Report of Independent Auditors

To the Plan administrator and participants
of the Carleton Technologies Inc.
Employees' Retirement Savings Plan
Orchard Park, NY

We were engaged to audit the financial statements of the Carleton Technologies Inc. Employees' Retirement Savings Plan (the "Plan") as of and for the years ended December 31, 2011 and 2010, and the related supplementary information as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplementary information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Personal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplementary information. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary information taken as a whole. The supplementary information is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Employees' Retirement Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following brief description of the Carleton Technologies Inc. Employees' Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established on January 1, 2004, and is sponsored by Carleton Technologies Inc. (the "Plan Sponsor"). The Plan covers substantially all employees of the Plan Sponsor who began employment after January 1, 2004, and have completed one month of service and are at least twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – The Plan is completely funded through Plan Sponsor contributions. Plan Sponsor contributions are calculated based on a participant's years of service and also the age of the participant.

During each applicable Plan year, the Plan Sponsor will contribute to each qualified participant an amount determined using the following schedule:

<i><u>Years of Service Completed by January 1 of a Plan Year</u></i>	<i><u>Rate of Contribution of Covered Compensation</u></i>
0-4	0.50%
5-9	1.25%
10-14	2%
15-19	2.75%
20-24	3.50%
25-29	4.25%
30+	5%

The Plan Sponsor will also contribute to accounts of eligible participants, an amount based on the participant's age as of January 1 of the applicable plan year. The percentage is increased for each year of age of the participant, starting at .03% of a participant's covered compensation at age twenty-one, up to a maximum amount of 6.5% of covered compensation at age sixty-five and older.

Employer contributions receivable reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010 include approximately \$3,800 of interest incurred related to prior years' late employer contributions and loss earnings.

Carleton Technologies Inc.
Employees' Retirement Savings Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by Plan Sponsor contributions and the participant's share of Plan earnings. Participant accounts are decreased by benefits paid to participants and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants vest in Plan Sponsor contributions at 25% per year of service and become fully vested after four years of service. Forfeited non-vested benefits, which are used to reduce future Plan Sponsor contributions, amounted to \$11,483 and \$12,305 during the years ended December 31, 2011 and 2010, respectively.

Payments of Benefits – Plan assets allocated to a participant's account will be distributed upon termination of employment or death. A participant may not withdraw any part of the balance during the participant's employment with the Plan Sponsor or an affiliated employer. Minimum distributions will begin on the participant's date of retirement. Distributions will be calculated based on the participant's account balance and the distribution period set forth in the Uniform Lifetime Table set forth in Section 1.401 (a)(9)-9 of the Treasury Department regulations.

Loans to Participants – In accordance with Plan provisions, no loan may be made to a participant from the participant's account.

Income Taxes – The Plan obtained its latest determination letter on December 2, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended subsequent to the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Employees' Retirement Savings Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Termination – Although it has not expressed an intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in Plan Sponsor contributions and associated earnings.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared using the accrual basis of accounting.

Valuation of Investments – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds offered by registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation in fair value of investments which includes both realized gains and losses and unrealized appreciation (depreciation) in the fair value of investments. Realized gains and losses on disposition of investments are based upon actual costs and selling prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses – All accounting and administrative expenses related to the administration, operation and maintenance of the Plan, including, without limitation, any expense relating to the preservation of the qualification of the Plan under Section 401(a) of the Code, may be paid from the Plan assets. At the discretion of the Plan Sponsor, any such expenses, disbursements, or charges, may be paid by the Plan Sponsor. During the years ended December 31, 2011 and 2010, the Plan Sponsor paid substantially all expenses related to the Plan.

Party-in-Interest Transactions – Certain Plan investments are cash reserves held by Fidelity Personal Trust Company ("Fidelity"). Fidelity is the Plan trustee, and therefore these transactions qualify as party-in-interest transactions.

Carleton Technologies Inc.
Employees' Retirement Savings Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Subsequent Events – The Plan has evaluated subsequent events through July 30, 2012, the date the financial statements were available to be issued.

3. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate. Individual investment securities that met or exceeded 5% of the Plan's net assets available for benefits at December 31, 2011 or 2010 have been separately identified.

	<u>2011</u>	<u>2010</u>
Spdr S&P 500 ETF Trust	\$ 468,115	\$ 396,741
Vanguard Total Bond Market Index Fund Signal	452,462	355,299

Other	<u>431,472</u>	<u>323,062</u>
	<u>\$ 1,766,490</u>	<u>\$ 1,380,402</u>

Additionally, Fidelity has certified interest and dividends earned totaling \$46,037 and \$25,740 and net appreciation (depreciation) totaling (\$20,348), and \$131,240 for the years ended December 31, 2011 and 2010, respectively.

4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- Level 2 Inputs – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- Level 3 Inputs – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. All of the Plan's assets held as of December 31, 2011 and 2010 utilized level 1 inputs within the fair value hierarchy.
