INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Ovonix Energy Products 401(k) Retirement Plan
Springboro, OH

We have audited the accompanying statements of net assets available for benefits of Ovonix Energy Products 401(k) Retirement Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of Schedule H, Line 4i – Schedule of Assets held for investment purposes (at end of year) as of December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ovonix Energy Products 401(k) Retirement Plan as of December 31, 2011, and the changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule H, line 4i-Schedule of Assets Held (at end of year) and Schedule H Part IV, line 4a – Schedule of Delinquent Participant Contributions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

OVONIC ENERGY PRODUCTS 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

A. DESCRIPTION OF PLAN

The following description of the Ovonic Energy Products 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

1. General – The Plan is a defined contribution plan covering substantially all employees of Ovonic Energy Products (the Company and Plan Sponsor) who are age eighteen or older and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. Contributions – Each year, participants may contribute pre-tax compensation up to the limits prescribed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company's matching contribution to the Plan is in the amount of 50% of the first 2% that a participant contributes to the plan.
3. Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocations of the Company's profit sharing and matching contributions and actual earnings, and charged with withdrawals and loan initiation fees, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. The Company's profit sharing, matching contributions and actual earnings vest on a five year graded schedule.
5. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus 1%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.
6. Payment of Benefits – Upon retirement or termination of service, a participant receives a single lump-sum payment equal to the value of the participant's vested interest in his or her account.

A. DESCRIPTION OF PLAN - (Continued)

7. Forfeited Accounts – Forfeited, non-vested accounts totaled \$12,226 and \$3,672 at December 31, 2011 and 2010, respectively. These amounts will be used to reduce future Plan Sponsor contributions. Employer matching contributions were reduced by \$5,987 from forfeited non-vested accounts in 2011.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in interest and dividends. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

A significant portion of the Plan's administrative expenses are paid by the Plan Sponsor.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Subsequent Events

The Plan has evaluated subsequent events through June 27, 2012, the date the financial statements were available to be issued.

C. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

D. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 16, 2004 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

E. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements):

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

J. RECENT ACCOUNTING PRONOUNCEMENT

In May 2011, FASB issued Accounting Standards Update ASU No. 2011-04, *Fair Value Measurement*, (within Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U S. GAAP. The objective of this update is to improve the comparability of fair value measurements presented and

NOTES TO FINANCIAL STATEMENTS - CONTINUED

J. RECENT ACCOUNTING PRONOUNCEMENT - (Continued)

disclosed in financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP), by changing the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and disclosing information about fair value measurements. The amendments include those that clarify FASB's intent about the application of existing fair value measurement and disclosure requirements and those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. This ASU, which is to be applied prospectively, is effective for public entities during interim and annual periods beginning after December 15, 2011 (early application is not permitted). For nonpublic entities, the amendments are effective for annual periods beginning after December 15, 2011. Nonpublic entities may early implement during interim periods beginning after December 15, 2011. Some of the disclosures required by the amendments in the ASU are not required for nonpublic entities.

In September 2010, the FASB issued ASU 2011-25, *Reporting Loans to participants by Defined Contributions Pension Plans*. ASU 2011-25 changed the reporting of loans to participants. Prior to ASU 2011-25, loans to participants were reported as investments at fair value. ASU requires that loans to participants be reported as notes receivable from participants at the unpaid principal balance, plus any accrued but unpaid interest. ASU 2011-25 is effective for periods ending after December 15, 2010.

- K. For the Plan year 2011, the Company has not remitted certain participant contributions to the Trustee in a timely manner based on when the participant contributions were withheld from participant paychecks as required under Department of Labor Regulations S2510.3-102.

The delinquent remittance of participant contributions have been reported as corrected outside the Voluntary Fiduciary Correction Program. (See Schedule H Part IV, 4a-schedule of delinquent participant contributions.)
