Independent Auditors' Report

To the Plan Administrator and Participants
Creative & Response Research Services, Inc. Profit Sharing and 401(k) Plan
Chicago, Illinois

We were engaged to audit the accompanying statement of net assets available for benefits of Creative & Response Research Services, Inc. Profit Sharing and 401(k) Plan as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated September 2, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Profit Sharing and 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Creative & Response Research Services, Inc. (the "Company") Profit Sharing and 401(k) Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Company. Employees may make elective deferrals upon completing 3 months of service. In order to receive non-elective Company contributions, employees must complete one year of service. The Plan is subject to the provisions of ERISA.

Contributions: Participants may make pre-tax and after-tax contributions, which, in the aggregate, may not exceed 80% of their annual base pay and are subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the Participant's elective deferrals. In 2011, the Company made matching contributions equal to 50% of the first 4% of base compensation.

Additional profit sharing amounts may be contributed annually at the option of the Company. Profit sharing contributions are allocated to eligible participants who are employed as of the last day of the year in the same ratio as each Participant's compensation bears to the total of such compensation of all participants. There were no profit sharing contributions in 2011.

In order to maintain the tax status of the Plan, the plan sponsor was required to make qualified nonelective contributions in 2011 and 2010. These required contributions approximated $173,000 and $169,000 for 2011 and 2010, respectively, and any portion not paid to participants at year end is included in the employer contribution receivable on the statement of net assets available for benefits. Company contributions of $91,030 and $85,957 were properly remitted to the plan in 2012 and 2011, respectively.

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective trust funds as investment options for participants.

Notes to Financial Statements

Note 1. Description of Plan (cont.)

Participant Accounts: Each participant's account is credited with the participant's contributions, employer contributions, allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution and discretionary profit sharing contribution (and earnings thereon) is based on years of continuous service. Participants vest over a 6 year graded schedule: 1 year-10%; 2 years-20%; 3 years-40%; 4years-60%; 5 years-80%; 6 years-100%.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator at the inception of each loan. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits: On termination of service due to death, disability, separation or retirement, a participant may elect to receive a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. In addition, in-service withdrawals are allowed after participants reach age 59 ½ or in cases of financial hardship.

The Plan has the ability to make automatic distributions without participant consent for terminated participants that fail to affirmatively elect a distribution and have a vested account balance under $1,000.

Forfeited Accounts: At December 31, 2011 and 2010 forfeited non-vested accounts totaled $8,859 and $14,706, respectively. Forfeitures are allocated annually to all remaining participants who are eligible to share in profit sharing contributions. The forfeitures are allocated to eligible participants in the same ratio that each participant's compensation bears to the total of such compensation of all participants. During 2011, non-vested forfeited accounts amounting to $14,706 were allocated to participants.

Notes to Financial Statements

Note 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain administrative expenses are paid by the Company. Other expenses are paid by the Plan.

Notes to Financial Statements

Note 2. Summary of Accounting Policies (cont.)

New Accounting Pronouncements: In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-06, *Fair Value Measurements and Disclosures*, which amends Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for Level 1 and 2 investments, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which are effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2011 and 2010. The adoption did not materially affect the Plan's financial statements.

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards*, which amends ASC 820. ASU 2011-04 also requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, the ASU provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The adoption is not expected to have a material effect on the financial statements of the Plan.

Reclassifications: Certain items in the prior year financial statements were reclassified to conform to the current year presentation.

Subsequent events: The Plan has evaluated subsequent events through August 8, 2012, the date the financial statements were issued.

Note 3. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

During the year ended December 31, 2011, the Plan's investments depreciated (including gains and losses on investments bought and sold, as well as held during the year) as follows:

	2011
Mutual funds	($ 303,048)
Common/collective trusts	15,361
Total depreciation	($ 287,687)

Note 4. Fair Value Measurement

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note 4. Fair Value Measurement (cont.)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust funds: Common trust funds represent investments with various investment managers. Units held in common trusts, including stable asset funds, are valued at the unit value as reported by the investment managers at year end. There were no unfunded commitments and no redemption limitations or notice periods.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurement (cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

Notes to Financial Statements

Note 5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

	2011	2010
Mutual funds	$ 7,060,638	$ 6,937,269
Common/collective trusts (at contract value)	2,220,300	2,248,637
	$ 9,280,938	$ 9,185,906
Notes receivable from participants	$ 270,719	$ 298,214

State Street Bank and Trust Company also certified to the completeness and accuracy of $287,687 of net depreciation in fair value of investments and $180,339 of interest and dividends related to the aforementioned investments for the year ended December 31, 2011.

Note 6. Related-Party Transactions

State Street Bank and Trust Company is the non-discretionary trustee as defined by the Plan. Administrative expenses of $1,498 were paid to State Street Bank and Trust Company in 2011. These transactions qualify as exempt party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The Company has adopted a prototype plan. The prototype plan has received a determination letter from the Internal Revenue Service, dated March 31, 2008, stating that the Plan is qualified under the appropriate sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 8. Tax Status (cont.)

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to the applicable statute of limitations.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500:
