Doshi Diagnostic Imaging Services, PC 401(k) Plan
Hicksville, New York

We were engaged to audit the accompanying statements of net assets available for benefits of Doshi Diagnostic Imaging Services, PC 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets held for investment purposes. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information pertaining to the investments of the Plan, which was certified by the custodian of the assets of the Plan, Reliance Trust Company, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOSHI DIAGNOSTIC IMAGING SERVICES, PC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan** The following brief description of the Doshi Diagnostic Imaging Services, PC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The Plan, which was adopted on January 1, 1999, is a defined contribution plan available to all eligible employees, as defined, of Doshi Diagnostic Imaging Services, P.C. (the "Company"). Eligible employees include those who have three months of eligible service and who are otherwise not excluded from participation under the terms of the Plan. All contributions are participant directed. Participants may elect to invest contributions in one or more of the available funds. Effective by Plan Amendment on September 1, 2008, if an employee does not make an election not to participate, a mandatory contribution of 2% will be deducted from employee earnings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participant contributions - Each year participants may contribute up to a maximum of 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. A participant's total contributions in any year may not exceed the maximum amounts for that year as specified in Sections 401(k) and 415 of the Internal Revenue Code and regulations thereunder.

Participant accounts - Each participant's funds are kept in their own separate pre-tax account. Each participant's pre-tax account is credited with the participant's contribution. Net investment gain or loss in each fund is allocated to each participant's account in proportion to account balances, as defined.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon.

Payment of benefits - Upon termination of service, participants receive the value of their accounts either in a lump sum distribution or in installments. The date of the initial payment of benefits depends upon the participant's Plan status at termination, benefit payment method and age.

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer from the participant investment fund to the participant loan receivable category. Loan terms range up to five years

See report of independent accountants.

DOSHI DIAGNOSTIC IMAGING SERVICES, PC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

and are secured by the balance in the participant's account. Loans bear a fixed rate of interest commensurate with rates charged by commercial lenders. Interest rates on outstanding loans range from 4.25% to 9.25%. Principal and interest are repaid through periodic payroll deductions.

2. Summary of Significant Accounting Policies

Recent accounting pronouncements - In January 2010, Accounting Standards Update 2010-06, *Improving Disclosures About Fair Value Measurements* (ASU 2010-06), expanded the required disclosures about fair value measurements. ASU 2010-06 requires (i) separate disclosures of significant transfers into and out of Level 1 and Level 2, along with reasons for such transfers; (ii) separate presentation of gross purchases, sales, issuances, and settlements in the Level 3 reconciliation; and (iii) presentation of fair value disclosures by "nature and risk" class for all fair value assets and liabilities.

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income on notes receivable from participants is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962 "Plan Accounting - Defined Contribution Pension Plans," investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the provisions of FASB ASC 962, the statement of net assets available for benefits presents the fair value of the investment contracts as well as an additional line item showing an adjustment of fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract

See report of independent accountants.

DOSHI DIAGNOSTIC IMAGING SERVICES, PC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

value basis. At December 31, 2011 an adjustment of \$(30,784) was required to adjust the fully benefit-responsive contract from fair value to contract value.

Effective October 6, 2010, the trustee of the Bank of America, N.A. Retirement Preservation Trust ("RPT"), formerly the Merrill Lynch Retirement Preservation Trust, approved a resolution to terminate the RPT and commence the liquidation of its assets. Concurrent with the resolution, the RPT changed from a stable value fund to a short term bond fund and from contract value accounting to fair value accounting. The Plan did not incur any losses as a result of the change from a stable value fund to a short term bond fund.

On February 28, 2011, the balance of \$1,309,038 in the RPT was transferred to the Retirement Reserves Money Fund and on June 14, 2011, the balance of \$1,336,971 in the Retirement Reserves Money Fund was transferred to the Wells Fargo Stable Return Fund.

As of December 31, 2011, the Plan's participants had \$1,188,566 at contract value invested in the Wells Fargo Stable Return Fund G (the "Fund"). The Fund provides its participants with a medium for collective investment and reinvestment in investment contracts, including traditional guaranteed investments contracts and security-backed contracts issued by insurance companies and other financial institutions. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals. The fair value of the investment in the Fund was \$1,219,350 at December 31, 2011.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Subsequent events - Management has evaluated events and transactions for potential recognition or disclosure through August 30, 2012, the date the financial statements were available to be issued.

See report of independent accountants.

DOSHI DIAGNOSTIC IMAGING SERVICES, PC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

- 3. Investments** Reliance Trust Company ("Reliance Trust") is the custodian of the assets of the Plan. Reliance Trust has certified as to the accuracy and completeness of investments and notes receivable from participants and related income as reported in the accompanying financial statements and supplemental schedule as of December 31, 2011 and 2010, and for the year ended December 31, 2011.

The following investments represent 5% or more of the Plan's net assets:

	December 31,	
	2011	2010
Bank of America, N.A. (f/k/a Merrill Lynch) Retirement Preservation Trust	\$ -	\$ 1,300,735
Goldman Sachs Growth & Income Strategy Fund	-	242,668
Alger Capital Appreciation Institutional Fund	235,224	248,390
PIMCO Total Return Fund	-	403,308
Alger MidCap Growth Institutional Fund	-	289,922
Victory Diversified Stock Fund	-	398,198
Wells Fargo Stable Return Fund	1,219,350	-
Prudential Jennison Mid Cap Growth	291,151	-
BlackRock S&P 500 Index Fund	663,120	263,025
PIMCO Total Return Fund	450,375	-
BlackRock Global Allocation Inv. Fund	257,141	-

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

- 4. Fair Value Measurements** FASB ASC 820, "Fair Value Measurements," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

See report of independent accountants.

DOSHI DIAGNOSTIC IMAGING SERVICES, PC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of a collective investment trust which is valued at net asset value (NAV) based on the fair value of the underlying investments held by the collective investment trust at year end. Unlike shares of registered investment companies, the NAV of collective investment trusts is not publicly available.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the reporting entity's own assumptions about the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

5. **Excess Deferral Contributions** Contributions received from participants for 2011 and 2010 are net of payments of \$13,953 and \$1,329 made in March 2012 and 2011, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable to participants at December 31, 2011 and 2010.

See report of independent accountants.

DOSHI DIAGNOSTIC IMAGING SERVICES, PC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

6. **Plan Termination** Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

7. **Party-In-Interest Transactions** Certain services are rendered to the Plan by the Company at no cost to the Plan. Certain recordkeeping fees for the Plan were paid to the recordkeeper directly by a financial institution whose investments were included in the Plan.

8. **Tax Status** The Plan obtained its latest determination letter dated May 3, 2002 in which the Internal Revenue Service stated the Plan was designed in accordance with the applicable requirements of the Internal Revenue Code. Although the Plan has been subsequently amended, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to December 31, 2008.

9. **Reconciliation of Financial Statements to Form 5500** The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2011</u>	<u>2010</u>
Net assets available for benefits per the financial statements	\$ 4,187,986	\$ 4,130,425
