INDEPENDENT AUDITORS' REPORT

Plan Administrator
ECP 401(k) Plan

We were engaged to audit the financial statements of the ECP 401(k) Plan as of December 31, 2011, and for the year then ended. These financial statements are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan. Their report, dated October 13, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and the year ended December 31, 2011 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

On December 31, 2011, the ECP 401(k) Plan merged with the Wilbert, Inc. 401(k) Retirement Savings Plan ("Wilbert Plan") and the Wilbert Plan was the survivor.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

1. DESCRIPTION OF THE PLAN

The following description of the ECP 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Easley Custom Plastics, Inc. (the "Company") who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Merger

On June 24, 2011, the Board of Directors of Easley Custom Plastics, Inc. approved the merger of the Plan into the Wilbert, Inc. 401(k) Retirement Savings Plan ("Wilbert Plan") effective December 31, 2011 with the Wilbert Plan being the survivor. As a result, all investments were transferred from the Plan into the Wilbert Plan on that date.

Contributions

Each year participants may contribute up to an annual limit of the lesser of 60 percent of eligible compensation or the annual deferral limit as adjusted by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various registered investment company funds and a common/collective trust fund as investment options for participants. Participants become eligible to receive Company contributions after completing six months of service, as defined in the Plan. Contributions are subject to certain limitations.

Vesting

Participants are vested immediately in their voluntary contributions to the Plan plus investment earnings thereon. Vesting in the Company's contributions of their account plus actual earnings thereon is based on years of continuous service. A participant is thirty-three percent vested after one year of service, an additional thirty-four percent vested after two years of service and one hundred percent vested after three years of credited service.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Company's contributions, and (c) an allocation of the Plan's earnings (losses). Each participant's account is charged with an allocation of the Plan's expenses. Allocations of Plan earnings and administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

1. DESCRIPTION OF THE PLAN – CONTINUED

Notes Receivable From Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50 percent of their vested balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 5.00 percent to 5.25 percent as of December 31, 2011. All loans bear a reasonable rate of interest based on prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installment payments over a specified period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled \$0 and \$10, respectively. These accounts will first be used to reduce future Company matching contributions and then to reduce the Plan's administrative expenses.

Excess Contributions Payable

The Plan is required to return to the participants contributions received during the plan year in excess of the IRC limits.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in their accounts and not subject to forfeiture.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures or contingent assets and liabilities. Actual results could differ from those estimates.

ECP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of its investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the plan are paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 4, 2012, the date the financial statements were available to be issued.

3. INVESTMENTS

The following presents investments that represent at least 5% of the Plan's net assets at December 31:

	2011	2010
Merrill Retirement Preservation Trust	*	\$ 510,784
American Funds the Growth Fund of AM-R	*	241,945
Blackrock Equity Dividend-R	*	256,048
Delaware Corporate Bond-R	*	679,792

* Investment was less than 5% of net assets available for benefits.

4. FAIR VALUE OF FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs and information other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common/collective investment trust - These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the Administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Mutual funds - These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Reliance Trust Company, the trustee, as of December 31, 2011 and 2010 and for the year ended December 31, 2011, as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value
- Notes receivable from participants
- Investment income and interest income on notes receivable from participants

6. RELATED PARTY TRANSACTIONS

Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. Those transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the Internal Revenue Code ("IRC") and ERISA's rules on prohibited transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value of investments.

ECP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

7. TAX STATUS

The Plan is an adoption of a Prototype Non-Standardized 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service ("IRS") March 31, 2008 for the ADP Retirement Services prototype plan (prototype plan adopted under Reliance Trust Company as trustee), in which the IRS stated that the Prototype Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has since been amended, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is being operated, in compliance with applicable requirements of the IRC and has no income subject to unrelated business income tax and therefore, the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.
