Report of Independent Auditors

To the Participants and Administrator of
JTB Employees'
Retirement Savings Plan

We were engaged to audit the financial statements and supplemental schedules of JTB Employees' Retirement Savings Plan (the "Plan") at December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying index. The financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. JTB Employees’ Retirement Savings Plan Notes to Financial Statements December 31, 2011 and 2010

1. Description of the Plan

The following description provides general information on the provisions of the JTB Employees’ Retirement Savings Plan (the “Plan”), a single-employer plan, sponsored by Johnson Truck Bodies, LLC, (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

On February 2, 2010, the Company was acquired from a publicly traded third party and the Plan became effective for eligible Company employees.

The Plan is a defined contribution (401k) prototype plan. The Plan covers all salaried and hourly employees of the Company. Eligible employees (as defined) of the Company who have completed 90 days of entry service are able to participate.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

The Plan provides for an automatic 3% pre-tax elective deferral for each participant, unless the participant has elected a different percentage or chosen not to participate. Participating employees may elect to make, through payroll deductions, elective deferral contributions from 1% up to 100% of eligible compensation (not to exceed the annual contribution limit, as set by the Internal Revenue Service, (“IRS”)). Effective January 1, 2012, automatic increase features were added to the Plan. For participants making elective deferrals less than 3%, their elective deferrals automatically escalate by 1% of their eligible compensation effective the next following January 1 and each subsequent January 1 until the elective deferral percentage is 6%. For participants making elective deferrals of at least 3% but less than 6%, their elective deferrals automatically escalate by 1% of their eligible compensation effective March 1, 2012 and thereafter each subsequent January 1 until the deferral percentage is 6%. For participants joining the Plan on or after January 1, 2012 with an elective deferral percentage less than 6%, their elective deferrals automatically escalate by 1% of their eligible compensation as of the next following January 1 and each subsequent January 1 until the deferral percentage is 6%.

The Company matches 100% of the participant’s first 3% of elective deferral contributions and 50% of the next 2% of elective deferral contributions. Effective January 1, 2012, the Company will match 100% of the participant’s first 1% of elective deferral contributions and 50% of the next 5% of elective deferral contributions. The Company may also make discretionary Plan contributions. For the year ended December 31, 2011, there were no discretionary contributions.

Before February 2, 2010, the prior company’s retirement savings plan also provided for participating employees to elect to make after-tax voluntary contributions. Some employees retain after-tax account balances.

Description of the Plan - Continued

Vesting

A participant is always 100% vested in elective deferral contributions, Company matching contributions, rollover contributions and past employee contributions. For discretionary Company contributions, a participant becomes 20% vested after completion of two years of service (as defined) and continues to vest 20% annually until 100% vesting is attained after six years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, an allocation of Plan earnings and losses and any discretionary Company contributions.

Forfeitures

Forfeited nonvested accounts are first used to pay Plan expenses. Any remaining forfeitures are used to offset Company contributions. There were no forfeitures for the year ended December 31, 2011.

Investment Options

The Company administers the Plan. Principal Trust Company ("Principal") is the trustee of the Plan. Principal Financial Group is the recordkeeper of the Plan.

Participants self direct the investment of their accounts into registered investment company funds and a pooled separate account offered by the Plan with the option to reallocate account balances on a daily basis. Investments in the pooled separate account are permitted only one transfer out of the account every 30 days; however, transfers or contributions into the pooled separate account are permitted to be made on a daily basis.

Notes Receivable from Participants

Participants are allowed to borrow from their vested account balance a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their total vested account balance or \$50,000, reduced by any outstanding note balance, if any, during the 12-month period ending on the day before the new note is made. The interest rate, at the date of the note, is charged at prime plus 1%. The notes are repaid through payroll deductions and must be repaid over five years, or fifteen years if the note is used for the purchase of a primary residence. Interest on outstanding notes ranged from 4.25% to 9.25% as of December 31, 2011 and 2010. Delinquent notes receivable from participants are reclassified as distributions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

On termination of service, retirement or total and permanent disability, a participant may elect to receive payment in the form of either a lump-sum distribution or a direct rollover to an Individual Retirement Account ("IRA") or an IRS qualified plan equal to the value of the participant's vested account. In the event of death, the participant's beneficiary will receive a lump-sum distribution.

