THE PREMIER HOME HEALTH CARE SERVICES, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

1. DESCRIPTION OF PLAN:

The following description of The Premier Home Health Care Services, Inc. 401(k) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering employees of Premier Home Health Care Services, Inc. and its wholly-owned subsidiaries; Premier Home Health Care of Massachusetts, Inc., Helping Hearts Senior Home Care, Inc., Maranatha Home Care, Inc. d/b/a A Better Health Care, Priority Home Care, Inc. and its wholly owned subsidiaries Barele, Inc. d/b/a Omega Home Health Services and At Home, LTD, and Premier Live-Ins (the "Companies"), who have at least one year of service and are age 21 or older. Initial entry date into the Plan is the first day of each May and November after the participant has completed the necessary eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible plan participants may contribute through salary reduction up to fifteen (15) percent of annual compensation as defined by the Plan, subject to annual IRS limits. The Companies are not required to make mandatory matching contributions but may make discretionary contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and Plan earnings and charged with an allocation of administrative expenses. Participant benefits are funded exclusively from the individual participant's account.

1. DESCRIPTION OF PLAN (continued):

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Vesting in Company discretionary matching contributions plus actual earnings thereon are based on years of continuous service. Such contributions, if any, vest in accordance with the Plan's vesting schedule wherein the vesting percent increases by 20% for each year of eligible employment between 2 and 6 years, whereupon a participant is 100% vested after six years of credited service.

Participant loans

Participant employees of the former Barele, Inc. d/b/a Omega Home Health Services Employee Savings Trust were allowed to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their total fund accounts through their Plan year ended December 31, 2007. Effective January 1, 2008, loans were no longer permitted. These prior Plan participant loans were merged into the Premier 401 (k) Plan effective June 5, 2009. The Premier 401(k) Plan is allowing the pre-merger loan balances to be repaid in accordance with the original loan time table until the existing loans are repaid in full. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan administrator. Interest rates range from 6.75% to 8.25%. Principal and interest are paid ratably through payroll deductions. Participant loans are stated at contract value, which approximates fair value.

Forfeited accounts

Forfeitures result from a participant's termination of service prior to achieving full vesting in the Company's contributions. Such forfeitures are transferred out of the participant's account and are held in a separate account. Forfeitures are used at the discretion of the Companies to reduce the Companies' discretionary matching contribution and or administrative expenses.

1. DESCRIPTION OF PLAN (continued):

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount, a direct transfer to another qualified retirement account, or a combination of the two, equal to the participant's vested interest in his or her account, or periodic installments over a designated period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Investment options

The assets of the Plan are allocated to the various investment funds at the direction of the participant. Upon enrollment, a participant may direct his or her 401(k) contributions in their chosen increments in any of the various investment options offered under a group annuity contract issued by John Hancock Life Insurance Company of New York.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting and in accordance with US generally accepted accounting principles (GAAP).

Investment and securities transactions

The Plan's investments are stated at fair value as determined and certified to by the trustee, using market quotations. Securities are valued at the last reported sales price on the last business day of the Plan's year. Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Investment and securities transactions (continued):

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined – contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Fair value measurements

The Plan adopted GAAP concept of *Fair Value Measurements*. In accordance with GAAP, fair value is defined as the price that the Plan would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. GAAP establishes a three-tier hierarchy for measuring fair value of assets and liabilities. The three-tier hierarchy of inputs is summarized in three broad levels: Level 1 - quoted prices in active markets for identical securities, Level 2 - other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.) and Level 3 - significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Accounting methods

Net Assets Available for Benefits and Changes in Net Assets Available for Benefits differ from that reported on Internal Revenue Service Form 5500, *Annual Return/Report of Employee Benefit Plans*. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 8 for a reconciliation of the financial statements to Form 5500.

Payment of benefits

Benefits are recorded when paid.

3. INVESTMENTS:

The Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010, and the accompanying notes to the financial statements were prepared in part from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $1,913,246 and $1,687,925 at December 31, 2010 and 2009, and related investment gains of $221,304 for the year ended December 31, 2010.

4. INVESTMENT IN STABLE VALUE CONTRACTS:

The Plan maintains an investment in stable value contracts, the 3Yr, 5Yr, and 10Yr Compound Funds. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contracts are included in the financial statements at contract value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses) because it is fully benefit responsive. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

4. INVESTMENT IN STABLE VALUE CONTRACTS (continued):

The fair value of the investment contracts at December 31, 2010 was $97,079. The average yield and crediting interest rate was approximately 1 to 3 percent for 2010. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero.

The Plan sponsor believes that the Plan qualifies and operates as designed.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. DISTRIBUTIONS PAYABLE:

At December 31, 2010 and 2009, net assets available for plan benefits included $203,604 and $81,104, respectively, for distributions to participants who have withdrawn from the Plan prior to the end of the Plan year.

12. ADMINISTRATIVE EXPENSES:

The Companies that sponsor the Plan have generally paid the expenses of the Plan, including audit fees and consulting services. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain expenses are charged to participant's accounts, however, such as distribution processing fees.

13. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through August 12, 2011, which is the date the financial statements are available for issuance.
