Notes to Financial Statements

1. Plan Description

The following description of the Advantor Systems 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

- a) *General* – The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of Advantor Systems Corporation (the "Company") who have completed three months of service and are age eighteen or older. Participants may enter the plan on the following dates: January 1, April 1, July 1 and October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan name was amended on January 1, 2011. Prior to January 1, 2011, the name of the Plan was InfrSAFE Inc. 401(k) Savings Plan.

- b) *Contributions* – Each year participants may contribute to the Plan up to 80% of compensation, subject to certain limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans.

For the year ended December 31, 2011, the Company made a matching contribution of 25% of the first 6% of compensation that each participant contributed to the Plan. The matching contributions are discretionary.

Additional profit sharing amounts may be contributed at the discretion of the Company. No such contributions were made for the year ended December 31, 2011.

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Participants may change their investment options at any time via the telephone or website.

- c) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative

Advantor Systems 401(k) Savings Plan

Notes to Financial Statements

expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses may be charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

- d) *Vesting* – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contributions is based on years of service. A participant is vested after 3 years of service for Company matching contributions. Profit sharing contributions vest 20% after two years of service and an additional 20% each year thereafter (100% vested upon 6 years of credited service) or upon the events of death, disability or attaining age 65.
- e) *Notes receivable from Participants* – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.
- f) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may elect to receive the vested accumulated value of their account in a lump sum distribution or installment payment.
- g) *Forfeited accounts* – Forfeitures of nonvested balances may be used to pay administrative expenses or reduce employer contributions. At December 31, 2011 there were \$147 forfeited nonvested accounts of terminees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Advantor Systems 401(k) Savings Plan

Notes to Financial Statements

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs of the Plan are paid directly by the Company.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2011 as of the independent auditors' report on Page 3, which is the date the financial statements were issued. Subsequent events occurring after this date have not been evaluated by management. No material events have occurred since December 31, 2011 that require recognition or disclosure in the financial statements.

Advantor Systems 401(k) Savings Plan

Notes to Financial Statements

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed Investment Contract (GIC) – Valued based on observable inputs including the Plan's assumptions as to what market participants would use in pricing such investments. The value is subject to the general financial condition of the issuer of the investment contract as a component of validating whether the calculated contract value of the guaranteed contract is an accurate value. The GIC is included in Level 2.

Advantor Systems 401(k) Savings Plan

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

<i>Investment Assets at Fair Value as of December 31, 2011</i>				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$3,962,740	\$ –	\$ –	\$3,962,740
Guaranteed investment contract	–	284,272	–	284,272
Total investments at fair value	\$3,962,740	\$284,272	\$ –	\$4,247,012

7. **Guaranteed investment contract (GIC)**

The Plan holds a benefit-responsive investment contract with ING Life Insurance and Annuity Company (ING). The contract underlying this investment option is considered to be fully benefit responsive in accordance with ASC Topic 962.

ING maintains the contributions in a general account. The GIC is included in the financial statements at contract value as reported to the Plan by ING. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

The GIC (ING Fixed Account) is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for 2011 and 2010 was 3.24% and 3.15%, respectively.

Advantor Systems 401(k) Savings Plan

Notes to Financial Statements

8. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. Related Party Transactions

ING is the current recordkeeper and custodian of the Plan and qualifies as a party-in-interest. Fees paid by the Plan for contract administration were \$17,040 in 2011.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

11. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the volume submitter plan with CODA is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
