Independent Auditors' Report

To the Administrative Committee of
Matagrano Inc. 401(k) Plan

We were engaged to audit the financial statements of Matagrano Inc. 401(k) Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of and for the year ended December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by American Trust & Savings Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Matagrano Inc. (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) defined contribution plan covering employees who have completed three months of service and have also attained age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration – The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee and recordkeeping services are provided by American Trust & Savings Bank. Certain administrative expenses of the Plan were paid by the Company for the year ended December 31, 2011. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company contributes an amount equal to 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation plus 50% of deferrals between 3% and 5% of the participant's compensation. Additionally, the Company makes a discretionary contribution for the plan year which is allocated based on assigned Allocation Groups as of the last day of the plan year.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Description of Plan** – (continued)

Vesting – Participants are immediately vested in their contributions and in the Company's safe harbor match plus actual earnings thereon. Vesting in the Company's discretionary contribution, plus actual earnings thereon, is 100% vested after four years of credited service.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. These benefits shall be paid as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

Forfeited Accounts – At December 31, 2011 and 2010 forfeited nonvested accounts totaled $4,845 and $4, respectively. These accounts will be used to reduce future employer contributions. During 2011, forfeitures from nonvested accounts were used to reduce employer contributions by $4.

Change in Accounting Policy – Effective December 15, 2010, the company retroactively classified Participant Loans as Notes Receivable from Participants to conform to a recent pronouncement of the Financial Accounting Standards Board. This change acknowledges that participant loans are unique from other investments in that a participant taking out such a loan essentially borrows against its own individual vested benefit balance. There was no effect on the Statements of Net Assets Available for Benefits or the Statement of Changes in Net Assets in response to this change in accounting policy.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investments Valuation and Income Recognition – Investments are reported at fair value except for its benefit-responsive investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – All expenses of maintaining the Plan are paid by the company.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

quoted prices for similar assets or liabilities in active markets;

quoted prices for identical or similar assets or liabilities in inactive markets;

inputs other than quoted prices that are observable for the asset or liability;

inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. **Fair Value Measurements (continued)**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the plan at year end.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows base on the current yields or similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

Assets at Fair Value as of December 31, 2011

	Level 1	Level 2	Level 3
Mutual Funds	$ 5,216,543	$ -	$ -
Common/Collective Trusts	-	1,731,736	-
Guaranteed Investment Contract	-	-	618,025
Total	$ 5,216,543	$ 1,731,736	$ 618,025

3. **Fair Value Measurements (continued)**

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3
Mutual Funds	$ 4,617,109	$ -	$ -
Common/Collective Trusts	-	1,853,662	-
Investment Contract with Bank	-	-	341,294
Total	$ 4,617,109	$ 1,853,662	$ 341,294

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2011.

	2011 Guaranteed Investment Contract
Beginning Balance	$ 341,294
Realized gains/(losses)	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	9,818
Purchases	497,943
Sales	(231,030)
Ending Balance	$ 618,025

4. Unaudited Information Certified by the Plan Trustee

The December 31, 2011 and 2010 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total Investments and Notes Receivable from Participants of $7,773,638 and $7,042,428, as of December 31, 2011 and 2010, respectively, and related loss of $177,397 for the year ended December 31, 2011.

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by American Trust & Savings Bank, regarding the current value of assets held at December 31, 2011 and 2010, and transactions entered into for the year ended December 31, 2011, was used in the preparation of the accompanying financial statements and supplemental schedule. The following table includes the fair values of investments that represent 5% or more of the Plan's net assets at December 31:

	2011	2010
T Rowe Large Cap Growth	$ 784,574	$ 821,332
Templeton Foreign Equity	750,848	744,475
American Trust Large Cap Core	726,637	979,328
American Trust Intermed Bond	694,669	596,810
American Stable Value Fund	638,860	359,193
Pimco Total Return	572,655	484,799
American Beacon Large Cap Val	403,614	478,549
Vanguard Wellington	-	505,345

During 2011, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) depreciated in value by $177,397 as follows:

Mutual Funds	$ (358,588)
Interest on Notes Receivable from Participants	11,846
Dividends	169,345
	$ (177,397)

5. Guaranteed Investment Contract with Invesco National Trust Company

The Plan has a benefit responsive investment contract with Invesco Stable Value Trust (Invesco). Invesco maintains the contributions in a common collective trust. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract is included in the financial statements at contract value as reported to the Plan by Invesco. Contract value represents contributions made under the contract, plus earning, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $618,025 and $341,294, respectively. The crediting interest rate is based on agreed upon formula with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Invesco. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the plan's ability to transact at contract value with plan participants, is probable.

5. **Guaranteed Investment Contract with Invesco National Trust Company (continued)**

The guaranteed investment contract does not permit the trust to terminate the agreement prior to the scheduled maturity date.

	2011	2010
Average Yields:		
Based on Actual Earnings	2.05%	3.38%
Based on Interest Rate credited to participants	2.04%	3.36%

6. **Related Party Transactions**

Certain Plan investments were managed by the trustees, custodian and record-keepers of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of the party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services amounted to $1,456 for the year ended December 31, 2011.

7. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

8. **Tax Status**

Effective March 31, 2008, the Plan adopted the American Trust and Savings Bank Volume Submitter Profit Sharing 401(k) Plan. The Company believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements

8. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events through July 11, 2012, the date which the financial statements were available to be issued, and determined there were no reportable events.
