We have audited the accompanying financial statements of El Clasificado 401 (k) Plan as of December 31, 2011 and 2010 for the years then ended as listed in the accompanying index. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 4, the financial statements referred to above present fairly, in all material respects, the financial status of El Clasificado 401 (k) Plan as of December 31, 2011 and 2010, and the changes in its financial status for the years ended December 31, 2011 and 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the accompanying index is presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, except for the effects on the Schedule of Assets head at year end of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 4 as described in the second preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

EL CLASIFICADO 401(K) PLAN
NOTES TO FINANCIAL STATEENTS
YEARS ENDED DECEMBER 31, 2011 AND 2010

(1) Description of Plan

This following brief description of the El Clasificado 401 (k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined benefit pension plan covering substantially all employees of El Clasificado, Inc. ("the Company"). The Plan covers all employees of the Company that have attained age 18 and completed three months and 250 hours per quarter or 1,000 hours per year of service. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan. The contributions made by participant may be from pretax compensation, or they may also choose Roth deferrals in which case the contributions are made after tax. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various investment options. The Company may make a discretionary match to the Plan. For the years ended December 31, 2011 and 2010 the Company provided a match of 100% on the first 3% of employee contributions, and a match of 50% on the next 2% of employee contributions, which satisfied the safe harbor provisions for 401(k) plans (see below).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are directed by the participants of the Plan.

(1) Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on the type of contribution and the years of continuous service.

For the years 2011 and 2010, the Company (the plan sponsor) elected treatment as a safe harbor 401(k) plan. Under this election, all matching employer contributions became 100% vested when made.

The Company may also make profit sharing plan contributions. For these contributions, a participant is not vested until two years of credited service are completed. Thereafter, 20% per year is vested and is 100% vested after six years of credited service.

There were no profit sharing contributions made for the years ended December 31, 2011 or 2010.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prevailing market rates ranging from 5% to 10%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Only one loan at a time is permitted. Principal and interest is paid ratably through monthly payroll deductions, generally over a maximum term of five years.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses of the Plan and also to reduce future employer contributions.

Payment of Benefits

Upon termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments.

(2) Summary of Accounting Policies

Plan Custodian
Hartford Life Insurance Company is acting in the capacity as Plan custodian.

Basis of Accounting
The accompanying financial statements are prepared on the modified cash basis of accounting. All transactions are recorded under the cash basis of accounting, except for investments which are adjusted to fair value.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Most expenses of maintaining the Plan are paid by the Plan. Brokerage fees and commissions are included in the cost of investments when purchased and in determining the net proceeds on sales of investments. Investment management fees are paid from the respective assets of the investment option.

(3) Fair Value Instruments

The Plan adopted the requirement for "*Fair Value Measurement.*" The standard defines fair value, establishes a framework for measuring fair value under generally accepted accounting principles in the United States and expands disclosure about fair value measurement. The criterion established a fair value framework that prioritizes the inputs and assumptions used to measure fair value. The three levels of fair value hierarchy are described below:

- Level 1 – Valuations based on quoted market prices available in active markets for identical assets and liabilities;
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable either directly or indirectly for the asset or liability;
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement of the assets and liabilities.

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The methods used for valuing the assets and liabilities are not necessarily an indication of the risks associated with those assets and liabilities.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan, and Level 3 inputs were only used when Level 2 inputs were not available.

As of December 31, 2010:	Fair Value	Level 1 observable assets	Level 3 unobservable assets
Participant loans	$ 69,592	$ -	$ 69,592
Pooled separate accounts	1,749,929	1,685,072	64,857

(4) Investments

Plan assets are managed by Hartford Life Insurance Company (Hartford), the custodian of the Plan. Hartford maintains the investments in pooled separate accounts. Each account is credited with actual earnings of the underlying investments and charged for participant withdrawals and administrative expenses.

All information, except for the participant loans, has been reported in accordance with 29CFR 2520.103-8 of the United States of America Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Hartford Life Insurance Company regarding the current value of assets held at December 31, 2011 and 2010 was used in the preparation of the accompanying financial statements and supplementary schedules.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

(6) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Hartford, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

(7) Tax Status

The Internal Revenue Service has determined and informed the Plan administrator by a letter dated August 7, 2001 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

(8) Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, interest rate and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
