available for benefits for the period from January 1, 2011 through December 05, 2011 and for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Orchard Trust Company, LLC, a subsidiary of Great-West Life and Annuity Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee held the Plan's investments and executed investment transactions. The plan administrator has obtained a certification from the trustee as of December 5, 2011 (date of liquidation) and December 31, 2010 and for the period from January 1, 2011 through December 05, 2011 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As further discussed in Note 1(a) to the financial statements, the plan administrator elected to terminate the Plan on October 10, 2011. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements.

RETIREMENT SAVINGS PLAN**

Notes to the Financial Statements

December 5, 2011 (date of liquidation) and December 31, 2010

(1) Description of plan

The following description of the DeKalb Community and Stones River Hospitals Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was a defined contribution plan which was adopted on January 1, 2000 to provide retirement benefits for employees of Cannon County Hospital, LLC (the "Plan Sponsor"). The Plan covered substantially all full-time employees who were age twenty-one or older and had completed one month of service ("participants"). The Plan was subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

On July 1, 2011, Capella Healthcare, Inc. acquired 60% ownership interest in the Plan Sponsor. The majority of the Plan's assets were transferred to the Capella Healthcare, Inc. 401(k) Retirement Plan on or near September 1, 2011. The plan administrator elected to terminate the Plan on October 10, 2011. Final distribution of the Plan's remaining assets occurred on December 5, 2011.

(b) Contributions

Participants could voluntarily make qualified retirement contributions to the Plan which were deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants contributions were permitted up to any amount of compensation, not to exceed limitations prescribed by the IRC.

The Plan Sponsor could make discretionary matching contributions as determined annually by the Plan Sponsor's Board of Trustees. During 2011 and 2010, the Plan Sponsor contributed an amount equal to 50% of the first 6% of participant contributions.

The Plan also provided that the Plan Sponsor could contribute a discretionary profit sharing contribution as determined annually by the Plan Sponsor's Board of Trustees; however, an annual discretionary contribution by the Plan Sponsor was not required. No annual discretionary contributions were made in 2011 or 2010.

Plan Sponsor and participant contributions could not exceed the maximum amount deductible for federal income tax purposes.

Effective July 1, 2011, participants and the Plan Sponsor were no longer allowed to make contributions.

RETIREMENT SAVINGS PLAN**

Notes to the Financial Statements

December 5, 2011 (date of liquidation) and December 31, 2010

(c) Participant accounts

Each participant's account was credited (charged) with the participant's contributions, Plan Sponsor matching contributions, allocations of Plan Sponsor discretionary contributions, investment earnings (losses) and administrative expenses. Allocations were based on a participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their elective salary deferral plus actual earnings or losses thereon. Vesting in the Plan Sponsor's matching and discretionary contributions was based on years of service. Participants vested prorata over three years of service at which time they were fully vested.

(e) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive a lump-sum payment equal to his or her entire account balance. For termination of service due to other reasons, a participant was entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(f) Forfeited accounts

Forfeitures were created when participants terminated employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduced the Plan Sponsor's contributions to the Plan. At December 5, 2011 and December 31, 2010, there were no forfeited nonvested accounts. Forfeitures of \$522 and \$11,429 were used to reduce Plan Sponsor contributions during 2011 and 2010, respectively.

(g) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance. Any participant receiving a hardship withdrawal was precluded from making any qualified contributions for six months after receiving the hardship withdrawal.

(h) Administrative expenses

Certain Plan administrative expenses were paid by the Plan Sponsor.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the liquidation basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value, or contract value, as reported by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after the reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 5, 2011 and July 30, 2012, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by trustee

The following information was certified as complete and accurate by Orchard Trust Company, LLC, a subsidiary of Great-West Life and Annuity Insurance Company, as of December 5, 2011 and December 31, 2011 and for the period from January 1, 2011 through December 5, 2011 and for the year ended December 31, 2010:

	<u>2011</u>	<u>2010</u>
Mutual funds, at fair value	\$ <u>-</u>	\$ <u>2,321,224</u>

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset measurement measured at fair value. There have been no changes in the methodologies used during 2011 or 2010.

- (i) *Mutual funds:* Valued at the net asset value of shares held by the Plan at year end based on the quoted prices in an active market.
- (ii) *Investment contract:* Valued at contract value, which approximates fair value, based on the amount the Plan Sponsor would receive if it terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Notes to the Financial Statements

December 5, 2011 (date of liquidation) and December 31, 2010

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

Fair Value Measurements as of December 31, 2010 using the following inputs				
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds:				
International funds	\$ 291,669	\$ 291,669	\$ -	\$ -
Value funds	196,525	196,525	-	-
Growth funds	482,442	482,442	-	-
Bond fund	314,535	314,535	-	-
Moderate allocation fund	948,804	948,804	-	-
Balanced funds	<u>87,249</u>	<u>87,249</u>	<u>-</u>	<u>-</u>
Total mutual funds	2,321,224	2,321,224	-	-
Investment contract - portfolio fund	<u>360,479</u>	<u>-</u>	<u>360,479</u>	<u>-</u>
Total	<u>\$ 2,681,703</u>	<u>\$ 2,321,224</u>	<u>\$ 360,479</u>	<u>\$ -</u>

(5) Investments and investment income

The fair value of investments that represent 5% or more of the Plan's net assets as of December 31, 2010 were as follows:

Thornburg International Value Fund R3	\$ <u>260,119</u>
American Funds Growth Fund of America R3	\$ <u>458,268</u>
Pioneer Cullen Value Fund A	\$ <u>155,337</u>
Pimco Total Return Admin Fund	\$ <u>314,535</u>
Key Guaranteed Portfolio Fund	\$ <u>360,479</u>
Oakmark Equity & Income II	\$ <u>948,804</u>

During 2011 and 2010, the Plan's appreciation (depreciation) in the fair value of investments was attributable to mutual funds.

RETIREMENT SAVINGS PLAN**

Notes to the Financial Statements

December 5, 2011 (date of liquidation) and December 31, 2010

(6) Investment contract with insurance company

The Plan was party to an investment contract with Great-West Life and Annuity Insurance Company. This investment contract was not considered fully-benefit responsive. Great-West Life and Annuity Insurance Company maintained the Plan's contributions in a fund which was credited with earnings on the underlying investments and charged for Plan withdrawals and investment expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the investment contract was \$360,479 as of December 31, 2010. The average yield and crediting interest rates were approximately 3.16% and 2.49% for 2011 and 2010, respectively.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The termination as described in Note 1(a) did not limit the Plan's ability to transact at contract value with participants.

(7) Income tax status

The Plan Sponsor adopted a prototype contribution plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed and is operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 5, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

(8) Related party transactions

The Plan's investment contract was managed by Great West Life and Annuity Insurance Company, therefore, these transactions qualified as party-in-interest transactions. Administrative expenses also qualified as party-in-interest transactions.

(10) Risks and uncertainties

The Plan utilized various investment instruments. Investment securities, in general, were exposed to various risks, such as interest rate, credit, and overall market volatility.
