NOTE 1 - DESCRIPTION OF PLAN

The following description of the Majco, Inc. dba Big Brand Tire Co. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a single-employer defined contribution plan covering all employees of Majco, Inc. dba Big Brand Tire Company who are eighteen years of age or older and have completed 500 hours of service in the first six consecutive months of employment, or 1,000 hours of service in one year. Majco, Inc. dba Big Brand Tire Co. 401(k) Profit Sharing Plan has adopted American Funds Distributors, Inc. Prototype 401(k), Profit Sharing Plan, and subsequent amendments to that Prototype Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Capital Bank and Trust is the Plan's directed trustee. American Funds, a company related to Capital Bank and Trust, manages the Plan's investments and acts as the Plan's administrator. American Funds contracts with FASCore, LLC to provide third party recordkeeping services.

Contributions. Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis as a salary deferral. Total deferrals in any taxable year may not exceed a dollar limit set by law, $16,500 for 2011. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows "catch up" contributions for participants age 50 or older as allowable under federal and state laws.

Matching Contributions. The employer may make a matching contribution equal to a discretionary percentage of the participant's salary deferrals, the discretionary percentage will be determined each year. In 2011, the matching percentage was 25%. The Plan includes a discretionary employer profit sharing contribution provision, which may be determined by the employer each year.

Nonelective Contributions. The employer may decide to make a nonelective contribution to the Plan, although the employer is not required to do so. The nonelective contribution will be allocated to all eligible participants, who are non-highly compensated employees.

Expenses. Any fees and expenses will be paid at the discretion of the employer. The employer may reimburse the Plan for any fees and expenses paid by the Plan. Such reimbursement shall not be deemed to be a contribution for purposes of Code Sections 404 and 415. For the Plan year ended December 31, 2011, significant costs of the Plan were absorbed by the employer.

NOTE 1 - DESCRIPTION OF PLAN – Continued

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of the employer's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The interest rate is based on the prime rate published in the Wall Street Journal on the first business day of each month, plus 1%, and such rate is fixed for the life of the loan. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits. On termination of service, for any reason, including retirement, disability, or death, a participant may receive their vested benefit in a single lump sum payment or have the payment paid as a "direct rollover" to his or her individual retirement account (IRA) or to another employer's tax qualified plan (if separation is due to death, direct rollover is only available if the beneficiary is his or her spouse). If a participant's account balance (determined excluding any rollover contributions plus earnings) is greater than $5,000 a participant may elect to receive monthly installments or defer receiving payments until age 70½.

Forfeited Accounts. Any forfeitures occurring during a plan year will be transferred to the forfeiture account and will first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Company contributions to the Plan. For the Plan year ended December 31, 2011, $8,363 from the forfeiture account was used to pay Plan expenses. A balance of $8,100 remained in the forfeiture account at December 31, 2011.

Investment Options. Each employee directs the investment of funds in his or her individual account among any of the investment funds permitted under the Plan. The Plan offers various investment options through American Funds and each participant can select one or more investment options. To the extent that the employee directs the investment of his individual account, the trustees are relieved of their fiduciary responsibilities as provided in Section 404(a)(1)(C) of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The accompanying financial statements of the Plan have been prepared on the accrual basis and are presented in accordance with generally accepted accounting principles.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Reclassifications. Certain amounts in the 2010 financial statements have been reclassified for comparison purposes to conform to the current year presentation.

Subsequent Events. The Plan has evaluated subsequent events through August 20, 2012, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 3 - FAIR VALUE MEASUREMENTS – Continued

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Interest-bearing cash: Includes investment in a money market account and is valued at carrying value which approximates fair value due to the short maturity of this instrument.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS – Continued

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has received certification from the trustee, Capital Bank and Trust Company, as to the accuracy and completeness of certain financial information. Accordingly, as permitted under such regulations, the plan administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee, except for comparing that information to the financial statements. The trustee has certified the accuracy and completeness of investments of $3,647,036 and $3,781,654 and notes receivable from participants of $153,882 and $162,452 at December 31, 2011 and 2010, and investment loss of $166,188 and interest income on notes receivable from participants of $6,127 for the year ending December 31, 2011.

NOTE 5 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2011
American Funds Invest Co of America	$ 513,589
American Funds Amcap Fund	319,823

During 2011, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, depreciated in fair value by $166,188.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 SCHEDULE H

The financial statements are prepared on the accrual basis of accounting. Schedule H of Form 5500 has been prepared on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 SCHEDULE H – Continued

Receivables: employee contributions	(13,170)	(13,338)
NET ASSETS AVAILABLE FOR BENEFITS PER SCHEDULE H OF FORM 5500	$ 3,800,918	$ 3,944,106

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

Less: change in contributions receivable - employee	(2,454)
Less: change in contributions receivable - employer	168
NET INCREASE PER SCHEDULE H OF FORM 5500	$ (143,188)

NOTE 7 - PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American Funds. Capital Bank and Trust, commonly owned with American Funds, is the directed trustee as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan amounted to $9,070 for the year ended December 31, 2011.

NOTE 8 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and amend or modify, or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RISKS AND UNCERTAINTIES – Continued

The Plan invests through some mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE 10 - PLAN AMENDMENTS

The Plan was amended on December 16, 2009, to include Eligible Automatic Contribution Arrangement (EACA) provisions, effective May 1, 2008. The amendment permits permissible withdrawals within 90 days of the first automatic deferral. For plan years beginning on or after January 1, 2010, participants who make an affirmative election continue to be covered by the EACA provisions, but must receive an annual notice.

