Ladies and Gentlemen:

We are providing this letter in connection with your audits of the financial statements of the North American Roofing Systems, Inc. 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for plan benefits (modified cash basis) for the year then ended December 31, 2011 and the supplemental schedule of assets (held at year end) (modified cash basis) as of December 31, 2011. We confirm that we are responsible for the fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

We understand that, at our instruction, you did not perform any audit procedures with respect to information prepared and certified to by Wells Fargo Bank, N.A., the trustee and custodian, in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (DOL Regulation 2520.103-8), other than comparing such information to the financial statements and supplemental schedule as of and for the year ended December 31, 2011. Because of the significance of the information that you did not audit, we understand that you will not express an opinion on the Plan's financial statements and supplemental schedule taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, make it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, as of the date of this representation letter, as entered on the first page, the following representations made to you during your audits:

(1) The Plan's financial statements referred to above are fairly presented in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The notes to the Plan's financial statements include all disclosures required by laws and regulations to which the Plan is subject. The Plan's supplemental schedule is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(2) We acknowledge our responsibility for the presentation of the supplemental schedule of assets (held at year end) as of December 31, 2011 in accordance with the applicable criteria and we believe the supplemental schedule including its form and content, is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The methods of measurement and presentation have not changed from those used in the prior period and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedule.

(3) We are responsible for adopting sound accounting policies, establishing and maintaining internal controls to, among other things, help assure the preparation of the Plan's financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and preventing and detecting fraud.

(4) We have made available to you all:

(a) Financial records and related data.

(c) Allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, beneficiaries, regulatory agencies, service providers, third-party administrators, law firms, predecessor accounting firms, or other professionals.

(10) There are no:

(a) Violations or possible violations of laws or regulations (including the failure to file reports required by regulatory bodies (e.g., DOL, IRS, state and municipal authorities) when the effects of failing to file could be material to the financial statements whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

The methods and significant assumptions used to determine fair values are in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, and take into account all the considerations therein.

We were engaged to audit the accompanying statements of net assets available for plan benefits (modified cash basis) of the **North American Roofing Systems, Inc. 401(k) Plan** (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for plan benefits (modified cash basis) for the year ended December 31, 2011 and the supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America permitted by the Department of Labor.

Because of the significance of the information that we did not audit, we are unable to and do not express an opinion on the accompanying financial statements and supplemental schedule as of December 31, 2011 and 2010, and for the year ended December 31, 2011. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the North American Roofing Systems, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on May 1, 2000, covering all employees of North American Roofing Services, Inc. (the Company) who have achieved 1 year of service, have worked a minimum of 1,000 hours, and are age 21 or older. Employees may enter the Plan January 1 or July 1 upon meeting the Plan's eligibility requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute any percentage of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

The Company may elect to provide a matching contribution and/or a profit sharing contribution each plan year. The extent and amount of each year's contributions, if any, are at the discretion of the Board of Directors. Any profit sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. Participants must have one year of service, worked a minimum of 1,000 hours, and be employed as of the end of the Plan year to receive the matching and profit sharing contributions. During 2011, the Company did not make any contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions (if any) and Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 14 mutual funds, 19 pooled funds, and 5 common/collective trust funds as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as shown below. Through December 31, 2011, the Company had not contributed to the Plan.

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participant Loans

In accordance with Plan provisions, participant loans are disallowed.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures

Forfeitures from nonvested participant accounts may be used to reduce future employer contributions or to pay any Plan administrative expenses. There were no forfeitures available to reduce employer contributions or pay Plan administrative expenses as of December 31, 2011 and 2010.

Administrative Expenses

An annual administrative fee for processing Form 5500 (the Plan's annual tax filing) and a full-service fee based on the number of participants in the Plan are paid by the Company. Fees paid by the Plan include trustee, asset, and third-party fees, which are directly deducted from the individual participant's accounts as charged by the funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The presentation is permitted by the Department of Labor

(DOL). Such accounting method includes recording investments at fair value. Additions and deductions are recognized as received or paid rather than as earned or incurred.

