## **LifeCare, Inc. 401(k) Plan**

### **Notes to Financial Statements**

#### **1. Description of the Plan**

The LifeCare, Inc. 401(k) Plan (the "Plan"), as amended, is a defined contribution plan that was established November 1, 1995, and covers all eligible employees, as defined by the Plan, of LifeCare, Inc. (the "Employer").

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description, not included herein, for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986, as amended (the "Code").

#### ***Plan Administration***

The Employer holds the Plan in trust and has designated one of its employees as the "Trustee" of the Plan. MassMutual Financial Group is the "Custodian" of the Plan's assets.

#### ***Eligibility***

There is no minimum length of service required to participate in the Plan, and employees are eligible to begin participation on designated monthly enrollment dates provided that they have reached 21 years of age. Employees are eligible to receive Employer discretionary matching contributions after one year of service.

#### ***Contributions***

Plan participants may contribute to their employee deferral accounts, on a tax deferred basis, a portion of their eligible compensation during the Plan year. Participant contributions are subject to annual limitations established by the Code, which was \$16,500 for the years ended December 31, 2011 and 2010. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained the age of 50 years or older at the end of the plan year are eligible to make an additional "catch-up" contribution to their 401(k) account. The maximum catch-up contribution was \$5,500 in 2011.

The Employer may make discretionary matching contributions equal to a percentage of an employee's contribution, special discretionary contributions equal to a percentage of an employee's compensation and/or a discretionary contribution in an amount determined by the Employer.

#### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of Plan earnings, and is charged with processing fees related to participant loans. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **LifeCare, Inc. 401(k) Plan**

### **Notes to Financial Statements**

#### **1. Description of the Plan (*continued*)**

##### ***Vesting***

A participant's contribution in elective deferrals is 100% vested at all times. Employer discretionary contributions vest after one year.

##### ***Rollovers and Transfers from Other Qualified Plans***

Subject to the approval of the Plan Administrator, participants may elect rollovers of amounts from other qualified retirement plans in accordance with the Code. Rollovers are permitted from an employer's qualified plan and/or an individual retirement account. All rollovers are subject to the terms of the Plan and are fully vested and non-forfeitable upon receipt.

##### ***Payment of Benefits and Withdrawals***

The Plan is designed to provide benefits at the time of retirement. However, if employment with the Company is terminated because of death, disability, or any other reason, a request for distribution of a participant's account balance is also allowed. If a participant dies while classified as an active member of the Plan, the participant's beneficiary or beneficiaries are entitled to receive all of the participant's vested account balance. Should a participant become totally and permanently disabled while employed by the Company, the full value of the participant's account balance may be distributed upon request.

Upon termination of employment, the vested amount of the participant's account will be distributed to the participant in a lump-sum cash payment if the participant's vested account balance is less than \$5,000. If the account balance is greater than \$5,000, the participant's written consent will be required for any distribution including the election of a rollover distribution to a new qualified plan. Otherwise, the Plan Administrator will direct the Trustee to begin distribution no later than April 1 of the calendar year after the participant attains the age of 70½. Upon reaching age 59½, pursuant to the Code, participants may elect distributions from their accounts without any tax penalty.

Subject to certain limitations prescribed by the Plan and the Code, participants may elect hardship withdrawals. In accordance with the Code, a 10% premature distribution penalty tax may also be imposed on such withdrawals from a participant's account. In addition, the participant cannot make any rollover or employee contributions to the Plan for the six month period following the date of the hardship withdrawal.

##### ***Plan Expenses***

Administrative fees incurred in connection with loans and participant activity charges are borne by the individual and deducted from their respective Plan assets. Plan administration fees are borne by the Company.

## **LifeCare, Inc. 401(k) Plan**

### **Notes to Financial Statements**

#### **1. Description of the Plan (*continued*)**

##### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans bear an interest rate commensurate with local prevailing rates as determined each December for the following Plan year. Principal and interest is paid ratably through payroll deductions.

##### ***Forfeited Accounts***

Forfeited accounts are amounts forfeited by employees with a non-vested portion in their account that have terminated their employment and who have withdrawn from the Plan. At December 31, 2011 and 2010 forfeited non-vested amounts totaled \$25,253 and \$25,860. Forfeited contributions will be used to reduce future employer contributions.

