INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Trustees
Gutchess Lumber Employee Stock Ownership Plan
Cortland, New York

We have audited the accompanying statements of net assets available for benefits of the Gutchess Lumber Employee Stock Ownership Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Gutchess Lumber Employee Stock Ownership Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

McGladrey Alliance is a premier affiliation of independent accounting and consulting firms. McGladrey Alliance member firms maintain their name, autonomy and independence and are responsible for their own client fee arrangements, delivery of services and maintenance of client relationships.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2011, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

GUTCHESS LUMBER EMPLOYEE STOCK OWNERSHIP PLAN

December 31, 2011 and 2010

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Gutchess Lumber Employee Stock Ownership Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: Gutchess Lumber Company, Inc. ("the Company") established the Plan effective as of January 1, 2002. The Plan operates, in relevant part, as a leveraged employee stock ownership plan ("ESOP"), and is designed to comply with the Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee comprising of two persons appointed by the Company's Board of Directors. In addition, the members of the committee serve as Trustees for the ESOP.

The Plan purchased Company Common Stock using the proceeds from two term loans (see Note E) between the Company and the ESOP. The Common Stock is held in a trust established under the Plan. The borrowings are to be repaid over a period of ten years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowings are collateralized by the unallocated shares of Common Stock. The Company has no rights against shares of Common Stock once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2011 and 2010 and for the year ended December 31, 2011 present separately the assets and liabilities and changes therein pertaining to:

a. the accounts of employees with vested rights in allocated Common Stock (allocated) and;

b. Common Stock not yet allocated to employees (unallocated).

Eligibility: The Plan is a defined contribution plan covering all employees of the Company not classified as excludable employees, who have completed one year of service with a minimum of 1,000 hours of service during the Plan year and have attained the age of twenty-one. An employee is eligible to enter the Plan on the first day of the Plan year during which the employee satisfies the eligibility requirements if they meet the requirements during the first six months of the Plan year. If the employee satisfies the requirements in the last six months of the Plan year, their entry date will be the first day of the Plan year following the date they satisfy the eligibility requirements. Participants are eligible to receive an allocation of Company discretionary contributions if they have completed a year of service and are actively employed on the last day of the Plan year.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Contributions: The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loans. A participant's share of the contribution is based on the ratio of each participant's eligible compensation to the aggregate of all participants' eligible compensation. Participant contributions are not permitted. Contributions are subject to limitations determined by the Internal Revenue Service (IRS). The Company made contributions of $2,172,456 in 2011.

Participant Accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's Common Stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting: Vesting in the Company's contributions plus earnings thereon is based on years of credited service. A participant is fully vested after five years of credited service (three years effective for contributions made after December 31, 2012).

Payment of Benefits: No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes disabled, or otherwise terminates employment with the Company. The Plan allows for lump-sum payment or installment payments over a period of not more than a participant's life expectancy (or the joint life expectancy of the participant's designated beneficiary), equal to the participant's vested balance. Under certain circumstances the Company may elect to pay benefits over a period of five years. If a participant's vested account balance does not exceed $1,000, and the participant fails to make a distribution election, then the benefit will be distributed in a single lump-sum payment. If a participant's vested account balance exceeds $1,000, the participant may elect to receive a distribution as a single lump-sum payment or installments as discussed previously.

Forfeitures: Forfeitures are first made available to reinstate previously forfeited account balances of former participants re-employed before five consecutive one-year breaks in service. Remaining forfeitures are allocated to those participants eligible to share in the allocation of Company discretionary contributions in a manner that is based on the participant's compensation for the year. There were $100,786 and $89,840 of forfeitures allocated in 2011 and 2010, respectively.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Put Option: Under Federal income tax regulations, employer stock that is held by the Plan and its participants and is not readily tradeable on an established market includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchases with interest over a period of five years.

Diversification: Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account as described in the Plan document. Diversification is offered to each eligible participant over a six-year period.

Voting Rights: The Trustee of the Plan will vote all Company Stock held by it as part of the Plan assets. Provided, however, that a participant or their beneficiary will be entitled to direct the Trustee as to the manner in which voting rights on shares of Company Stock which are allocated to their account are to be exercised with respect to any corporate matter which involves the voting of such shares with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction. If the participant does not timely exercise their right to vote Company Stock, the Trustee will vote such Company Stock.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the Plan Administrator shall direct the Trustee to sell all shares of unallocated stock to the extent necessary to repay any loan balance outstanding. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Investment Valuation and Income Recognition: The Common Stock of Gutchess Lumber Co., Inc. is valued at fair value (using Level 3 measurements) as of December 31, 2011 and 2010 (see Note C). Fair value is determined by an annual independent appraisal.

Unrealized appreciation in fair value of investment includes the Plan's gain on Common Stock held during the year.

Benefit Payments: Benefits are recorded when paid.

Events Occurring After Reporting Date: Plan management has evaluated events and transactions that occurred between December 31, 2011 and August 1, 2012, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by Plan management.

NOTE C--FAIR VALUE MEASUREMENTS

The Plan follows the Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, "Fair Value Measurements and Disclosures", which requires fair value measurements of the Plan's assets and liabilities. Fair value is an estimate of the price the Plan would receive upon selling a financial instrument in a timely transaction to an independent buyer or the most advantageous market of the financial instrument. FASB ASC Topic 820 established a three tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Various inputs are used in determining the value of the financial instruments as noted below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE C--FAIR VALUE MEASUREMENTS--Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in methodologies used at December 31, 2011 and 2010:

Sponsor Company Common Stock: Investment in the Sponsor Company Common Stock is reported at fair value based on an annual independent appraisal. This investment has been valued using Level 3 inputs within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 3 Gains and Losses: The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31:

	2011	2010
Sponsor Company Common Stock		
Balance, beginning of year	$13,514,672	$13,970,044
Unrealized appreciation (depreciation) in fair value	2,432,831	(427,680)
Benefits paid	(1,054)	(27,692)
Balance, end of year	$15,946,449	$13,514,672

NOTE D--INVESTMENT

The Plan's investment at December 31 is as follows:

	2011		2010	
	Allocated	Unallocated	Allocated	Unallocated
Sponsor Company Stock:				
Number of shares	443,507	31,656	398,630	76,570
Cost	$17,647,887	$1,259,632	$15,862,150	$3,046,844
Fair value	$14,884,086	$1,062,363	$11,337,026	$2,177,646

NOTE E--LOANS PAYABLE

In 2002, the Plan entered into two loan agreements totaling $19,100,000 with the Company. The proceeds of the loans were used to purchase 480,000 shares of the Company's Class A Voting Common Stock. Unallocated shares are collateral for the loans. The agreements provide for the loans to be repaid over ten years. Both loans have an effective interest rate of prime plus 0.5%, or 3.75% at December 31, 2011 and 2010. Subsequent maturities of the loans for the year ended December 31, 2012 is $1,506,428.

NOTE F--PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets, which consist principally of the Company's Common Stock, are in the custody of the Company's treasurer or its legal representation. All transactions involving Company stock are party-in-interest transactions.

Administrative expenses for legal, auditing, and stock appraisal services are rendered by parties-in-interest. Fees for these services are paid directly by the Company.

NOTE G--TAX STATUS

The IRS has determined, and informed the Company by a letter dated July 22, 2010, that the Plan is qualified and the Trust established under the Plan is tax-exempt under appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC, and that the Plan continues to qualify, and the related trust continues to be tax-exempt as of December 31, 2011.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is potentially subject to income tax examination for years 2008 through 2011.
