MED STAFF, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2011 and 2010

NOTE 1 - Description of Plan

The following description of the Med Staff, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was a defined contribution plan covering certain employees of Med Staff, Inc. and Health Staffers, Inc. (the "Company") who met the eligibility requirements of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On December 31, 2011, the Plan assets were transferred to the Cross Country Healthcare Inc. 401(k) Plan and the Medstaff Inc. 401(k) Plan was terminated effective December 31, 2011.

Plan Amendments - Effective January 1, 2010, the Plan was amended and restated to incorporate the required provisions of the Economic Growth and Tax Relief Reconciliation Act (EGTRRA).

Contributions - Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan. Participants, who are age 50 or older and are making contributions to the Plan, are allowed to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered twenty (20) mutual funds and a money market account as investment options for participants. Participants may change their investment options at any time. The Company may elect to make a matching contribution to the Plan based on a discretionary percentage of base compensation that a participant contributes to the Plan. The Company's matching contribution was 25 percent of the first 5 percent of base compensation that a participant contributes to the Plan. The matching Company contribution is participant directed as above. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are participant directed as above. During 2011, there were no additional profit sharing contributions made. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. A participant shall become 100 percent vested upon death, disability or normal retirement.

MED STAFF, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2011 and 2010

NOTE 1 - Description of Plan (continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The maximum amount will be reduced by the participant's highest outstanding payable balance in the previous twelve months, even if the amount has been repaid. The notes receivable terms range up to five years, unless for the purchase of primary residence, in which case the repayment period may exceed five years. The notes are secured by the balance in the participant's account and bear interest at 4.25 percent, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability or retirement, or upon termination of employment, a participant or their beneficiary (ies) may elect to receive a lump sum payment, installments, or a partial withdrawal depending on the value of the participant's vested account balance.

Forfeited Accounts - At December 31, 2011 and December 31, 2010, forfeited non-vested accounts totaled \$8,762 and \$17,565, respectively. Forfeitures may be applied first to payment of administrative expenses and then may be used to reduce employer matching contributions. During 2011, employer contributions were reduced by \$11,550 from forfeited non-vested accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and money markets are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

December 31, 2011 and 2010

NOTE 2 - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan are paid by the Company.

NOTE 4 - Information Prepared and Certified by Custodian (Unaudited) (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 5 - Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs, other than quoted prices, that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and December 31, 2010.

NOTE 5 - Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

Fair Value Measurements as of December 31, 2010

NOTE 6 - Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the Plan is accepted under Section 401(a) of the Internal Revenue Code (the "Code") for use by employers for the benefit of their employees. In accordance with Revenue Procedure 2005-16, 2005-1 C.B. 674, the Plan Sponsor has adopted this Plan and may rely on the current qualifications of the IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan has been designed to comply with the requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 6 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7 - Plan Termination and Merger

On December 31, 2011, the Plan assets were transferred to the Cross Country Healthcare Inc. 401(k) Plan. As a result, on December 31, 2011, all participant account balances were transferred to the new plan and the Med Staff, Inc. 401(k) Plan was terminated.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the Statements of Net Assets Available for Benefits.