#### **2. Summary of Significant Accounting Policies**

##### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

##### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

## **LifeCare, Inc. 401(k) Plan**

### **Notes to Financial Statements**

#### **2. Summary of Significant Accounting Policies *(continued)***

##### ***Fair Value of Financial Instruments***

Pursuant to the accounting guidance for fair value measurements, fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

##### ***Investment Valuation and Income Recognition***

Mutual funds are stated at net asset value ("NAV") as determined by the fund. NAV is computed by adding the value of all the fund's investments, primarily on the basis of market quotations, plus cash and other assets, deducting liabilities, and then dividing the result by the number of shares outstanding. The NAV is calculated by the fund at the close of business each day the related exchange is open. The NAV is the value used for the purchase or redemption of shares. The Plan's interest in the common collective trust is based on the fair value of the common collective trust's underlying investment (see Note 5). The Statement of Net Assets Available for Benefits is prepared on a contract value basis. At December 31, 2011 and 2010, the fair value equaled the contract value for the common collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net depreciation in fair value of investments, which consists of the realized gains or losses and the unrealized depreciation on those investments.

##### ***Notes Receivable from Participants***

Participant loans are measured at their unpaid principal balance plus any accrued unpaid interest and are classified as loans from participants.

##### ***Contributions***

Employee contributions are recorded in the period during which the Employer makes payroll deductions from the Plan participants' earnings and are remitted to the Custodian.

##### ***Benefit Payments***

Benefit payments are recorded when paid.

## LifeCare, Inc. 401(k) Plan

### Notes to Financial Statements

#### 2. Summary of Significant Accounting Policies *(continued)*

##### ***Accounting of Uncertainty of Income Taxes***

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. The Plan Administrator has analyzed the tax positions and determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. The Plan administrator believes that the Plan is no longer subject to examination by the applicable taxing jurisdictions for years prior to 2008.

##### ***Subsequent Events Evaluation by Management***

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is August 22, 2012.

#### 3. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees of the Plan have certified to the completeness and accuracy of all investments and participant loans reflected in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, and the schedule of assets (held at end of year) as of December 31, 2011, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

#### 5. Investment Contract with Insurance Company

The MassMutual Retirement Services (MMRS) Capital Preservation investment option is a market value separate account investment option with a General Investment Account (GIA) “wrapped” by a general account guaranteed to pay a stated rate of return. The underlying assets of GIA are a pool of fixed income securities that includes U.S. Government and government agency obligations, publicly traded investment grade corporate debt, U.S. Government agency mortgage securities, asset-backed securities and other debt and fixed income securities. The securities are “wrapped” by synthetic investment contracts that provide liquidity for participant withdrawals. The issuers of the wrap contracts guarantee a minimum rate of return and provide full benefit responsiveness. Wrap contracts are purchased from issuers rated in the top three long-term rating categories (A- or above). At December 31, 2011 and 2010, there were no reserves against the wrap contracts carrying value due to the credit risk of the issuers.

## **LifeCare, Inc. 401(k) Plan**

### **Notes to Financial Statements**

#### **5. Investment Contract with Insurance Company (*continued*)**

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

The fair value of GIA is determined by the Trustee based on the market value of the underlying securities. Under the terms of the Capital Preservation group annuity contract, participants may direct permitted withdrawal and /or transfer transactions of all or a portion of their balance in the Capital Preservation investment option at Contract Value. The Contract value are determined by contributions plus credited interest less participant withdrawals and fees, which is also often referred to as "Book Value".

The average market yield based on actual earnings and interest crediting rates to participants at December 31, 2011 and 2010 were 2.06% and 2.22%, respectively. There is no relationship between future crediting rates and the adjustment to contract value reported in the Statements of Net Assets Available for Benefits.

#### **6. Party-in-Interest Transactions**

The majority of Plan assets are invested in mutual funds and an insurance company general account managed by the MassMutual Retirement Services. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA. For the year ended December 31, 2011, administrative fees paid to MassMutual Retirement Services totaled \$21,673.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

#### **7. Risks and Uncertainties**

The Plan provides for various investment options in mutual funds, which can invest in any combination of stocks, bonds, fixed income securities and other securities. Mutual funds that invest in investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

#### **8. Plan Termination**

Although no decisions have been made to do so, the Employer has the right to terminate the Plan at any time subject to ERISA guidelines. In the event that the Plan is terminated, participants become 100% vested in their account balances and will receive a distribution of their balance in a lump sum or as periodic installments at the participants' discretion.
