BH Electronics, Inc. 401(k) & Profit Sharing Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note (1) - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are presented on the accrual method of accounting.

The Plan's mutual fund investments are stated at fair value as measured by quoted market prices in an active market. The Plan's pooled, common and collective fund investments are measured by inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not considered to be active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Date of Management's Review

Subsequent events were evaluated through June 15, 2012 which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note (2) - Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary deferral plan covering substantially all employees of BH Electronics, Inc. Employees are eligible to participate when they complete 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Salary Deferral

Participants may elect to defer up to the maximum percentage allowable not to exceed the dollar amount set by law.

Contributions

Each year, the Employer will contribute to the Plan the total amount of salary deferrals that the participants have elected. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, the Employer may make a discretionary profit sharing contribution.

Upon enrollment in the Plan, a participant may direct employee contributions in any of nineteen investment options. The participant's choices are invested in mutual funds and pooled, common and collective funds with Wells Fargo.

Contributions to the Plan for the year ended December 31, 2011 totaled \$76,796 consisting entirely of participant salary deferrals. There were no employer profit sharing contributions for the year ended December 31, 2011. Nonvested account forfeitures may first be used to pay administrative expenses and then will be used to reduce future employer profit sharing contributions.

Forfeited Accounts

At December 31, 2011, there were no forfeited nonvested amounts, while forfeited nonvested amounts totaled \$7 at December 31, 2010. Nonvested forfeiture accounts may first be used to pay any plan administrative expense and then may reduce future employer contributions.

Participant Accounts

Each participant's account is credited with the amount of their deferred salary, rollovers from other qualified plans, and an allocation of the Employer's discretionary profit sharing contribution in the ratio that each eligible participant's compensations bears to the eligible compensation of all participants. The net investment income or losses of the Plan are allocated based upon the actual earnings for each participant's individual account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Upon their effective date of participation, participants are 100% vested in their salary deferral contributions plus the earnings thereon. Participants are vested in the employer profit sharing contributions based on a cliff vesting schedule, becoming 100% vested after year three.

Payment of Benefits

Participants are eligible to receive a distribution of benefits upon death, disability, termination of employment, or in the event of certain hardships as defined under the plan. Participants entitled to receive a distribution of benefits shall be paid in a lump-sum payment.

At December 31, 2011 and 2010, Plan net assets of \$4,742 and \$5,527, respectively, are allocated to participants who have withdrawn from the Plan but have not been paid.

Excess Contributions Payable

Contributions received from participants for the year ended December 31, 2011 are net of payments made in the following year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2011 and 2010.

Note (3) - Fair Value Measurements

The Plan classifies its investments into three broad levels: Level 1 which refers to securities for which prices can be easily quoted in an active market, Level 2 which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction, and Level 3 which refers to securities not traded in an active market and for which no significant observable market inputs are available. At December 31, 2011 and 2010, the Plan's portfolio investments were classified as follows:
