Savings Plan and Trust

We were engaged to audit the financial statements and supplemental schedule of HHA Services 401(k) Retirement Savings Plan and Trust (the "Plan") as of December 31, 2011 and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of HHA Services 401(k) Retirement Savings Plan and Trust as of and for the year ended December 31, 2010 were audited by other auditors, whose report dated October 10, 2011 disclaimed an opinion as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and by Union Bond and Trust (an affiliate of Principal Life Insurance Company), collectively, the custodians of the Plan, except for comparing such information with the related information included in the December 31, 2011 financial statements and supplemental schedule. We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and participant notes receivable and execute related transactions. The plan administrator has obtained certifications from the Custodians as of and for the year ended December 31, 2011 that the information provided to the plan administrator by the Custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

The following description of HHA Services 401(k) Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of HHA Services, Inc. (the "Company"). Employees are automatically enrolled in the Plan upon commencement of employment; however, participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Employee contributions represent a percentage of each eligible participant's pretax earnings as defined in the plan agreement and are subject to the limits imposed by the Internal Revenue Code. Participants are immediately vested in their employee salary and rollover contributions plus actual earnings thereon.

The Plan provides for discretionary employer matching contributions of 50 percent of employee deferrals up to 3 percent of compensation, as defined in the plan agreement. Participants are eligible to begin receiving employer matching contributions after one full year of employment.

In addition, the Company may make additional discretionary contributions for eligible employees as approved by its board of directors. There were no discretionary contributions during 2011 or 2010.

Participant Accounts - Each participant's account is credited with the participant's contribution and the participant's share of the Company's contributions and allocations of plan earnings or losses and administrative expenses, if any. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Payment of Benefits - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Participants may also elect to receive payment in the form of various annuity options offered by the Plan. A participant may receive early distributions after age 59 and one half.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Note 1 - Plan Description (Continued)

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals. Plan participants' requests for withdrawal must be in writing on a form provided by the plan administrator. Plan participants must complete and return it before the date of withdrawal.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants are 100 percent vested in contributions made by the Company after three years of service.

Forfeitures - If a participant is not fully vested on their termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions. At December 31, 2011 and 2010, forfeited account balances totaled $7,223 and $0, respectively.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the trustees shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain Plan investments are shares of investments managed by the Principal Life Insurance Company (Principal Life), Union Bond and Trust, and their affiliates. Principal Life and Union Bond and Trust are the custodians as defined in the Plan and therefore, these transactions qualify as party-in-interest transactions.

Additionally, certain administrative expenses of the Plan are paid by the Company which qualify as party-in-interest transactions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value, except for its common collective trust fund (Principal Stable Value Fund), which is stated at contract value. Common collective trust funds that invest in fully benefit-responsive investment contracts (commonly known as stable value funds) are adjusted to contract value in the financial statements. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the stable value common collective trust fund is based on discounting the related cash flows of the underlying guaranteed investment contracts based on current yields of similar instruments with comparable durations. The pooled separate accounts are valued at net asset value per share (or its equivalent) of the accounts, which are based on the fair value of the funds' underlying assets. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Note 2 - Summary of Significant Accounting Policies (Continued)

Restatement - Certain prior year amounts have been reclassified to conform to the current year presentation. It was determined that approximately $1 million of investments previously classified as Level 3 investments by the predecessor auditor should have been classified as Level 2 based on the fair value hierarchy. Accordingly, the 2010 fair value disclosure has been restated.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 30, 2012, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Principal Life Insurance Company (Principal Life) and Union Bond and Trust (an affiliate of Principal Life) (collectively, the "Custodians") hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and schedule of assets held at end of year are based on solely on information provided by Principal Life and Union Bond and Trust.

Investments that exceed five percent of the Plan's end of year net assets are as follows:

	2011	2010
Common collective trust - At contract value -		
Principal Stable Value Fund	$ 659,908	$ 677,608
Pooled separate accounts - At fair value:

Principal Global Investors Bond & Mortg. Sep Acct	182,224	307,025
Principal Glbl Investors LgCap SP500 Ind Sep Acct	161,449	197,726

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes it is no longer subject to tax examinations for years prior to 2008.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2011 and 2010 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The pooled separate account classified as a Level 3 investment at December 31, 2010 is due to the distribution limitations discussed in Note 7.

There were no unfunded commitments or redemption restrictions.

(2) This class of pooled separate accounts invests mainly in domestic stocks. There were no unfunded commitments or redemption restrictions.

(3) This class of pooled separate accounts invests mainly in international stocks. There were no unfunded commitments or redemption restrictions.

(4) This class of pooled separate accounts invests mainly in fixed securities such as domestic and foreign corporate bonds, asset-backed securities, commercial mortgage-backed securities, and government bonds. There were no unfunded commitments or redemption restrictions.

(6) This class of pooled separate accounts invests in publicly traded mutual funds, which in turn invest in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures. There were no unfunded commitments or redemption restrictions.

(7) This class of pooled separate accounts invests mainly in owned commercial real estate and includes mortgage loans which are backed by the associated properties. There were no unfunded commitments or redemption restrictions as of December 31, 2011. As of December 31, 2010, there was a withdrawal limitation as described in Note 7.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. During 2011, an investment previously classified as Level 3 was transferred to a Level 2 classification as a result of elimination of the withdrawal limitations as described in Note 7. There were no significant transfers between levels of the fair value hierarchy during 2010.