NOTE 11 - TAX STATUS

The Internal Revenue Service has determined and informed American Funds Distributors, Inc., by a letter dated March 31, 2008, that their Prototype Non-Standardized Profit Sharing Plan with CODA is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan adopted American Funds Distributors, Inc. Prototype Non-Standardized 401(k) Profit Sharing Plan. The Plan has been amended since receipt of the determination letter. However, the trustee and plan administrator believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Franchise Tax Board. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, and the administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Majco, Inc. dba Big Brand Tire Co. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a single-employer defined contribution plan covering all employees of Majco, Inc. dba Big Brand Tire Company who are eighteen years of age or older and have completed 500 hours of service in the first six consecutive months of employment, or 1,000 hours of service in one year. Majco, Inc. dba Big Brand Tire Co. 401(k) Profit Sharing Plan has adopted American Funds Distributors, Inc. Prototype 401(k), Profit Sharing Plan, and subsequent amendments to that Prototype Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Capital Bank and Trust is the Plan's directed trustee. American Funds, a company related to Capital Bank and Trust, manages the Plan's investments and acts as the Plan's administrator. American Funds contracts with FASCore, LLC to provide third party recordkeeping services.

Contributions. Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis as a salary deferral. Total deferrals in any taxable year may not exceed a dollar limit set by law, $16,500 for 2011. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows "catch up" contributions for participants age 50 or older as allowable under federal and state laws.

Matching Contributions. The employer may make a matching contribution equal to a discretionary percentage of the participant's salary deferrals, the discretionary percentage will be determined each year. In 2011, the matching percentage was 25%. The Plan includes a discretionary employer profit sharing contribution provision, which may be determined by the employer each year.

Nonelective Contributions. The employer may decide to make a nonelective contribution to the Plan, although the employer is not required to do so. The nonelective contribution will be allocated to all eligible participants, who are non-highly compensated employees.

Expenses. Any fees and expenses will be paid at the discretion of the employer. The employer may reimburse the Plan for any fees and expenses paid by the Plan. Such reimbursement shall not be deemed to be a contribution for purposes of Code Sections 404 and 415. For the Plan year ended December 31, 2011, significant costs of the Plan were absorbed by the employer.

NOTE 1 - DESCRIPTION OF PLAN – Continued

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of the employer's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The interest rate is based on the prime rate published in the Wall Street Journal on the first business day of each month, plus 1%, and such rate is fixed for the life of the loan. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits. On termination of service, for any reason, including retirement, disability, or death, a participant may receive their vested benefit in a single lump sum payment or have the payment paid as a "direct rollover" to his or her individual retirement account (IRA) or to another employer's tax qualified plan (if separation is due to death, direct rollover is only available if the beneficiary is his or her spouse). If a participant's account balance (determined excluding any rollover contributions plus earnings) is greater than $5,000 a participant may elect to receive monthly installments or defer receiving payments until age 70½.

Forfeited Accounts. Any forfeitures occurring during a plan year will be transferred to the forfeiture account and will first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Company contributions to the Plan. For the Plan year ended December 31, 2011, $8,363 from the forfeiture account was used to pay Plan expenses. A balance of $8,100 remained in the forfeiture account at December 31, 2011.

Investment Options. Each employee directs the investment of funds in his or her individual account among any of the investment funds permitted under the Plan. The Plan offers various investment options through American Funds and each participant can select one or more investment options. To the extent that the employee directs the investment of his individual account, the trustees are relieved of their fiduciary responsibilities as provided in Section 404(a)(1)(C) of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The accompanying financial statements of the Plan have been prepared on the accrual basis and are presented in accordance with generally accepted accounting principles.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Reclassifications. Certain amounts in the 2010 financial statements have been reclassified for comparison purposes to conform to the current year presentation.

Subsequent Events. The Plan has evaluated subsequent events through August 20, 2012, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 3 - FAIR VALUE MEASUREMENTS – Continued

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Interest-bearing cash: Includes investment in a money market account and is valued at carrying value which approximates fair value due to the short maturity of this instrument.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has received certification from the trustee, Capital Bank and Trust Company, as to the accuracy and completeness of certain financial information. Accordingly, as permitted under such regulations, the plan administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee, except for comparing that information to the financial statements. The trustee has certified the accuracy and completeness of investments of $3,647,036 and $3,781,654 and notes receivable from participants of $153,882 and $162,452 at December 31, 2011 and 2010, and investment loss of $166,188 and interest income on notes receivable from participants of $6,127 for the year ending December 31, 2011.

NET INCREASE PER SCHEDULE H OF FORM 5500	$ (143,188)

NOTE 7 - PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American Funds. Capital Bank and Trust, commonly owned with American Funds, is the directed trustee as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan amounted to $9,070 for the year ended December 31, 2011.

NOTE 8 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and amend or modify, or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RISKS AND UNCERTAINTIES – Continued

The Plan invests through some mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE 10 - PLAN AMENDMENTS

The Plan was amended on December 16, 2009, to include Eligible Automatic Contribution Arrangement (EACA) provisions, effective May 1, 2008. The amendment permits permissible withdrawals within 90 days of the first automatic deferral. For plan years beginning on or after January 1, 2010, participants who make an affirmative election continue to be covered by the EACA provisions, but must receive an annual notice.

NOTE 11 - TAX STATUS

The Internal Revenue Service has determined and informed American Funds Distributors, Inc., by a letter dated March 31, 2008, that their Prototype Non-Standardized Profit Sharing Plan with CODA is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan adopted American Funds Distributors, Inc. Prototype Non-Standardized 401(k) Profit Sharing Plan. The Plan has been amended since receipt of the determination letter. However, the trustee and plan administrator believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Franchise Tax Board. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, and the administrator believes it is no longer subject to income tax examinations for years prior to 2008.
