INDEPENDENT AUDITOR'S REPORT

To the Profit Sharing Plan Committee of
Anson Industries, Inc. Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the ANSON INDUSTRIES, INC. PROFIT SHARING PLAN as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule as of December 31, 2011, as listed in the accompanying Table of Contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by The Northern Trust Company and Mass Mutual Retirement Services, the trustees for the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that Mass Mutual Retirement Services held the Plan's investment assets and executed investment transactions from July 1, 2010 to December 31, 2011, and that The Northern Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2010 to October 25, 2010. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ANSON INDUSTRIES, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Anson Industries, Inc. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – Anson Industries, Inc. (the "Company") established the Plan effective December 1, 1968, as a defined contribution savings plan. The Plan is designed to comply with the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), and includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

All full-time salaried office employees of the Company and its subsidiaries, Anning-Johnson Company and Restec Contractors, Inc., who are at least 21 years of age are generally eligible to participate in the Plan after one year of eligible service, as defined.

Contributions – Each year participants may contribute up to 10% of eligible annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes contributions to the Plan in amounts determined at the discretion of the Board of Directors but not to exceed 15% of participants' total earnings. No Company contributions were made during 2011. The Company contributed $330,000 during 2010. Contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. A participant can choose to invest his/her account balance in various funds managed by the Plan's trustee.

Effective July 1, 2010, participant account balances are adjusted on a daily basis for net investment income/loss (including appreciation or depreciation in the fair value of Plan assets). Allocations of Company contributions and forfeitures are based on the participant's level of total compensation and months of service. Allocations of investment income are based on participant account balances. Previously, a participant's account balance was adjusted at the end of each Plan year for allocation of the Company's contribution and forfeitures and quarterly for net investment income/loss (including appreciation or depreciation in the fair value of Plan assets).

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on continuous years of service. Participants begin vesting 20% per year after two years of service. After six years of service, participants become fully vested. They also become fully vested at age 65, if still employed by the Company, and upon death, permanent disability or termination of the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account. Loans issued before July 1, 2010 bear interest at the rate of 9%. Loans issued on or after July 1, 2010 bear interest at prime plus 2%. Principal and interest is paid ratably through payroll deductions.

1. Description of Plan (Cont.)

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments on an installment basis. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – A participant forfeits the nonvested portion of his/her account balance upon termination of employment for any reason other than retirement, permanent disability or death, unless he or she returns to the service of the Company prior to a one-year break in service. Forfeited amounts are allocated among the remaining Plan participants, as provided in the Plan. During 2011, forfeitures in the amount of $102,655 were allocated to participants. No forfeitures were allocated during 2010. At December 31, 2011 and 2010, forfeited nonvested accounts totaled $35,186 and $102,655, respectively.

Expenses – The Plan pays for investment and trustee fees and certain other administrative costs, which are recognized as incurred. The Company pays for certain administrative expenses related to certain employees of the Company who perform administrative and trustee services for the Plan, for which the Plan does not reimburse the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Valuation of Investments – The Plan's investments are stated at fair value as certified by the trustees. Quoted market price of the underlying investments in the registered investment companies are used to determine fair value. The Plan's investment in a guaranteed investment contract is fully benefit-responsive and is reported at fair value as determined by the Plan's trustee. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully-benefit responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis (see Note 9).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (Cont.)

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Fair Value Measurements – In January 2010, the Financial Accounting Standards Board ("FASB") issued guidance in Accounting Standards Update No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements* ("ASU No. 2010-06"). ASU No. 2010-06 amended disclosure requirements related to recurring and nonrecurring fair value measurements. For fiscal years beginning after December 15, 2010, ASU No. 2010-06 requires separate presentation of purchases, sales, issuances and settlements in the Level 3 reconciliation table. The Plan has adopted these disclosure requirements in 2011.

In May 2011, the FASB issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* ("ASU No. 2011-04"), ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan is currently evaluating the impact of ASU No. 2011-04 on its fair value measurements and disclosures and intends on adopting the guidance in 2012.

Payment of Benefits – Benefits are recorded when paid.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

Invesco Mid Cap Core Equity	1,083,134	*

*Investment does not exceed 5%

3. Investments (Cont.)

During 2011 and 2010, the Plan's investments in collective trusts and registered investment companies, including gains and losses on investments bought and sold, as well as held during the year, appreciated (depreciated) in value as follows:

	2011	2010
Common collective trusts	$ -	$ 224,815
Registered investment companies	(1,181,893)	1,450,102
	$ (1,181,893)	$ 1,674,917

4. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in a plan's principal or most advantageous market for the asset or liability. The financial accounting standards also establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The fair value of shares of registered investment companies are determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of the Plan's investment contract with insurance company has been estimated based on a discounted cash flows methodology, utilizing current rates of return available for similar contracts, with comparable credit risks and liquidity, as of the respective financial statement date (Level 3 inputs).

4. Fair Value Measurements (Cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements at Reporting Date Using

4. Fair Value Measurements (Cont.)

Changes in fair value of assets measured on a recurring basis using significant unobservable inputs (Level 3) for the years ended December 31, 2011 and 2010 are as follows:

	2011
Beginning balance	$ 3,442,376
Sales	(1,557,903)
Purchases	1,156,742
Adjustment from fair value to contract value for fully benefit-responsive investment contract	93,824

5. Information Certified by the Plan's Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual Retirement Services, the trustee for the Plan as of December 31, 2011 and for the period July 1, 2010 to December 31, 2011, and The Northern Trust Company, the trustee for the Plan for the period January 1, 2010 and through October 25, 2010, have certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the schedule of assets (held at end of year) as of December 31, 2011, and the related investment income (loss) and interest from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan obtained a determination letter on October 5, 2009, in which the Internal Revenue Service stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator has filed for an updated determination letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

8. Related Party Transactions

Certain investments held by the Plan were shares of funds managed by Mass Mutual Retirement Services and The Northern Trust Company. Mass Mutual Retirement Services was the trustee of the Plan from July 1, 2010 to December 31, 2011 and The Northern Trust Company was the trustee of the Plan for the period January 1, 2010 to October 25, 2010; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan during 2011 and 2010 for legal, accounting, and other professional services rendered by parties-in-interest amounted to $12,775 and $45,331, respectively, and were based on customary and reasonable rates for such services.

9. Investment Contract with Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Mass Mutual Retirement Services ("MMRS"), a division of Massachusetts Mutual Life Insurance Company ("Mass Mutual"). MMRS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the contract is fully benefit-responsive, the contract is included in the statements of net assets available for benefits at fair value as determined using the market approach. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by MMRS. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate were approximately 2.56% and 3.54% for 2011 and 2010, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a regular basis for resetting.

9. Investment Contract with Insurance Company (Cont.)

Certain events limit the Plan's ability to transact at contract value with MMRS. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with plan participants is probable.

10. Subsequent Events

Subsequent events have been evaluated through July 30, 2012, the date which the financial statements were available to be issued.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on the soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
