PINOVA, INC. SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2011 and 2010

(1) Plan Description

The following description of the Pinova, Inc. Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Pinova, Inc. (the Company), a wholly owned subsidiary of Pinova Holdings, Inc., under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Plan Administration

The Plan is administered by the Company. The responsibility is delegated to the Company's Fiduciary Committee, appointed by the board of directors of Pinova Holdings, Inc. Reliance Trust Company (Reliance) serves as trustee and asset custodian for the Plan. Standard Retirement Services, Inc. serves as the recordkeeper.

(c) Eligibility

All employees are eligible to participate in the plan on their date of hire with the exception of union, nonresident aliens, and leased employees.

(d) Contributions

Effective January 1, 2010, each eligible employee is automatically enrolled in the Plan, at a contribution rate of 3%, and becomes a participant of the Plan, unless otherwise elected by participant. For both 2011 and 2010, participants may contribute up to \$16,500 of pre-tax annual compensation, as defined in the Plan. Participants who are or will attain age 50 before the end of the plan year may elect to defer additional amounts up to \$5,500 (catch-up contributions) to the Plan as of January 1st of that year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, as well as direct rollovers from individual retirement accounts or annuities.

The Company matches participant contributions equal to 50% of salary deferrals up to 6% of eligible compensation for all Plan participants. The Company match for the years ended December 31, 2011 and 2010 was \$441,393 and \$382,425, respectively. The Company also makes a profit sharing contribution to the Plan equal to 2% of eligible compensation. The Company's profit sharing contribution for the years ended December 31, 2011 and 2010 was \$347,622 and \$293,520, respectively.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations of the Company's profit sharing contributions are based on participant earnings, as defined in the Plan document. Allocations of Plan

PINOVA, INC. SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2011 and 2010

earnings for investments are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their participant deferrals and their allocation of Company matching and Company profit sharing contributions into various investment options offered by the Plan.

(f) *Vesting*

Participants are immediately vested in all Company matching and profit sharing contributions, rollover contributions, and salary deferrals, including Roth 401(k) deferrals and catch-up contributions.

(g) *Notes Receivable from Participants*

Participants may borrow from the Plan using their vested account balance as security for the loan. Participant loans are repaid through payroll deductions. The minimum loan amount is \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participants' vested account balance. Generally, the term of the loan may not exceed five years; however, if the loan is for the purchase of a primary residence, the term of the loan may not exceed ten years. A participant may have only one loan outstanding at any time unless (1) one loan is a principal residence loan amortized for a period greater than five years, or (2) there was more than one loan outstanding at the time the loan policy took effect. An interest rate equal to Prime Rate plus 1% is fixed at inception and charged over the life of the loan.

(h) *Payment of Benefits*

Distributions of any participant's vested account balance may be made upon the participant attaining certain age requirements, termination of employment, death, permanent disability, and/or termination of the Plan. Participants are permitted to make hardship withdrawals if certain criteria are met. Distributions from a segregated rollover account may be made at any time. Participants may elect to have any portion of an eligible rollover distribution as defined by Internal Revenue Code (the Code) Section 402(c)(4) that is equal to at least \$500 paid directly to an eligible retirement plan specified by the participant. If a participant's account balance is \$1,000 or less, the participant's account balance will automatically be distributed as soon as practicable after termination.

(i) *Administrative Expenses*

Certain investment management fees are netted against investment income. Participants who take a loan or distribution from the Plan incur a one-time fee by the recordkeeper which is reflected as administrative expenses. All other administrative expenses including auditing and recordkeeping expenses are paid by the Company.

(2) Summary of Significant Accounting Policies

(a) *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) *Investment Valuation*

Investments are reported at fair value which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(c) *Income Recognition*

Net (depreciation) appreciation in fair value of investments includes the gain or loss on investments bought or sold during the year, as well as the unrealized change in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

(d) *Notes Receivable from Participants*

Participant's loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest.