ASC 962, *Plan Accounting-Defined Contribution Pension Plans*, requires investment contracts held by a defined contribution plan to be reported at fair value. This applies even when the contracts are not held directly by the Plan but are underlying assets in Common Collective Trust (CCT) investments held by the Plan. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a CCT. As required by ASC 962, the Statement of Net Assets Available for Benefits present the fair value of the investment in the CCT as well as the adjustment of the investment in the CCT from fair value to contract value relating to the fully benefit responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis which approximates fair value.

Accounting Pronouncement to be Adopted

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with US GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Management Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, present the Plan's investment assets at fair value as of:

	Level 1	Level 2	Level 3	Total

*The Wells Fargo Stable Return Fund may invest in guaranteed interest contracts (GICs), bank investment contracts (BICs), and security backed contracts (synthetic GICs). The Fund generally invests up to 95% of its assets in these contracts. The fund has certain withdrawal restrictions for liquidity reasons. The provisions of the trust provide that withdrawals for other than normal benefit payments and participant directed transfers may require up to twelve months advance notice.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

The following is a roll-forward of the financial instruments at fair value on a recurring basis using significant unobservable inputs (Level 3) for the years ended December 31, 2011 and 2010.

	December 31,	
	2011	2010
Beginning balance	**$ 272,671**	$ 257,655
Contributions	**10,232**	11,510

Withdrawals	**(2,108)**	(10,670)
Fees	**(3,020)**	(2,855)
Net appreciation in fair value	**6,855**	7,976
Ending balance	**$ 313,782**	$ 272,671

The Plan assets identified as Level 3 instruments are comprised solely of stable value funds. They are not actively traded and valuation techniques used to measure their fair value are primarily based on data provided from the sponsors of the underlying stable value funds.

Risks and Uncertainties

The Plan provides investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for Plan benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee and Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2011 and 2010, and for the year ended December 31, 2011. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2011 and 2010, and for the year ended December 31, 2011 is complete and accurate.

	December 31,	
	2011	2010
Investments, at fair value:		
Mutual funds	**$ 502,935**	$ 593,320
Pooled funds	**687,840**	704,575
Common/collective trust funds	**408,067**	370,229

	Year Ended December 31, 2011
Net depreciation in fair value	**$ (67,546)**
Dividends	**12,641**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Investments

Investments representing five percent or more of the Plan's net assets were as follows:

	December 31,		
	2011	2010	
Mutual funds:			
EuroPacific Growth Fund (Class R-3)	**$ 84,262**	$ 95,414	
Loomis Sayles Strategic Income A	**86,258**	82,820	*
Common/collective trusts:			
Wells Fargo Stable Return G	**299,639**	262,606	

*Less than 5%

5. Related-party Transactions

Certain Plan investments are trusts managed by affiliates of Wells Fargo Bank, N.A., which is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions for the year ended December 31, 2011.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and the balance of the net assets of the Plan would be allocated among the participants and beneficiaries as prescribed by ERISA.

7. Tax Status

The Internal Revenue Service has ruled that the Plan constitutes a qualified trust under Section 401(a) of the IRC and is thus considered exempt from federal income taxes.

The Plan has adopted a Non-Standardized Prototype Plan Document sponsored by Wells Fargo Bank, N.A. that obtained its latest determination letter on September 28, 2004, in which the Internal Revenue Service stated that the Prototype Plan Document, as then designed, was in compliance with the applicable requirements of the IRC. The determination letter has not been updated for any Plan amendments. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

Uncertainty exists regarding tax positions taken in previously filed tax returns still subject to examination and positions to be taken in future returns. There were no uncertain tax positions for the year ended December 31, 2011; and accordingly, the Plan has no accrued interest or penalties recorded.

The tax years 2008 – 2011 remain open to examination by the taxing jurisdictions to which the Plan is subject. The Plan is no longer subject to examination by the taxing jurisdictions for years prior to 2008.

8. Excess Employee Contributions

In accordance with the Tax Reform Act of 1986, the Plan is required to be in compliance with federal regulations regarding discrimination testing. Excess contributions, including earnings, for 2010 returned during 2011 were $17,638 and are included in benefits paid for 2011. Excess contributions for 2011 of $21,605 were returned in April 2012.

9. Subsequent Events

Subsequent events were evaluated through August 22, 2012, the date the financial statements were available to be issued.