Description of the Plan - Continued

Administrative Expenses

Expenses of administration, such as, investment management fees, recordkeeping and trustee fees, are paid from the accounts of participants. Per-use fees for note processing, distributions and withdrawals are also deducted from a participant’s account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be fully vested in their accounts and the trustee will distribute Plan assets to participants or their beneficiaries in accordance with the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Events or transactions occurring after the period end through July 30, 2012, the date that the financial statements were available to be issued, have been evaluated in the preparation of the financial statements.

Valuation of Investments and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation), which includes gains and losses on investments bought and sold, as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net depreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Summary of Significant Accounting Policies - Continued

Recent Accounting Pronouncements

The Financial Accounting Standards Board ("FASB") issued two new pronouncements which were adopted by the Plan.

In May 2011, FASB issued Accounting Standards Codification ("ASC") Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U. S. GAAP and IFRSs*. This new pronouncement provides guidance to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with GAAP. The amendments are intended to: 1) clarify the application of existing fair value measurement and disclosure requirements and 2) change a particular principle or requirement for measuring and disclosing information about fair value measurements. The prospective application of this guidance is effective for annual periods beginning January 1, 2012. Plan management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

In December, 2011, FASB issued ASC Update, 2011-11, *Disclosures about Offsetting Assets and Liabilities*, which provides guidance on disclosure requirements for offsetting financial assets and liabilities. The retrospective application of this guidance is effective for annual periods beginning January 1, 2013. Plan management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

Investments - Continued

During 2011, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$358,952 as follows:

Pooled separate account	\$ 4,514
Registered investment company funds	354,438
	<u>\$ 358,952</u>

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

4. Fair Value

The Plan follows guidance defined in ASC Topic 820, *Fair Value Measurements and Disclosures*, which provides a framework for measuring fair value under GAAP. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan’s investments are valued at fair value using the following methodologies:

- **Registered investment companies:** valued at the net asset value (“NAV”) of individual fund shares at year-end as traded in an active market.
- **Pooled separate account:** valued at the NAV of the underlying investments comprising the pooled account.

**JTB Employees'
Retirement Savings Plan
Notes to Financial Statements
December 31, 2011 and 2010**

Fair Value - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's investment assets measured at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Registered investment companies				
Asset Allocation	\$ 3,979,640	\$ -	\$ -	\$ 3,979,640

For comparative purposes, the following table presents the Plan's investment assets measured at fair value as of December 31, 2010:

Total assets at fair value	<u>\$ 7,995,348</u>	<u>\$ 229,266</u>	<u>\$ -</u>	<u>\$ 8,224,614</u>

The Plan does not hold any investments requiring Level 3 measurements and there have not been any transfers of assets between the levels from 2010 to 2011.

**JTB Employees’
Retirement Savings Plan
Notes to Financial Statements
December 31, 2011 and 2010**

5. Income Tax Status

The Company was a participating employer in a 401(k)/profit sharing plan established January 1, 1979 by a prior owner. On February 2, 2010, the assets of the Plan were transferred from the prior company’s retirement savings plan to a Prototype Non-standardized Profit Sharing Plan sponsored by Principal Life Insurance Company (“Principal Prototype Plan”). The IRS has determined and informed Principal by a letter dated March 31, 2008, that the Principal Prototype Plan is designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan itself has not received a letter of determination but is entitled to rely on the letter issued to Principal for the Principal Prototype Plan. The Company believes that the Plan continues to be operated in compliance with the applicable sections of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements as of December 31, 2011. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. Information Certified by the Plan’s Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements, notes to the financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits.
- Interest and dividend income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Net depreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2011.
- Investment information and investment income amounts as shown in Notes 3 and 4.

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

7. Related-Party Transactions

Certain Plan investments are managed by Principal. Principal is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan document provides for notes receivable from participants, which also qualify as party-in-interest transactions.
