MORTARA INSTRUMENT, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Mortara Instrument, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is intended to meet the requirements of Section 401(a) of the Internal Revenue Code ("IRC") and qualify as a defined contribution plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. It was established to provide retirement benefits to eligible employees of Mortara Instrument, Inc. (the "Employer"). The assets of the Plan are held for the exclusive benefit of the participating employees. An employee is eligible to participate in the elective deferral and employer matching portion of the Plan after reaching 21 years of age and completing 249 hours of service within a three month period. If an individual does not complete the 249 hours of service, they will become eligible when they have completed 1,000 hours of service within a twelve month period. Participants are eligible to join the Plan on the first day of a plan quarter.

Additionally, an employee eligible to participate in the Employer discretionary profit-sharing contribution is defined as any employee who has completed at least 1,000 hours of eligible service during the year and is employed on the last day of the plan year or was an active participant at some time during the plan year and retired, died or became totally disabled, as defined by the Plan, during the plan year.

2. Contributions

Participants are permitted to make elective pre-tax deferrals pursuant to a salary reduction agreement that authorizes the Employer to defer wages, subject to certain limitations, through this Plan. Participants could contribute up to $16,500 in 2011 and 2010. In addition, participants age 50 or over could make catch-up contributions up to an additional $5,500 in 2011 and 2010. The Employer made matching contributions in an amount equal to 100% of the first 5% of each participant's elective deferral and 50% of the next 5% of the participant's elective deferral in 2011 and 100% of the first 5% of each participant's elective deferral and 25% of the next 5% of the participant's elective deferral in 2010.

The Employer may make additional discretionary contributions to the Plan. There were no discretionary contributions made in 2011 and 2010.

3. Participant Accounts

Each participant's account is credited or charged with the participant's contribution and the Employer's matching contribution, an allocation of the Employer's discretionary contribution based on participant compensation and an allocation of investment income or loss. Participants share pro rata in any investment income or loss of the funds based upon individual participant account balances in the respective funds as of the end of each day.

Participants direct the investment of all employee and employer contributions into various investment options offered by the Plan.

NOTE A - DESCRIPTION OF THE PLAN - Continued

4. Vesting

Participants are immediately vested in their employee elective deferral contributions, catch-up contributions and rollover contributions and the earnings thereon. Employer matching and discretionary contributions and the earnings thereon become fully vested and non-forfeitable upon normal retirement, disability or death. A participant who terminates, for any reason other than the above, but has completed one or more years of service shall have a non-forfeitable right to a percentage of the accrued benefit derived from employer contributions in accordance with the following schedule:

Years of service	Percentage vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeitures arising from terminating participants who are not fully vested shall be used to pay administrative fees or offset the Employer's matching contribution. At December 31, 2011 and 2010, forfeited non-vested accounts totaled $44,115 and $0, respectively. Employer contributions were reduced by $32,031 and $31,538 from forfeited nonvested accounts during the years ended December 31, 2011 and 2010, respectively.

5. Payment of Benefits

Upon retirement, disability, termination or death, payment of a participant's vested benefit will be made in a single lump sum payment. Hardship withdrawals are permitted under certain circumstances.

6. Notes Receivable from Participants

With the approval of the plan administrator, participants may obtain loans against their account for a minimum of $1,000 up to a maximum equal to $10,000 or 50% of the participant's account balance. Loans must be repaid at least quarterly within five years. The interest rate and loan terms are fixed at the inception of each loan based on the requirements in the plan document. As of December 31, 2011, outstanding loans had interest rates ranging from 4.25% to 8.75%.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

2. Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's realized gains and losses on investments bought and sold during the year, as well as the Plan's unrealized gains and losses on investments held as of the end of the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable are treated as distributions based upon the term of the plan document.

5. Benefits Paid to Participants

Benefits are recorded when paid.

6. Administrative Expenses

The Plan is responsible for all administrative fees charged by the trustee relating to loan origination and monthly fees that are incurred for administering the Plan. These administrative expenses are expensed as incurred. Other plan expenses are paid by the Company.

NOTE C - INVESTMENTS

The fair values of individual investments that represent five percent or more of the Plan's net assets at December 31 are as follows:

	2011	2010
Pooled separate accounts		
MFC Lifestyle - Balanced Fund	$ 2,543,193	$ 2,811,814
MFC Lifestyle - Growth Fund	3,859,340	3,715,867
MFC Lifestyle - Aggressive Fund	1,259,701	1,503,974
Oppenheimer Developing Market Fund	911,904	1,176,960
American Funds - The Growth Fund of America	901,896	926,392
MFC Money Market Fund	777,866	886,688
T. Rowe Price Equity Income Fund	808,133	*

* represents less than 5% of the Plan's net assets

The net depreciation in fair value of pooled separate accounts (including investments bought, sold and held during the year) is $710,941 for the year ended December 31, 2011.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan records investments at fair value using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels for the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2011 and 2010.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Pooled separate accounts: Valued based on the net asset value of the fund shares, which is calculated based on the valuation of the funds' underlying investments at fair value at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31 (Level 1, 2 and 3 inputs are defined above):

	2011			
	Level 1	Level 2	Level 3	Total

NOTE D - FAIR VALUE MEASUREMENTS - continued

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

	2011			
	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts				
Asset allocation funds	$ 9,589,278	$ -	Daily	Daily
Aggressive growth funds	1,364,427	-	Daily	Daily
Growth funds	1,118,915	-	Daily	Daily
Growth and income funds	1,084,285	-	Daily	Daily
Income funds	342,892	-	Daily	Daily
Conservative funds	777,866	-	Daily	Daily

	2010

Asset allocation funds	$ 9,396,283	$ -	Daily	Daily
Aggressive growth funds	1,508,402	-	Daily	Daily
Growth funds	1,116,334	-	Daily	Daily
Growth and income funds	924,721	-	Daily	Daily
Income funds	278,360	-	Daily	Daily
Conservative funds	886,688	-	Daily	Daily

Aggressive growth and growth fund pooled separate accounts include investments that invest in companies the account believes have above-average growth potential (stocks of these companies are often called "growth stocks"). Most underlying holdings are in domestic common stocks. The accounts may make limited use of futures and/or options for the purpose of maintaining equity exposure. These accounts may participate in securities lending.

Asset allocation funds target a lifestyle or life cycle. A lifestyle fund features an asset mix determined by the level of risk and return selected by the investor. A life cycle fund will adjust its asset allocation automatically over time to become more conservative as an expected retirement date approaches.

Growth and income funds and income funds seek to provide stability of principal and income generation through investments in fixed income securities with a smaller emphasis on the pursuit of capital growth through investment in stocks.

Conservative funds seek to protect principal while providing a higher rate of return than shorter maturity investments. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

NOTE E - FINANCIAL DATA CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

(a) Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2011 and 2010.

(b) Investment loss and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

(c) Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2011.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The Plan periodically invests in pooled separate accounts managed by the trustee. In addition, the Company holds notes receivable from participants. These transactions are not considered prohibited transactions by statutory exemptions under ERISA regulations.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue the contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants' account balances shall become fully vested.

NOTE H - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Due to the level of risks associated with certain investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - TAX STATUS

The Employer adopted the prototype Non-Standardized 401(k)/Profit Sharing Plan of John Hancock Insurance Company, which received a determination letter dated September 5, 2003, in which the Internal Revenue Service has ruled that the prototype plan qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax laws. The Plan has not received a determination letter specific to the Plan itself.

The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE J - SUBSEQUENT EVENT

The Plan evaluated its December 31, 2011 financial statements for subsequent events through July 19, 2012, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
