#### INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators Mrs. Green's Management Corp. 401(k) Profit Sharing Plan & Trust

We have audited the statements of net assets available for benefits of the Mrs. Green's Management Corp. 401(k) Profit Sharing Plan & Trust as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

# NOTE A - DESCRIPTION OF PLAN

The following description of the Mrs. Green's Management Corp. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General.* The Plan is a defined contribution plan covering all full time employees of the Company who have one year of service and are aged eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Contributions.* Each year, participants may contribute up to 15% pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan current offers mutual funds as investment options for participants. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the plan.

*Participants Amounts.* Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting.* Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion on their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six continuous years of service.

*Notes Receivable from Participants.* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bears interest at rates ranging from 5% to 9.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, or annual installments over a period not to exceed the participant's life expectance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

### NOTE B – SUMMARY OF ACCOUNTING POLICIES

#### Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits Benefits are recorded when paid.

#### Administrative Expenses

Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the plan are paid by the company.

#### Subsequent Events

The plan has evaluated subsequent events through July 16, 2012, the date the financial statements were available to be issued.

# NOTE C – INVESTMENTS

The following presents investments that represent 5% or more of the plan's net assets.

BlackRock Capital Appreciation Inv B	\$138,457
BlackRock Global Allocation Inv B	149,443
BlackRock Value Opportunities Inv B	85,816
Davis NY Venture B	116,771
Oppenheimer Global Allocation C	73,349
JPMorgan Dynamic Small Cap Growth A	59,876
Invesco Van Kampen Mid Cap Gr A	90,873
Cash	91,421

During 2010, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$102,610.

#### NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and December 31, 2009.

*Mutual Funds:* Valued at the quoted net asset value of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2010.

#### Fair Value Measurements at December 31, 2010

	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
Mutual Funds	(Level 1) 782,552	(Level 2) -0-	(Level 3) -0-
Total Assets at Fair Value	782,552	-0-	-0-

# NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 % vested in the company contribution portion of their account.

# NOTE F - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state, and local taxing authorities. The plan is subject to routine audits; however, there are currently no audits for any tax periods in progress.

#### NOTE G - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 to Form 5500.

	<u>2010</u>
Net assets available for benefits per the financial statements	\$883,140
Net assets available for benefits per the Form 5500	\$883,140

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2010, to Form 5500.

Benefits paid to participants per the financial statements	\$217,116
Benefits paid to participants per Form 5500	\$217,116

Internal Revenue Service

Re: 5500 Form annual return Year 2010

To Whom It May Concern:

This letter is to provide an explanation with respect to the Form 5500, Annual Return/Report for the following employee benefit plan:

Employer Identification Number: 13-4033582 Plan Number: 001 Plan Year: 2010

The Form 5500 for the 2010 plan year has, unfortunately, not been filed. We are in the process of obtaining the necessary accountant's report and will file the Form 5500 as soon as possible.

The Form 5500 was not filed in a timely manner due to reasonable cause. Mrs. Green's, the sponsor of the relevant plan, was acquired by the Natural Markets Restaurant Corp. ("Natural Markets"), a Canadian entity, in May of 2010. As part of that acquisition all accounting and payroll duties for Mrs. Greens were transferred to Natural Markets employees located in Toronto, Canada at the end of December 2010. The Mrs. Green's personnel in charge of payroll and the plan were transitioned out of Mrs. Greens and Natural Markets in March, 2011. In the transition of duties, the responsibility for the Form 5500 filing for the plan was inadvertently overlooked. Since the new accounting and payroll team is Canadian, they were unaware of the filing requirement for the plan.

The failure to file was not willful or intentional, but merely was the result in a failure to transition duties upon a termination of employment and the subsequent lack of knowledge by the Canadian employees of the filing requirements. Now that Natural Markets is aware of the oversight, proper procedures will be established to insure that the filings are timely made in the future. The Form 5500 for 2011 will be timely filed and we will make the 2010 filing as soon as practicable.

Additionally, since your letter was sent to Mrs. Green's New York office, Natural Markets remained unaware of the missed filing until recently, when the letter was forwarded to our accounting and payroll team in Canada. As soon as we received the letter, we took action to complete the filing and are currently just waiting for the required audit to be completed. Since the failure to timely file was due to reasonable cause, and as soon as such failure was discovered we have taken action to correct, we respectfully request that you waive any applicable penalties.

Should you have any further questions or concerns regarding the Plan's Form 5500 for the 2010, please feel free to contact me.
