NOTE 1 DESCRIPTION OF PLAN

The following description of the Superior Energy 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a defined contribution 401(k) plan covering all full time employees of Superior Energy Services, Inc. and its wholly owned subsidiaries (the Company) as follows:

Concentric Pipe and Tool Rentals, L.L.C.	Blowout Tools, Inc.
CSI Technologies, L.L.C.	Connection Technology, L.L.C.
Hallin Marine Subsea International	Fastorq, L.L.C.
HB Rentals, L.L.C.	International Snubbing Services, L.L.C.
Production Management Industries, L.L.C.	Sub Surface Tools, L.L.C.
Stabil Drill Specialties, L.L.C.	Superior Energy Services, L.L.C.
Superior Energy Services, Inc.	Warrior Energy Services Corp.
Superior Inspection Services, Inc.	Workstrings, L.L.C.
Wild Well Control, Inc.	

Employees are eligible to participate in the Plan on the first payroll date on which the participant receives a paycheck with no age requirement. The Plan entry dates are the first day of each payroll period following completion of eligibility requirements.

The Plan allows participants to defer a percentage of their annual compensation through contributions to the Plan.

Effective July 1, 2011 Prospect Flow Solutions, Inc. 401(k) Plan merged into the Superior Energy 401(k) Plan. The Prospect employees were immediately eligible to participate in the Superior Energy 401(k) Plan. A total amount of $52,341 was merged into the Plan.

Employer Contributions

For each plan year, the Company may declare a matching contribution in an amount equal to a percentage of elective deferrals made by each participant by resolution of the Board of Directors, by the Administrative Committee (Committee), or by any person(s) to whom the Board has delegated, if the Board of Directors delegates this task to the Committee or person(s).

At the end of each Plan year, the Company may declare an additional matching contribution in an amount equal to a percentage of the elective deferrals made by each participant by resolution of the Board of Directors, by the Committee, or by any person(s) to whom the

NOTE 1 DESCRIPTION OF PLAN (continued)

Board has delegated, if the Board of Directors delegates this task to such Committee or person(s).

The Board resolution or Committee minutes may limit the contributions matched to a specified percentage of compensation or limit the amount of the match to a specified dollar amount.

Participant Contributions

Each year, participants may contribute up to the lesser of seventy-five percent (75%) of pretax annual compensation, including bonuses, or the maximum permissible by section 402 of the Internal Revenue Code ($16,500 in 2011). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants age 50 or older during the Plan year may also elect to make a "catch-up" contribution, subject to certain IRS limits ($5,500 in 2011). Contributions are subject to certain limitations as defined by the Plan.

Participant Accounts

Each participants account is credited with the participants' contribution and allocation of:

(a) The Employer's matching contribution,
(b) The Employer's additional contribution, when provided
(c) Plan earnings,
(d) Forfeitures of terminated participants' non-vested accounts, and
(e) Certain administrative expenses.

Matching contributions are allocated based on a percentage of the participant's elective deferral contribution, as defined. Additional contributions, if any, are allocated based on each eligible participant's annual compensation. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses

Certain Plan administrative expenses are partially absorbed by the Employer. During 2011 the Plan incurred $24,165 in administrative expenses. These expenses were directly charged to those participants with certain transactions that occurred during the Plan year.

Investment Options

Each participant in the Plan determines the allocation of his/her account balance among the various pooled separated accounts and a fixed income fund offer by the Plan. Participants may transfer all or a portion of their account balance among any of the options on a daily basis.

NOTE 1 DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant vests 100% after two (2) years of credited service instead of the prior six (6) years of credited service.

Participants in a subsidiary's old plan, if any, may be credited with the greater of: (i) the years of service completed in accordance with this Plan, (ii) the service credited according to the terms of the prior plan, (iii) the service crediting hours from acquired entities.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum payment equal to the value of the participant's vested interest in his or her account, as defined. For the termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Benefits are recorded when paid.

