We were engaged to audit the accompanying statements of net assets available for benefits of Suburban Bus Transportation, Inc. 401(k) Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011 and 2010, and the supplemental schedule of Schedule H, line 4i-Schedule of Assets Held at End of Year as of or for the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the trustee/custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee/custodian holds the plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee/custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee/custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan:

The following description of Suburban Bus Transportation, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as of February 1, 2007 as a defined contribution plan covering all employees of Suburban Bus Transportation, Inc. (the "Company") who have completed 90 days of service. There are no age requirements for participation in the Plan. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2010, the Plan has been amended to be compliant with the Heroes Earnings Assistance and Relief Tax Act of 2009 (HEART act) and the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA) requirements.

The Plan has been amended and restated effective January 1, 2009 to be complaint with the Economic Growth Tax Relief Reconciliation Act of 2001 (EGTRRA) requirements.

Contributions

Participants direct the investments of their contributions into various investment options offered by the Plan. Below are the descriptions of the types of contributions permitted by the Plan:

Elective Contributions: The plan administrator may allow each participant to make elective pre-tax contributions and Roth 401(k) deferral contributions up to the maximum percentage allowable, not to exceed the statutory dollar limit determined by the Internal Revenue Code ($16,500 - 2011 and 2010). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions ($5,500 - 2011 and 2010). The allocation of the contribution to various investment funds of the John Hancock funds family is made at the discretion of the participant.

Rollover Contributions: The Plan administrator may permit a participant to deposit into their account, distributions received from other qualified plans. Such a deposit is called a "rollover" and may result in tax savings to the participant.

Employer Contributions: The Company will make a safe harbor contribution using the basic matching contribution method of 100% of the amount of the participant's elective deferral contributions that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferral contributions that exceed 3% of the participant's compensation but do not exceed 5% of the compensation that a participant contributed to the Plan. The Company made a safe harbor contribution of $61,904 and $57,719 for the years ended December 31, 2011 and 2010, respectively.

Participant Accounts

Each participant's account is credited with their elective pre-tax and after tax contributions, allocations of any Company contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested at 100% in their Elective Contribution Account, Rollover Contribution Account and the Safe Harbor Matching Contribution.

Note 1 - Continued:

Notes Receivable from Participants

Loans are not permitted in the Plan.

Forfeited Accounts

Forfeited nonvested accounts shall be applied to reduce the employer's contributions. There were no forfeitures processed during the years ended December 31, 2011 and 2010 and therefore the forfeiture account balance at both December 31, 2011 and 2010 was $0.

Administrative Expenses

Administrative fees charged by John Hancock Life Insurance Company and Paragon Alliance Group LLC, third party administrator service fees, are deducted from the Plan assets and totaled $9,571 and $7,901 for the years ended December 31, 2011 and 2010, respectively. Other administrative expenses incurred on behalf of the Plan including those expenses associated with accounting, legal, and other administrative services of the Plan are assumed by the Plan Sponsor.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of Suburban Bus Transportation, Inc. 401(k) Plan are presented on the accrual basis of accounting.

Valuation of Investments

Investments of the Plan in John Hancock Life Insurance Company's pooled separate accounts are reported at their fair value based upon their underlying investments. Investments of the Plan total $1,043,544 and $872,843 as of December 31, 2011 and 2010, respectively.

Payment of Benefits

Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Event

Management has evaluated subsequent events through July 26, 2012 the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan Trustee/Custodian:

John Hancock Life Insurance Company, as trustee/custodian of the assets of Suburban Bus Transportation, Inc. 401(k) Plan, has certified the financial information as of and for the Plan years ending December 31, 2011 and 2010 as complete and accurate.

The information certified by John Hancock Life Insurance Company includes the investment assets at fair market value, investment income, and fund activity as of and for the Plan years ending December 31, 2011 and 2010.

Note 4 - Investment Contract with Insurance Company:

Effective May 4, 2007, the Plan entered into an investment contract with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintains the contributions in pooled separate accounts. These accounts are credited with contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock Life Insurance Company. The contract is included in the financial statements at fair market value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses).

