Note 1 - Description of the Plan and Significant Accounting Policies

The following description of the CTL Thompson, Inc. Savings and Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established July 1, 1991. The Plan is available to employees age 21 years or older. Plan entry dates are monthly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of CTL|Thompson, Inc. (the "Company") has appointed a Board of Trustees to administer the Plan. The Board of Trustees acts as the named fiduciary and the trustee to the Plan. John Hancock Life Insurance Company USA ("John Hancock") serves as custodian and manages Plan assets and offers Plan participants a variety of investment options through various funds. Reptech, Corp. maintains the Plan's records. Individual accounts are invested in the various investment options at the direction of the participants.

As of April 2008, the participants of the Plan were co-employed by the Company and TriNet Group Inc., a Professional Employer Organization ("PEO"). A PEO is an organization that provides outsourcing of payroll, workers' compensation, human resources, and employee benefits administration.

Contributions

Participants may elect pre-tax salary deferral contributions up to 100% of their annual compensation, not to exceed $16,500 as limited by the Internal Revenue Service ("IRS"). Roth contributions are also allowed under the Plan. The Plan permits rollover contributions from other qualified retirement plans. Participant contributions to the Plan are made through regular payroll deductions. Employer contributions are not allowed by the Plan.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, an allocation of the Plan earnings or losses, and administrative expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account. Because each participant's account is comprised of salary deferrals, rollover contributions, and earnings thereon, the participant accounts are always 100% vested.

Participant Loans

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The maximum loan term is 60 months unless the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 5.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator at inception of the loan, and mature at various dates through December 2016. Principal and interest is paid ratably through payroll deductions.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payments of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or monthly, semi-annual, or annual installments equal to or exceeding the annual required minimum distribution amount. Participants may elect in-service distributions after age 59 1/2. Benefits are recorded when paid. Hardship distributions are allowed upon proof of an immediate and heavy financial need, as defined. Employee contributions must be suspended for a period of six months after this type of distribution has been made.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value.

Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

In accordance with generally accepted accounting principles relating to fully benefit-responsive investment contracts, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by generally accepted accounting principles, the statements of net assets available for benefits present the fair value of the investment as of December 31, 2011. No adjustment was required as of December 31, 2011 or 2010, as contract value approximated the fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risk and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Note 2 - Assets Certified by John Hancock

John Hancock has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant notes receivable at amortized cost as of December 31, 2011 and 2010 and the income earned or losses incurred thereon for the year ended December 31, 2011, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the Plan custodian, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair values of investments greater than 5% of net assets were the following:

	December 31,			
	2011		2010	
JH Lifestyle Fund - Aggressive Portfolio	$ 646,301		$ 811,261	
JH John Hancock Stable Value Fund	$ 589,138		$ 378,512	
JH Lifestyle Fund - Growth Portfolio	$ 454,529		$ 484,208	
JH Lifestyle Fund - Balanced Portfolio	$ 300,723		$ 281,622	
American Funds AM Balanced	$ 234,707		$ 219,414	
Small Company Value Fund	$ 216,476		$ 234,788	
JH Lifestyle Fund - Moderate Portfolio	$ 197,291		$ 192,488	*
JH American Funds Europacific Growth Fund	$ 146,028	*	$ 211,469	

* Indicates investments less than 5% of net assets available for the respective year.

Note 2 - Assets Certified by John Hancock (continued)

The Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	$ (36,775)
Pooled separate accounts	(75,486)
Stable value fund	6,790
	$ (105,471)

Note 3 - Fair Value Accounting

Generally accepted accounting principals require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2011 and 2010 for each of the fair value hierarchy levels.

As of December 31, 2011:

Description	Level 1	Level 2	Level 3	Total
Mutual funds

Total	$ 1,686,626	$ 2,050,609	$ -	$ 3,737,235

Note 3 - Fair Value Accounting (continued)

As of December 31, 2010:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Large	$ 1,295,469	$ -	$ -	$ 1,295,469
Moderate	281,622	-	-	281,622
Conservative	293,602	-	-	293,602

Income	-	241,027	-	241,027
Stable value fund	-	378,512	-	378,512
Total	$ 1,870,693	$ 1,988,780	$ -	$ 3,859,473

The valuation technique used to measure the fair value of the mutual funds was based upon quoted prices in active markets for identical assets.

The valuation technique used to measure fair value of the pooled separate accounts and stable value fund was based on the custodian's measurement of fair value of the investments comprising the separate or underlying funds.

There were no changes to the valuation techniques used during the year ended December 31, 2011.

Reported Net Asset Values

The following table for December 31, 2011 sets forth a summary of the Plan's Level 2 investments with a reported net asset value.

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Stable value fund					
Stable value fund (a)	$ 589,138	$ -	Immediate	N/A	1 day
Total	$ 589,138	$ -			

The following table for December 31, 2010 sets forth a summary of the Plan's Level 2 investments with a reported net asset value.

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Stable value fund					
Stable value fund (a)	$ 378,512	$ -	Immediate	N/A	1 day
Total	$ 378,512	$ -			

Note 3 - Fair Value Accounting (continued)

(a) The stable value fund seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals while maintaining a competitive rate of interest. The fund will invest primarily in diversified fixed income mutual funds, separately managed bond accounts, and book value stabilizing agreements to provide high current income and to offset price fluctuations associated with fixed income investments.

Note 4 - Income Taxes

The IRS has determined and informed the Company by letter dated July 1, 2005 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The determination letter does not cover subsequent amendments; however, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 7 - Related Party Transactions

Certain Plan investments are mutual funds, pooled separate accounts, and a stable value fund managed by John Hancock. John Hancock is the Plan custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rule.

Note 8 - Subsequent Events

The Plan has evaluated all subsequent events through July 25, 2012, which is the date the financial statements were available to be issued.