(e) *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

(f) *Use of Estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(g) *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(h) *Recently Adopted Accounting Pronouncements*

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (820) – Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 provides amendments to Subtopic 820-10 and requires new disclosures for transfers in and out of Levels 1 and 2 and activity

PINOVA, INC. SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2011 and 2010

in Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosure requirements for the level of disaggregation for each Class of assets and liabilities and for the inputs and valuation techniques used to measure fair value. ASU 2010-06 is effective for financial statements issued for interim and annual periods ending after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements, which is effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. The adoption of this ASU did not have impact on the Plan's financial statements.

In January 2010, the FASB issued ASU No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans* (ASU 2010-25), which requires disclosure and measurement changes related to participant loans. For reporting purposes, participant loans shall be classified as notes receivable from participants and are no longer subject to fair value measurement disclosure requirements. In addition, notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted the amendments in ASU 2010-25 effective January 1, 2010.

(i) Reclassifications

Certain prior year amounts have been reclassified to conform to the current year financial statement presentation.

(3) Information Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

- Investments at fair value
- Due from broker for investments sold
- Due to broker for investments purchased
- Interest and dividends
- Net (depreciation) appreciation in fair value of investments
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

PINOVA, INC. SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2011 and 2010

(4) Investments

The following individual investments represented more than 5% of net assets of the Plan at December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Vanguard Target Retirement 2020 Fund Investor	\$ —	1,329,276
Vanguard 500 Index Fund Investor	—	1,206,634
Vanguard Target Retirement 2015 Fund Investor	—	857,007
Vanguard Target Retirement 2025 Fund Investor	—	775,105
Vanguard Money Market Prime Portfolio Fund #30	—	755,877
Vanguard Total Bond Market Index Fund Investor	—	524,096
Vanguard International Growth Fund Investor	550,761	494,946

During 2011 and 2010, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$188,546, and appreciated in value by \$618,495, respectively.

(5) Fair Value Measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, fair value measurement is determined based on the assumptions that market participants would use in pricing the asset. As a basis for considering market participant assumptions in fair value measurements, the Plan uses a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from independent sources (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the Plan's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.
- Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – Unobservable inputs for the asset or liability, which are typically based on the Plan's own assumptions, as there is little, if any, related market activity.

The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2011 and 2010, there were no significant transfers in or out of Level 1, 2, or 3.

(6) Income Tax Status

The sponsor of the prototype plan, on which this standardized plan is based, received a tax opinion letter from the Internal Revenue Service dated April 4, 2008, which indicates that the Plan, as designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, in the opinion of the Company and its counsel, the Plan has operated in accordance with the Code and the Plan document and therefore remains qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an

uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31, 2011:

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to the Form 5500 for the Plan year ended December 31, 2011:

Net decrease per financial statements	\$	(8,506,776)

(8) Non-Exempt Transactions

During the Plan year ended December 31, 2011, there were delays by the Company in submitting contributions and loan repayments to the trustee in the amount of \$49,482. The Company plans to reimburse the Plan for lost interest of approximately \$80 during July 2012.

During the Plan years ended December 31, 2011 and December 31, 2010, there were contributions withheld from participants subsequent to a hardship withdrawal and the Company plans to refund these participants these contributions and the related earnings during September 2012. Those 2011 and 2010 contributions and related earnings are reflected in the accompanying financial statements as excess contributions. Additionally, all employer matching and profit-sharing contributions of \$3,460 associated

with these excess contributions will be forfeited and those forfeitures will be used to reduce future employer contributions.

(9) Plan Termination

On December 6, 2011, the Board of Directors of Pinova Holdings, Inc. voted to merge the Plan into the Renessenz LLC Savings and Investment Plan (Renessenz Plan) effective as of the end of the day on December 31, 2011. The Renessenz Plan was renamed Pinova Holdings Savings and Investment Plan, effective January 1, 2012. However, because the Plan assets were not transferred to the Pinova Holdings Savings and Investment Plan until January 3, 2012, the Plan's financial statements still reflect all of the Plan's assets as of December 31, 2011.

(10) Subsequent Events

The Company's management has evaluated subsequent events through August 10, 2012, the date the financial statements were issued, and determined there are no other items to disclose.