Note 5 - Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements,* effective for fiscal years beginning after November 15, 2007, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level III: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts: The Plan owns units of participation in pooled separate accounts. The fair value of each separate account is based on the net asset value (NAV) of shares owned by the separate account in the underlying mutual fund.

Note 5 - Continued:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents, within the fair value hierarchy, the plan's assets at fair value for the years ended December 31, 2011 and 2010.

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

Fixed Income & Equity	--	599,347	--	599,347
Total Assets at Fair Value	$ --	$ 872,843	$ --	$ 872,843

Note 6 - Investments:

The following table represents the individual investment securities that exceed 5% of the Plan's net assets available for benefits at December 31, 2011 and 2010:

	2011 Fair Market Value	2010 Fair Market Value
John Hancock Life Insurance Company:		
Lifestyle Aggressive	$309,588	$267,707
Lifestyle Balanced	398,870	320,688
Lifestyle Growth	261,690	227,363

Note 7 - Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially and adversely affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Tax Status:

The Company adopted a prototype non-standardized 401(k) profit sharing plan with cash or deferred arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008. This letter states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9 - Party-In-Interest Transactions:

Plan investments include shares of various mutual funds managed by John Hancock Life Insurance Company. John Hancock also provides recordkeeping services to the Plan. Since John Hancock is the trustee/custodian as defined by the Plan, administrative fees charged by John Hancock and paid from Plan assets qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services were $9,531 and $7,621 for the Plan years ended December 31, 2011 and 2010, respectively. Additional fees paid by the Plan are for third party administrative services provided by The Paragon Alliance Group, LLC. The Paragon Alliance Group, LLC, handles all compliance testing, advisory services, as well as 5500 tax form preparation. The fees charged by The Paragon Alliance Group, LLC, for distribution processing, for the Plan years ended December 31, 2011 and 2010 were $40 and $280, respectively.

Effective January 1, 2010, the Plan has been amended to be compliant with the Heroes Earnings Assistance and Relief Tax Act of 2009 (HEART act) and the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA) requirements.

The Plan has been amended and restated effective January 1, 2009 to be complaint with the Economic Growth Tax Relief Reconciliation Act of 2001 (EGTRRA) requirements.

Contributions

Participants direct the investments of their contributions into various investment options offered by the Plan. Below are the descriptions of the types of contributions permitted by the Plan:

Elective Contributions: The plan administrator may allow each participant to make elective pre-tax contributions and Roth 401(k) deferral contributions up to the maximum percentage allowable, not to exceed the statutory dollar limit determined by the Internal Revenue Code ($16,500 - 2011 and 2010). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions ($5,500 - 2011 and 2010). The allocation of the contribution to various investment funds of the John Hancock funds family is made at the discretion of the participant.

Rollover Contributions: The Plan administrator may permit a participant to deposit into their account, distributions received from other qualified plans. Such a deposit is called a "rollover" and may result in tax savings to the participant.

Employer Contributions: The Company will make a safe harbor contribution using the basic matching contribution method of 100% of the amount of the participant's elective deferral contributions that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferral contributions that exceed 3% of the participant's compensation but do not exceed 5% of the compensation that a participant contributed to the Plan. The Company made a safe harbor contribution of $61,904 and $57,719 for the years ended December 31, 2011 and 2010, respectively.

Participant Accounts

Each participant's account is credited with their elective pre-tax and after tax contributions, allocations of any Company contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested at 100% in their Elective Contribution Account, Rollover Contribution Account and the Safe Harbor Matching Contribution.

Note 1 - Continued:

Notes Receivable from Participants

Loans are not permitted in the Plan.

Forfeited Accounts

Forfeited nonvested accounts shall be applied to reduce the employer's contributions. There were no forfeitures processed during the years ended December 31, 2011 and 2010 and therefore the forfeiture account balance at both December 31, 2011 and 2010 was $0.

Administrative Expenses

Administrative fees charged by John Hancock Life Insurance Company and Paragon Alliance Group LLC, third party administrator service fees, are deducted from the Plan assets and totaled $9,571 and $7,901 for the years ended December 31, 2011 and 2010, respectively. Other administrative expenses incurred on behalf of the Plan including those expenses associated with accounting, legal, and other administrative services of the Plan are assumed by the Plan Sponsor.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of Suburban Bus Transportation, Inc. 401(k) Plan are presented on the accrual basis of accounting.