Loans to Participants

The Plan does not allow loans to be taken from participant balances. Outstanding loan balances in the Plan were transferred in from terminated plans that merged into this Plan. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participant's would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based on quoted market prices in an active market. The fair value of the guaranteed interest contracts is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant loans are valued at cost, which approximates fair value. Purchases and sales are recorded on a trade-date basis.

The statements of net assets available for benefits include fully benefit responsive investment contracts recognized at fair value with a corresponding adjustment to reflect these investments at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a group annuity contract with ING Life Insurance Company. See Note 4 for additional disclosures.

Interest is recorded as earned and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

Subsequent Events

The Plan has evaluated subsequent events through August 15, 2012, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The following represents investments that represent five percent (5%) or more of the Plan's net assets as of December 31, 2011 and 2010, respectively.

Van Kampen Equity and Income Port	5,306,109

Stable Value Option	16,522,006
Marsico Int'l Opportunity Port-Svc	6,393,339
Pioneer Fund	7,630,821

During 2011, the Plan's investments in pooled separate accounts and guaranteed interest fund (including gains and losses on investment bought and sold, as well as held during the year) depreciated in value as follows:

Guaranteed interest contract	$ 663,698
Pooled separate accounts	(2,856,624)
	$ (2,192,926)

NOTE 4 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a group annuity contract with ING Life Insurance and Annuity Company ("ING"), which is a benefit-responsive investment contract. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 4 INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relative measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus any earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 20 1 was $23,773,618. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The average yield for the year ended December 31, 2011 was 3.49%.

Certain events limit the ability of the Plan to transact and contract value with the issuer. Such events include the following: (1) amendments to Plan documents (including complete are partial plan termination or merger with another party), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify from exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit ING to terminate the agreement prior to the scheduled maturity date.

NOTE 5 FORFEITURES

Forfeitures of terminated participants' non-vested accounts for the year ended December 31, 2011 were $28,537. Forfeitures are allocated to participants in the same manner as the contributions from which the forfeitures were derived. Also, forfeitures may be used to reduce future employer contributions or pay for Plan expenses. During 2011, $19,877 was used to reduce current employer contributions.

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Company has elected the method of annual reporting compliance permitted by 29 CRF 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING Life & Annuity Company has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (continued)

a. Investments, as shown in the statements of net assets available for Plan benefits as of December 31, 2011 and 2010.

b. Investment income, as shown in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2011.

c. The schedule H, Line 4i – schedule of assets (held at the end of the year) as of December 31, 2011, as shown on the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedule.

NOTE 7 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by ING Life Insurance & Annuity Company, the custodian of the Plan, therefore, the investment transactions qualify as party-in-interest.

NOTE 8 TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the trustee believe that the Plan is currently designed and being operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in accounts.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term.

NOTE 11 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs used to develop those assumptions and measure of fair value. The hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing methods, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

As required by ASC 820 (formally SFAS No. 157), at December 31, 2011 and 2010, the Plan's portfolio investments were classified as follows, based on fair values:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Guaranteed investments	$ -	$23,773,618	$ -	$ 23,773,618
Pooled separate accounts	89,723,926	-	-	89,723,926
Totals	$89,723,926	$23,773,618	$ -	$ 113,497,544

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Guaranteed investments	$ -	$16,522,006	$ -	$ 16,522,006
Pooled separate accounts	84,011,856	-	-	84,011,856
Totals	$84,011,856	$16,522,006	$ -	$ 100,533,862

NOTE 12 SUBSEQUENT EVENTS

In February 2012, the Company announced the acquisition of Complete Production Services, Inc. All employees of Complete Production Services, Inc. (Complete) and Rising Star Services, Inc., a wholly owned subsidiary of Complete, will become eligible to participate in the Plan once the merger is finalized.

NOTE 12 SUBSEQUENT EVENTS (continued)

Effective January 1, 2012, the Plan was amended to establish a new eligibility requirement of sixty days from the date of hire in order to become eligible to participate. The Plan was also amended to qualify as a safe harbor plan, whereby participants are immediately 100% vested in employer matching contributions upon participation in the Plan.
