We were engaged to audit the accompanying statements of net assets available for benefits of Diagnostic Imaging Group 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets held for investment purposes. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information pertaining to the investments of the Plan, which was certified by the custodian of the assets of the Plan, Reliance Trust Company, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DIAGNOSTIC IMAGING GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan**

The following description of the Diagnostic Imaging Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Diagnostic Imaging Group, LLC (the "Company") who have three months of service and are age twenty-one and older. Participants employed on April 1, 2003 (date of inception) were automatically eligible to participate in the Plan. Effective by Plan Amendment on September 1, 2008, if an employee does not make an election not to participate, a mandatory contribution of 2% will be deducted from employee earnings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the designated administrator of the Plan. The Plan became effective April 1, 2003.

Contributions - Contributions to the Plan are made by the participants. Participants may elect to defer a maximum of 90% of pretax annual compensation, as defined by the Plan and consistent with the Internal Revenue Service guidelines. A participant's total contributions in any year may not exceed the maximum amounts for that year as specified in Sections 401(k) and 415 of the Internal Revenue Code and regulations thereunder. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution).

In addition, the Company may make a matching and/or discretionary contribution, at the option of the Company's Board of Directors. This contribution is determined each year by the Company and is based on the amount of each participant's elective deferral for the Plan year. Any participant who makes an elective deferral contribution and is credited with at least 1,000 hours of service during the Plan year will be eligible to receive an employer matching contribution. During the year ended December 31, 2011, the Company did not make any matching or discretionary contributions.

Participant accounts - Each participant's account is credited with the participant's contribution, employer matching and/or discretionary contributions, and Plan earnings. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of employer contributions and earnings thereon are used to reduce future employer contributions to the Plan.

DIAGNOSTIC IMAGING GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes receivable from participants - A participant may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Interest on participant loans is based on comparable market rates. Interest rates on outstanding loans range from 4.25% to 9.25%. Principal and interest is paid ratably through monthly payroll deductions over a term of no more than five years. Loans are available to all participants.

Investment options - Upon enrollment in the Plan, participants may direct contributions into any of several investment options and may change their investment options at their discretion.

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to 100% of the participant's account or receive annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Recent accounting pronouncements - In January 2010, Accounting Standards Update 2010-06, *Improving Disclosures About Fair Value Measurements* (ASU 2010-06), expanded the required disclosures about fair value measurements. ASU 2010-06 requires (i) separate disclosures of significant transfers into and out of Level 1 and Level 2, along with reasons for such transfers; (ii) separate presentation of gross purchases, sales, issuances, and settlements in the Level 3 reconciliation; and (iii) presentation of fair value disclosures by "nature and risk" class for all fair value assets and liabilities.

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

DIAGNOSTIC IMAGING GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income on notes receivable from participants is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962 "Plan Accounting - Defined Contribution Pension Plans," investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the provisions of FASB ASC 962, the statement of net assets available for benefits presents the fair value of the investment contracts as well as an additional line item showing an adjustment of fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis. At December 31, 2011 an adjustment of \$(41,789) was required to adjust the fully benefit-responsive contract from fair value to contract value.

Effective October 6, 2010, the trustee of the Bank of America, N.A. Retirement Preservation Trust ("RPT"), formerly the Merrill Lynch Retirement Preservation Trust, approved a resolution to terminate the RPT and commence the liquidation of its assets. Concurrent with the resolution, the RPT changed from a stable value fund to a short term bond fund and from contract value accounting to fair value accounting. The Plan did not incur any losses as a result of the change from a stable value fund to a short term bond fund.

On February 28, 2011, the balance of \$1,567,490 in the RPT was transferred to the Retirement Reserves Money Fund and on June 14, 2011 the balance of \$1,569,775 in the Retirement Reserves Money Fund was transferred to the Wells Fargo Stable Return Fund.

As of December 31, 2011, the Plan's participants had \$1,613,493 at contract value invested in the Wells Fargo Stable Return Fund G (the "Fund"). The Fund provides its participants with a medium for collective investment and reinvestment in investment contracts, including traditional guaranteed investments contracts and security-backed contracts issued by insurance companies and other financial institutions. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant

DIAGNOSTIC IMAGING GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

withdrawals. The fair value of the investment in the Fund was \$1,655,282 at December 31, 2011.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events - Management has evaluated events and transactions for potential recognition or disclosure through August 30, 2012, the date the financial statements were available to be issued.

3. Investments

Reliance Trust Company (Reliance Trust) is the custodian of the assets of the Plan. Reliance Trust has certified as to the accuracy and completeness of investments and notes receivable from participants and related income as reported in the accompanying financial statements and supplemental schedule as of December 31, 2011 and 2010, and for the year ended December 31, 2011.

The following investments represent 5% or more of the Plan's net assets at December 31:

DIAGNOSTIC IMAGING GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. Fair Value Measurements

FASB ASC 820, "Fair Value Measurements," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of a collective investment trust which is valued at net asset value (NAV) based on the fair value of the underlying investments held by the collective investment trust at year end. Unlike shares of registered investment companies, the NAV of collective investment trusts is not publicly available.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the reporting entity's own assumptions about the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input

DIAGNOSTIC IMAGING GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Company contributions.

See report of independent accountants.

DIAGNOSTIC IMAGING GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

6. Tax Status

The Plan obtained its latest determination letter dated August 7, 2001 in which the Internal Revenue Service stated the Plan was designed in accordance with the applicable requirements of the Internal Revenue Code. Although the Plan has been subsequently amended, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to December 31, 2008.

7. Party-In-Interest Transactions

Certain services are rendered to the Plan by the Company at no cost to the Plan. Certain recordkeeping fees for the Plan were paid to the recordkeeper directly by a financial institution whose investments were included in the Plan.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2011</u>	<u>2010</u>
Net assets available for benefits per the financial statements	\$4,225,970	\$3,874,366
Excess contributions payable to participants	<u>10,884</u>	<u>24,109</u>
Net assets available for benefits per the Form 5500	<u>\$4,236,854</u>	<u>\$3,898,475</u>

Net increase per the Form 5500	<u>\$ 338,379</u>

**9. Excess
Deferral
Contributions**

Contributions received from participants for 2011 and 2010 are net of payments of \$10,884 and \$24,109 made in March 2012 and 2011, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable to participants at December 31, 2011 and 2010.
