ANDERSON DAYMON WORLDWIDE, LLC 401(K) RETIREMENT PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1 DESCRIPTION OF PLAN

The following description of Anderson Daymon Worldwide, LLC 401(k) Retirement Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective December 31, 1985. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective January 1, 2009 and amended on December 6, 2010. The Plan covers all eligible employees of Anderson Daymon Worldwide, LLC (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to make salary deferrals if they have attained the age of 21 and have completed at least six months of service. Participants are eligible for matching contributions when they have attained the age of 21 and completed one year of service with a minimum of 1,000 hours. Employees enter the Plan on the first day of the calendar quarter that follows the completion of the eligibility requirement.

Contributions

Participants may elect to have the Company contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. Effective January 1, 2008, the Plan was amended to permit Roth elective deferrals. Effective September 27, 2010, the Plan was amended to allow In-Plan Roth Conversions. The Plan allows for additional catch-up contributions for those participants age 50 and over. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions. The Company is required by the Plan document to make matching contributions in an amount equal to 50% of the participants' contributions. The match is limited to the first 6% of a participant's annual compensation contributed to the Plan. In addition to the required matching contribution described above, the employer may contribute additional matching and profit sharing contributions. No additional profit sharing contributions were made for the years ended December 31, 2011 and 2010. The participant must complete 1,000 hours of service and be employed on the last day of the Plan year in order to be eligible to receive the discretionary contributions. All Company contributions are invested in the same investment options as elected by employees for their contributions. Company contributions of \$386,913 and \$372,541 were made during the years ended December 31, 2011 and 2010, respectively.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan earnings or losses, and an allocation of any employer contributions. Allocation of the employer matching contributions is based on participant contributions, and profit sharing contributions, if any, are allocated based on employee's pay. Income is daily allocated based on the shares in the participant's accounts. Additionally, each participant's account may be charged with an allocation of Plan expenses.

Vesting

Participants are immediately vested in their voluntary salary deferral and rollover contributions and related earnings. Vesting in the Company's contributions plus related earnings is based on years of continuous service. A participant vests 20% of their fixed and discretionary matching contributions each year beginning after two years and reaches 100% vesting after six years of credited service. Upon reaching normal retirement age, or in the event of death or disability, participants become fully vested in all benefits.

Benefit Payments

On termination of service due to death, disability, retirement (age 65), or separation, a participant may elect to receive either a lump-sum distribution or installment payment under various options. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. There were no amounts owed to terminated and withdrawn participants at December 31, 2011 and 2010.

Forfeited Accounts

Forfeited non-vested accounts are first used to reduce Company contributions with any remainder of any forfeitures allocated as an additional employer profit sharing contribution. There were \$3,272 and \$4,485 of forfeitures used to pay Company contributions for the years ended December 31, 2011 and 2010, respectively. There were no forfeitures available to offset future contributions as of December 31, 2011 and 2010.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2011 as compared to 2010.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in money market and mutual funds are valued at the net assets value of shares held by the Plan at year-end. Investments in common stocks and exchange-traded funds are valued at the closing price reported in the active market in which the individual security is traded.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments of the Plan are held by Wilmington Trust (the Custodian), and are invested solely upon instructions received from participants. The Plan offers a selection of investment options. Additionally, the Plan permits participants to self-direct the investment of their account balance in any investment desired, within certain specified limitations. At December 31, 2011 and 2010, three Plan participants had self-directed accounts that were invested in stocks, exchange-traded funds, and money market funds. The total investment balance in these accounts was \$447,784 and \$437,028 at December 31, 2011 and 2010, respectively.

Administrative Expenses

The Plan is administered by Trautmann, Maher & Associates. Substantially all expenses incurred for the ordinary and necessary administration of the Plan and expenses for investment advisory services are paid through the Plan and have been allocated to participant accounts based on their account balances. The Company provides certain administrative services to the Plan at no charge.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 18, 2012, the date the financial statements were available to be issued.

Reclassifications

Certain amounts in the 2010 financial statements have been reclassified to conform with the 2011 presentation. These reclassifications do not affect net assets available for benefits as previously reported.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Custodian has supplied the Plan administrator with a certification as to the completeness and accuracy of all cash and investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2011.

ANDERSON DAYMON WORLDWIDE, LLC 401(K) RETIREMENT PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated June 23, 2010 received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Wilmington Trust. Wilmington Trust is the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$9,899 and \$8,090 for the years ended December 31, 2011 and 2010, respectively.