Valuation of Investments

Investments of the Plan in John Hancock Life Insurance Company's pooled separate accounts are reported at their fair value based upon their underlying investments. Investments of the Plan total $1,043,544 and $872,843 as of December 31, 2011 and 2010, respectively.

Payment of Benefits

Benefits are recorded when paid.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Event

Management has evaluated subsequent events through July 26, 2012 the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan Trustee/Custodian:

John Hancock Life Insurance Company, as trustee/custodian of the assets of Suburban Bus Transportation, Inc. 401(k) Plan, has certified the financial information as of and for the Plan years ending December 31, 2011 and 2010 as complete and accurate.

The information certified by John Hancock Life Insurance Company includes the investment assets at fair market value, investment income, and fund activity as of and for the Plan years ending December 31, 2011 and 2010.

Note 4 - Investment Contract with Insurance Company:

Effective May 4, 2007, the Plan entered into an investment contract with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintains the contributions in pooled separate accounts. These accounts are credited with contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock Life Insurance Company. The contract is included in the financial statements at fair market value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses).

Note 5 - Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements,* effective for fiscal years beginning after November 15, 2007, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level III: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts: The Plan owns units of participation in pooled separate accounts. The fair value of each separate account is based on the net asset value (NAV) of shares owned by the separate account in the underlying mutual fund.

Note 5 - Continued:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents, within the fair value hierarchy, the plan's assets at fair value for the years ended December 31, 2011 and 2010.

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

Total Assets at Fair Value	$ --	$ 872,843	$ --	$ 872,843

Note 6 - Investments:

The following table represents the individual investment securities that exceed 5% of the Plan's net assets available for benefits at December 31, 2011 and 2010:

	2011 Fair Market Value	2010 Fair Market Value
John Hancock Life Insurance Company:		
Lifestyle Aggressive	$309,588	$267,707
Lifestyle Balanced	398,870	320,688
Lifestyle Growth	261,690	227,363

Note 7 - Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially and adversely affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Tax Status:

The Company adopted a prototype non-standardized 401(k) profit sharing plan with cash or deferred arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008. This letter states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9 - Party-In-Interest Transactions:

Plan investments include shares of various mutual funds managed by John Hancock Life Insurance Company. John Hancock also provides recordkeeping services to the Plan. Since John Hancock is the trustee/custodian as defined by the Plan, administrative fees charged by John Hancock and paid from Plan assets qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services were $9,531 and $7,621 for the Plan years ended December 31, 2011 and 2010, respectively. Additional fees paid by the Plan are for third party administrative services provided by The Paragon Alliance Group, LLC. The Paragon Alliance Group, LLC, handles all compliance testing, advisory services, as well as 5500 tax form preparation. The fees charged by The Paragon Alliance Group, LLC, for distribution processing, for the Plan years ended December 31, 2011 and 2010 were $40 and $280, respectively.

Note 1 - Description of the Plan:

The following description of Suburban Bus Transportation, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as of February 1, 2007 as a defined contribution plan covering all employees of Suburban Bus Transportation, Inc. (the "Company") who have completed 90 days of service. There are no age requirements for participation in the Plan. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2010, the Plan has been amended to be compliant with the Heroes Earnings Assistance and Relief Tax Act of 2009 (HEART act) and the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA) requirements.

The Plan has been amended and restated effective January 1, 2009 to be complaint with the Economic Growth Tax Relief Reconciliation Act of 2001 (EGTRRA) requirements.

Contributions

Participants direct the investments of their contributions into various investment options offered by the Plan. Below are the descriptions of the types of contributions permitted by the Plan:

Elective Contributions: The plan administrator may allow each participant to make elective pre-tax contributions and Roth 401(k) deferral contributions up to the maximum percentage allowable, not to exceed the statutory dollar limit determined by the Internal Revenue Code ($16,500 - 2011 and 2010). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions ($5,500 - 2011 and 2010). The allocation of the contribution to various investment funds of the John Hancock funds family is made at the discretion of the participant.

