To the Participants and Plan Administrator
MMH Partners LP 401(k) Plan

We were engaged to audit the statements of net assets available for benefits of MMH Partners LP 401(k) Plan (the "Plan") as of December 31, 2011 and 2010 and the statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Part IV, line 41 – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note C, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As further discussed in Notes A and B to the financial statements, the Board of Directors of MMH Partners LP, the Plan's sponsor, voted to terminate the Plan effective March 31, 2011. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements. There was no material impact from the change to liquidation basis in 2011.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MMH Partners LP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of MMH Partners LP (the “Company,” “Employer” or “Plan Sponsor”) who have completed three months of service, as defined in the Plan document, and are at least 21 years of age. The Plan is a qualified profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

At December 31, 2011 and 2010, Automated Data Processing (“ADP”) served as the Plan’s recordkeeper, and State Street Bank & Trust Company (the “Trustee”) served as the Plan’s trustee.

Effective March 1, 2010, the Plan was amended to cease the Employer’s matching contributions.

On March 1, 2011, the Employer approved an amendment to terminate the Plan effective March 31, 2011. All participants became 100% vested upon termination of the Plan and were provided the option to have their account balance rolled into any other qualified plan or IRA or receive a lump sum distribution.

Contributions

Each year, participants may contribute up to 65 percent of pretax annual wages, as defined by the Plan. Contributions are subject to Internal Revenue Service (“IRS”) annual limitations of \$16,500 for 2011 and 2010. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$5,500 per year for 2011 and 2010. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Employee contributions are recorded during the period in which the Company makes payroll deductions from the participant’s earnings.

Prior to March 1, 2010, the Employer contributed 100 percent of the first 3 percent of base compensation that a participant contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocation of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Vesting

Participants vest immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributed portion of their accounts is based on years of service in accordance with the following schedule:

- Less than 1 year - 0%
- At least 1 year, but less than 2 - 20%
- At least 2 years, but less than 3 - 40%
- At least 3 years, but less than 4 - 60%
- At least 4 years, but less than 5 - 80%
- 5 years or more - 100%

Payment of Benefits

On termination of service due to retirement, death, disability, or termination of services, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. As of December 31, 2011 and 2010, there were no amounts due to participants who had elected to withdraw from the Plan and requested payment of benefits but had not yet been paid.

Forfeitures

Forfeitures represent the portion of nonvested participant accounts remaining in the Plan for all terminated participants who have received benefit payments. Forfeitures are used to reduce Employer matching contributions and pay plan expenses. Forfeitures applied toward payment of Plan expenses was \$59,000 in 2011 and none in 2010. Forfeitures applied toward the reduction of Employer's contributions were none in 2011 and \$6,816, in 2010. Plan assets included an unallocated forfeiture balance of \$-0- and \$50,977 at December 31, 2011 and 2010, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements. There was no material impact from the change to liquidation basis in 2011.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Transactional fees and expenses are paid by the respective participants. General and administrative expenses of the Plan are paid substantially by the Plan.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010.
- Net appreciation in fair value of investments and interest and dividend income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011.

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded or the net asset value (NAV) of shares held by the Plan at year end. There are no redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

All assets are classified as level 1 in the fair value hierarchy. The Plan's assets at fair value as of December 31, 2011 and 2010 by risk category are as follows:

<u>Fair Value Measurements at December 31, 2011</u>	
	<u>Level 1</u>
Mutual funds	
Growth	\$ 11,184
Value	7,513
Income	8,416
Balanced	<u>6,438</u>
Total assets at fair value	<u>\$ 33,551</u>

<u>Fair Value Measurements at December 31, 2010</u>	
	<u>Level 1</u>
Mutual funds	
Growth	\$1,014,088
Value	564,669
Income	783,118
Balanced	447,925
Blend	<u>377,550</u>
Total assets at fair value	<u>\$3,187,350</u>

NOTE F - PLAN TERMINATION

During the year ended December 31, 2010, the Plan Sponsor terminated a number of Plan participants. In aggregate the termination represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected employees became fully vested in 2010. In 2011, the Plan Sponsor funded the forfeiture account with \$21,942 in order to fund additional amounts related to the partial plan termination. Total funds allocated to participants from forfeitures due to the partial plan termination were \$34,149.

Effective March 31, 2011, the plan was terminated by the Plan Sponsor. The remaining Plan assets of \$33,551 as of December 31, 2011 were liquidated and all distributions related to the Plan termination were completed as of March 31, 2012.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2011 and 2010

NOTE G - TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. There have been amendments to the plan since that date; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated all events and transactions through September 12, 2012, the date the financial statements were available to be issued, and determined there were no additional events or transactions that occurred that would have significantly affected the financial statements other than those disclosed elsewhere in the notes to the financial statements.
