Administrative Committee
Acclarent, Inc. 401(k) Plan
Menlo Park, California

We were engaged to audit the accompanying statements of net assets available for benefits of the Acclarent, Inc. 401(k) Plan (the Plan) as of November 30, 2011 and for the eleven months then ended, and as of December 31, 2010 and for the year then ended, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of November 30, 2011 and for the eleven months then ended and as of December 31, 2010 and for the year then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

As further discussed in Note 1 to the financial statements, effective November 30, 2011, all Plan assets were merged into another qualified plan subsequent to the acquisition of the Plan Sponsor by Ethicon, Inc., a wholly-owned subsidiary of Johnson & Johnson. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements. The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Acclarent, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Termination

In January 2010, the Company was acquired by Ethicon, Inc., a wholly-owned subsidiary of Johnson & Johnson. Effective January 1, 2011, participants were no longer permitted to make contributions to the Plan. Alternatively, eligible employees of the Company became participants in the Johnson & Johnson Savings Plan. Effective November 30, 2011, all plan assets were transferred to the Johnson & Johnson Savings Plan.

General

Through November 30, 2011, the Plan was a defined contribution plan that was established on January 1, 2006 to provide benefits to eligible employees of Acclarent, Inc. (the Company). The Plan administrator believes that the Plan, as amended, was designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Company had appointed a 401(k) Committee (the Committee) to manage the operation and administration of the Plan. Through November 30, 2011, the Company contracted with Fidelity Management Trust Company (Fidelity) to act as custodian and trustee of the Plan assets. The Company had appointed Fidelity Investments Institutional Operations Company, Inc. to process and maintain the records of participant data.

Eligibility

Prior to January 1, 2011, all employees of the Company were immediately eligible to participate in the Plan, except those covered by a collective bargaining agreement, leased employees, and nonresident aliens who do not receive any earned income from the Company. Commencing January 1, 2011, eligible employees of the Company became participants in the Johnson and Johnson Savings Plan.

Participant Contributions

Prior to January, 2011, participants could elect to have the Company contribute up to a 100% of their pre-tax annual compensation, as defined in the Plan, not to exceed the amount allowable under the IRC 402(g)(1) elective deferrals limit.

Eligible employees were automatically enrolled in the Plan at an enrollment rate of 3%, unless the employee made an affirmative election not to participate in the Plan. Participants who elected to have the Company contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in taxable compensation. Contributions withheld were invested in accordance with each participant's direction.

Participants were also allowed to make rollover contributions of amounts received from other qualified employer-sponsored retirement plans. Such contributions were deposited in the appropriate investment funds in accordance with the participants' direction and the Plan's provisions.

Employer Contributions

As set forth in the Plan, the Company could make discretionary matching employer contributions in an amount equal to a percentage of the eligible contributions made by each eligible participant to the Plan. The Company did not make any contributions to the Plan in 2011 and 2010.

ACCLARENT, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****ELEVEN MONTHS ENDED NOVEMBER 30, 2011 AND YEAR ENDED DECEMBER 31, 2010****(See independent auditors' report)**

Participant Accounts

A separate individual account was maintained within the Plan for each participant. Each participant's account was credited with the participant's contribution, an allocation of the Company's matching contribution, if any, an allocation of Plan earnings or losses, and administrative expenses.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the company's matching contribution portion of their accounts was based on years of service. Participants vested in 25% annual increments per year of service and were 100 percent vested in the employer's matching contribution after four years of service. In the event that the termination of service was the result of death or disability of a participant, the participant's account balance automatically became fully vested.

Forfeited Accounts

Unallocated employer contributions, if any, were used to reduce future employer contributions. There were no forfeitures in 2011 and 2010.

Investments

Investments of the Plan were held by Fidelity through November 30, 2011, the date of the transfer of the Plan assets to the Johnson & Johnson Savings Plan. All investments were invested based solely upon instructions received from the participants.

Payment of Benefits

Benefits were payable when the participant retired, when employment was terminated or upon death or disability. A participant could also elect a hardship distribution from his deferral contributions account in accordance with the Plan's policy. As set forth in the Plan, the amount payable could be distributed to the participant or directly rolled over to a qualified retirement plan in a lump sum amount equal to the vested value of the participant's account.

Notes Receivable From Participants

The Plan allowed participants to borrow up to the lesser of \$50,000, reduced by the highest outstanding loan balance from the Plan during the previous 12 months, if any, or 50% of their vested account balance. The loans were secured by up to 50% of the participant's vested account balance. Such loans bore interest at a reasonable rate as determined by the Plan administrator and had to be repaid within a five-year period, unless the loan was for the purchase of a principal residence, in which case the loan could have a repayment period that exceeded five years from the date of the loan. The specific terms and conditions of such loans were established by the Company. Principal and interest were paid ratably through payroll deductions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES*Basis of Accounting*

Effective January 1, 2011, and in accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

ACCLARENT, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****ELEVEN MONTHS ENDED NOVEMBER 30, 2011 AND YEAR ENDED DECEMBER 31, 2010****(See independent auditors' report)**

The net change in fair value of investments included the unrealized appreciation or depreciation arising from the differences between the fair value at the beginning of the period and at the end of the period and included the Plan's gains and losses on investments bought and sold as well as held during the period.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis, and dividends were recorded on the ex-dividend date.

Contributions

Participant contributions were recorded in the period in which the Company made payroll deductions from the participants' earnings.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, were reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits were recorded when paid.

Administrative Expenses

Unless paid by the Company, all administrative expenses were to be paid by the Plan. The Company paid the majority of the Plan expenses during the eleven months ended November 30, 2011 and year ended 2010.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Accordingly, actual results could have differed from those estimates.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the value of investment securities would have occurred in the near term and that such changes could materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits.

Income Tax Status

The Plan received a favorable determination letter dated June 22, 2011 from the Internal Revenue Service. The Company believed that the Plan was designed and operated in accordance with the requirements of the Internal Revenue Code and state statutes, and that the trust was exempt from federal income and state franchise taxes. Therefore, no provision for income taxes had been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator had analyzed the tax positions taken by the Plan, and had concluded that as of November 30, 2011 and December 31, 2010, there were no uncertain positions taken or expected to be taken that would have required recognition of a liability (or asset) or disclosure in

the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 3 - INVESTMENTS

Investments that represent 5 percent or more of the Plan's net assets available for benefits are as follows:

	December 31, 2010
Fidelity Advisor Freedom 2035 Fund - Class A	\$ 1,060,910
Oppenheimer Developing Markets – Class A	1,010,374
Fidelity Advisor Freedom 2040 Fund - Class A	974,415
Fidelity Advisor Freedom 2025 Fund - Class A	772,918
Fidelity Advisor Freedom 2030 Fund - Class A	642,971

During 2011 and 2010, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$485,650 and appreciated in value by \$1,078,906, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value accounting guidance requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data such as quoted prices, interest rates and yield curves.

Level 3: Inputs are unobservable data points that are not corroborated by market data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds and the money market fund are valued at the net asset value of the shares held by the Plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the net asset value of the shares held.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method was appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

Fidelity was the custodian as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions. Although such transactions were considered party-in-interest transactions under ERISA regulations, they are permitted under provisions of the Plan and are specifically exempt from the prohibited party-in-interest transactions under ERISA.
