SUBSIDIARIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
October 29, 2011 and October 30, 2010

NOTE 1: DESCRIPTION OF PLAN

The following description of the Transhumance Inc. & Subsidiaries 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Transhumance Inc. & Subsidiaries 401(k) Plan became effective November 2, 1997, to provide retirement benefits for employees of Transhumance Holding Company, Inc. (the "Plan Sponsor") and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants may choose to invest their account balance in any one or combination of various investment options. Principal Trust Company serves as the Plan Trustee.

The Plan is a defined contribution plan covering all full-time, non-union employees.

Plan Year

The Plan has adopted a 52-week/53-week plan year, which ends on the Saturday closest to October 31. The Plan year corresponds with the Plan Sponsor's accounting year-end.

Eligibility

Employees of the Plan Sponsor and its participating subsidiaries are eligible to participate in the Plan. Employees are eligible to participate in the Plan on the first day of the fiscal quarter coinciding with, or next following, the date the employee commences service with the Plan Sponsor. To be eligible an employee must be at least 18 years of age.

Vesting

Participants are 100% vested in their salary deferrals and fully vested in Plan Sponsor contributions upon the completion of three years of credited service.

Contributions

The Plan allows for the following types of contributions:

- ***Employee Salary Deferral 401(k) Contributions***
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code") where each employee may elect to have their compensation reduced up to the maximum amount allowable, not to exceed the limits of Code Section 401(k). These contributions are subject to nondiscrimination tests prescribed by the Plan agreement.

- ***Discretionary Employer Matching Contributions***
  The Plan Sponsor may match participant contributions equal to 100% of the participants' salary reduction, to a maximum of 2% of the participants' compensation. The Plan Sponsor made no matching contributions to the Plan in 2011 or 2010.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- ***Safe Harbor Matching Contributions***
  The Plan Sponsor will contribute safe harbor matching contributions in the form of cash or Plan Sponsor stock up to 100% of participant salary deferrals, limited to 3% of compensation, plus 50% of the excess over 3% up to 5% of compensation. Safe harbor matching contributions will be made to the Plan Sponsor's Employee Stock Ownership Plan. The Plan Sponsor made matching contributions of $247,758 and $245,316 in 2011 and 2010, respectively.

- ***Employer Discretionary Contributions***
  A contribution may be made at the discretion of the employer without regard to the employer's current or accumulated profits. In 2011 and 2010, the Plan Sponsor elected not to make discretionary contributions.

Allocations
Investment earnings and losses are allocated to each participant's account based on actual activity of their selected investments.

Participant Accounts
An account is maintained for each participant that consists of contributions, and the participant's share of investment gains (losses), interest and dividends, less any distributions to the participant.

Forfeitures
Forfeitures are first used for payment of administrative expenses and then may be used to reduce employer contributions. Forfeitures of $5,081 and $8,611 were used for payment of administrative expenses in 2011 and 2010, respectively. Forfeitures of $17,431 and $22,130 were available for payment of administrative expenses or reduction of employer contributions at October 29, 2011 and October 30, 2010, respectively.

Distributions
Vested benefits are distributable from Plan assets for hardships, in-service early distribution, upon retirement (age 65), termination, death or disability. The manner of distribution is determined by the trustees as either: (1) a lump sum, (2) installments not to exceed five years, (3) or a combination of the above.

Retirement
Normal retirement under the Plan is age 65.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Risks and Uncertainties
The Plan invests in various mutual funds, pooled separate accounts, and common collective trusts. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Investment Valuation and Income Recognition

Investments in securities are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the unit values of investments are reflected in each participant's self directed account. Investments are valued daily.

Income Taxes

The Plan obtained its latest determination letter on July 6, 2009 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of October 29, 2011 there are no uncertain tax positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2007.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2010 financial statements in order to conform to the 2011 presentation.

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards for Fair Value Measurements establish a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted market prices for identical or similar assets or liabilities in active or inactive markets or inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 29, 2011 and October 30, 2010.

Mutual Funds: Mutual funds are valued using quoted market prices available on active markets.

Pooled Separate Accounts: Pooled separate accounts invest mainly in mutual funds and stocks, both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

Common Collective Trust: Common collective trust represents the Plan's investment in the Principal Stable Value Fund. This is a common collective trust for which the net asset value is based on the market value of its underlying investments. The fund contains synthetic investment contracts comprised of both underlying investment and contractual components. Contract value represents invested principal plus accrued interest. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 29, 2011:

	Assets at Fair Value as of October 29, 2011

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 30, 2010:

	Assets at Fair Value as of October 30, 2010

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended October 29, 2011:

	Pooled Separate Accounts
Beginning balance, October 31, 2010	$ 1,388
Total gains (realized and unrealized) included in changes in assets available for benefits	372
Purchases	738
Transfer to Level 2	(2,498)
Ending balance, October 29, 2011	$ -

The fixed income pooled separate account valued using Level 3 inputs represents the Plan's investment in the Principal U.S. Property Account. The account invests mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. Until March 25, 2011 this account had a temporary withdrawal limitation as Principal implemented a pre-existing contractual limitation to delay certain withdrawal requests. In accordance with accounting standards, if an investment using net asset value as a practical expedient to estimate fair value cannot be redeemed at the measurement date, but may be redeemable in the future, at an uncertain date, the investment shall be categorized as a Level 3 fair value measurement. Once the withdrawal limitation was revoked and the investment could be redeemed at net asset value as of the measurement date, the investment met qualification for Level 2 fair value measurement.

NOTE 7: **RELATED-PARTY TRANSACTIONS**

Certain Plan investments are units of pooled separate accounts and common collective trusts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to Principal Life Insurance Company, the record keeper and third party administrator of the Plan. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 13, 2012, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed other than the matter described below.

The Plan document was restated for regulatory purposes effective October 30, 2011. The Plan obtained its latest determination letter on April 17, 2012 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.
