COMMUNITY FINANCIAL MEMBERS FEDERAL CREDIT UNION CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Note 1 - Description of the Plan

The following description of the Community Financial Members Federal Credit Union Capital Accumulation Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Community Financial Members Federal Credit Union who have attained age 18 and completed 90 days of service. An employee can become a participant in the Plan on the first day of the calendar quarter following eligibility. Certain union employees, non-resident aliens and part-time employees who work less than 1,000 hours per year are excluded from eligibility.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As discussed in Note 3, the Plan merged effective January 1, 2012 into another plan.

Administration

The Plan Administrator is Community Financial Members Federal Credit Union (the Credit Union). The Plan maintains 7 individuals collectively known as the Trustee of the Plan. Effective June 2, 2011, the Investment Custodian is MG Trust Company, LLC. CUNA Mutual Group, which is affiliated with CUNA Mutual Insurance Society, is the Investment Custodian for the Stable Value Fund and the Common/Collective Trust. The Investment Custodians hold all of the Plan's assets and execute all of the Plan's transactions. The Credit Union has retained CUNA Mutual Group to provide participant recordkeeping and administration services.

Prior to June 2, 2011, Marshall & Ilsley Trust Company was the Plan's Custodian and record keeper.

Note 1 - Description of the Plan - Continued

Contributions to the Plan

The Plan allows participants to defer up to 100% of their salary through payroll withholdings to several investment alternatives as directed by the participant. The amount of a participant's contributions for any calendar year may not exceed certain limits under Section 402(g) of the Internal Revenue Code. The limit is $16,500 for the year ended December 31, 2011. Participants who have attained age 50 before the end of the period are eligible to make additional 'catch-up' contributions.

The Plan also provides for employer matching contributions equal to 100% of the participants deferrals not to exceed 10% of the participants compensation. Prior to June 1, 2011, the maximum match formula was 100% of the first 5% of participant's compensation. The total employer match contributions amounted to $360,604 for the year ended December 31, 2011.

The Internal Revenue Code also sets limits on total employer contributions made to a participant's account. This limit, referred to as the annual addition limit, is the lesser of $49,000 or 100% of a participant's compensation for the years ended December 31, 2011 and 2010.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount, an annuity, a partial withdrawal or payment in substantially equal installments. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the plan document.

Note 1 - Description of the Plan - Continued

Forfeitures

Forfeitures attributable to employer contributions may be used to offset plan administrative costs or may be used to fund future employer contributions. Forfeitures in the amount of $6,853 were used to fund employer contributions for the year ended December 31, 2011. There was a balance in the forfeiture account of $1,085 at December 31, 2011.

Eligibility and Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. Employer matching contributions vest based on years of service at a rate of 25% per year following the first year of service. Participants are 100% vested after the completion of 5 years of service.

Notes Receivable - Participant Loans

Generally accepted accounting principles require the Plan to show participant loans as notes receivable rather than investments. This excludes participant loans receivable from the required fair value disclosures discussed in Note 6.

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as participant-directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing prime rates. The interest rate on loans outstanding as of December 31, 2011 and December 31, 2010 ranged from 4.25% to 9.25%, respectively. Principal and interest is paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments are recorded when they are earned. Expenses are recorded in the accounting period in which they are incurred.

Investments

Investments in securities traded on a national securities exchange are valued based on published quotations on the last business day of the year. Securities not so traded are valued at the latest available and appropriate bid price on that date. Fund investments are valued based on the market value of the underlying investments as of the last business day of the year. Realized gains and losses on investment transactions are recorded as the difference between proceeds received and carrying value. Net unrealized appreciation or depreciation in the fair market value of investments is recorded as the change in carrying value of the investment portfolio from the beginning of the year or date of purchase to the end of the year.

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurements

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 2 - Summary of Significant Accounting Policies - Continued

Allocation of Investment Income and Gains and Losses

Funds contributed by participants are invested in MG Trust Company, LLC and CUNA Mutual Group at percentages as directed by participants.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees are paid directly by the Plan Sponsor.

Other fees and expenses relating to the day-to-day plan operations are paid by the Plan. These fees are recorded when paid. Individual participants are responsible for fees related to their own loans or distributions.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 22, 2012, which is the date the financial statements were available to be issued. See Note 3 for information regarding termination of the Plan subsequent to December 31, 2011.

Note 3 - Plan Termination/Merger

The Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Effective January 1, 2012, the Plan merged into the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan #333.

Note 4 - Plan Amendment and Tax Status

The Plan is a non-standardized prototype plan, which has been filed with the Internal Revenue Service (IRS) and has received a favorable opinion letter dated April 9, 2008, from the Internal Revenue Service. The Plan was most recently amended and re-stated effective January 1, 2009. While the amended plan document has not received an IRS determination letter, the Trustees believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, the Plan qualifies under Section 401(a) and is tax-exempt as of December 31, 2011. As of December 31, 2011, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Income tax filings are subject to audit by various taxing authorities. Open audit periods are 2008 - 2011. The Plan is currently not being examined and the Plan's management believes its tax-exempt status would be upheld under examination.

Note 5 - Unaudited Information Certified by the Custodians

The Credit Union (Plan Administrator) has engaged MG Trust Company, LLC and CUNA Mutual Insurance Society for the period June 2, 2011 through December 31, 2011 to act as Custodians of the Plan. Marshall & Ilsley Trust Company was engaged for the period January 1, 2011 through June 1, 2011 and for the year ended December 31, 2010 to act as Custodian of the Plan. For the years ended December 31, 2011 and December 31, 2010, the financial statements were prepared based on information certified by the Custodians.

Note 6 - Unaudited Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Assets measured at fair value on a recurring basis are summarized below:

	As of December 31, 2011

Note 6 - Unaudited Fair Value Measurements - Continued

	As of December 31, 2010			
	Fair Value Based on			
	Assets Measured At Fair Value	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobserv-able Inputs (Level 3)
Mutual Funds				
Objective Funds	$ 1,281,156	$ 1,281,156	$ -	$ -
Small Cap Core Funds	1,042,336	1,042,336	-	-

Total investments	$ 7,594,006	$ 4,894,541	$ 1,918,569	$ 780,896

The Mutual Funds and Common/Collective Trust Funds' fair values are determined by reference to quoted market prices and other relevant information generated by market transactions. The Stable Value Fund is valued at the Plan's proportionate share of the total calculated fair value of the underlying assets held in the CUNA Mutual Stable Value Fund as of the valuation date. The value is determined by adjusting contract value by a set formula which takes into account the interest rate actually earned by the fund in the most recent time period and the market rate of the interest on new money.

Note 6 - Unaudited Fair Value Measurements - Continued

The stable value account is valued at Level 3 using unobservable inputs for valuing the asset or liability. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the year ended December 31, 2011:

	As of December 31, 2011 Fair Value Based on Using Significant Unobservable Inputs (Level 3)
	Stable Value Account
Balance as of January 1, 2011	$ 780,896
Net realized and unrealized gain on investments	22,295
Purchases	234,234
Issuances	(256,035)
Balance as of December 31, 2011	$ 781,390

Note 7 - Party-in-Interest Transactions

Certain plan investments are shares of funds managed by CUNA Mutual Insurance Society, who is the Plan's record keeper. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