Rollover Contributions: The Plan administrator may permit a participant to deposit into their account, distributions received from other qualified plans. Such a deposit is called a "rollover" and may result in tax savings to the participant.

Employer Contributions: The Company will make a safe harbor contribution using the basic matching contribution method of 100% of the amount of the participant's elective deferral contributions that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferral contributions that exceed 3% of the participant's compensation but do not exceed 5% of the compensation that a participant contributed to the Plan. The Company made a safe harbor contribution of $61,904 and $57,719 for the years ended December 31, 2011 and 2010, respectively.

Participant Accounts

Each participant's account is credited with their elective pre-tax and after tax contributions, allocations of any Company contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested at 100% in their Elective Contribution Account, Rollover Contribution Account and the Safe Harbor Matching Contribution.

Note 1 - Continued:

Notes Receivable from Participants

Loans are not permitted in the Plan.

Forfeited Accounts

Forfeited nonvested accounts shall be applied to reduce the employer's contributions. There were no forfeitures processed during the years ended December 31, 2011 and 2010 and therefore the forfeiture account balance at both December 31, 2011 and 2010 was $0.

Administrative Expenses

Administrative fees charged by John Hancock Life Insurance Company and Paragon Alliance Group LLC, third party administrator service fees, are deducted from the Plan assets and totaled $9,571 and $7,901 for the years ended December 31, 2011 and 2010, respectively. Other administrative expenses incurred on behalf of the Plan including those expenses associated with accounting, legal, and other administrative services of the Plan are assumed by the Plan Sponsor.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of Suburban Bus Transportation, Inc. 401(k) Plan are presented on the accrual basis of accounting.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Event

Management has evaluated subsequent events through July 26, 2012 the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan Trustee/Custodian:

John Hancock Life Insurance Company, as trustee/custodian of the assets of Suburban Bus Transportation, Inc. 401(k) Plan, has certified the financial information as of and for the Plan years ending December 31, 2011 and 2010 as complete and accurate.

The information certified by John Hancock Life Insurance Company includes the investment assets at fair market value, investment income, and fund activity as of and for the Plan years ending December 31, 2011 and 2010.

Note 4 - Investment Contract with Insurance Company:

Effective May 4, 2007, the Plan entered into an investment contract with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintains the contributions in pooled separate accounts. These accounts are credited with contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock Life Insurance Company. The contract is included in the financial statements at fair market value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses).

Note 5 - Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements,* effective for fiscal years beginning after November 15, 2007, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level III: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts: The Plan owns units of participation in pooled separate accounts. The fair value of each separate account is based on the net asset value (NAV) of shares owned by the separate account in the underlying mutual fund.

Note 5 - Continued:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents, within the fair value hierarchy, the plan's assets at fair value for the years ended December 31, 2011 and 2010.

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

Fixed Income & Equity	--	599,347	--	599,347
Total Assets at Fair Value	$ --	$ 872,843	$ --	$ 872,843

Note 6 - Investments:

The following table represents the individual investment securities that exceed 5% of the Plan's net assets available for benefits at December 31, 2011 and 2010:

	2011 Fair Market Value	2010 Fair Market Value
John Hancock Life Insurance Company:		
Lifestyle Aggressive	$309,588	$267,707
Lifestyle Balanced	398,870	320,688
Lifestyle Growth	261,690	227,363

Note 7 - Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially and adversely affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Tax Status:

The Company adopted a prototype non-standardized 401(k) profit sharing plan with cash or deferred arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008. This letter states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9 - Party-In-Interest Transactions:

Plan investments include shares of various mutual funds managed by John Hancock Life Insurance Company. John Hancock also provides recordkeeping services to the Plan. Since John Hancock is the trustee/custodian as defined by the Plan, administrative fees charged by John Hancock and paid from Plan assets qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services were $9,531 and $7,621 for the Plan years ended December 31, 2011 and 2010, respectively. Additional fees paid by the Plan are for third party administrative services provided by The Paragon Alliance Group, LLC. The Paragon Alliance Group, LLC, handles all compliance testing, advisory services, as well as 5500 tax form preparation. The fees charged by The Paragon Alliance Group, LLC, for distribution processing, for the Plan years ended December 31, 2011 and 2010 were $40 and $280, respectively.
