Note 1. Description of Plan

The following description of the VTS Travel Enterprises, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by VTS Travel Enterprises, Inc. (the "Company" or "VTS" or "Plan Sponsor") covering substantially all eligible employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On September 19, 2011, Directravel Intermediate Holdco Inc. entered into a business transaction with the former stockholders of VTS and acquired 100% of the stock of VTS. As a result, there was a change in ownership of the Plan Sponsor.

Eligibility: Employees age 18 or older are eligible to become participants in the Plan after they have completed six months of service.

Contributions: Each year, participants may elect to contribute, through payroll deductions, any amount up to the maximum percentage of eligible compensation, as defined by the Plan, or maximum limits as determined by Internal Revenue Service ("IRS") regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make a catch-up contribution. The Plan, at its discretion, will accept into participants' rollover accounts cash received by participants from a qualified plan within the time prescribed by applicable law ("Rollover Contributions").

The Company may elect to make discretionary matching contributions on behalf of the employees, as determined by the board of directors, subject to a maximum amount as defined in the Plan agreement. The Company may also elect to make discretionary profit-sharing contributions on behalf of the employees based on a percentage of the employees' compensation for a Plan year.

There were no matching or profit-sharing contributions during the year ended November 30, 2011.

Payment of Benefits: Upon termination of employment, after the attainment of age 59.5 or for reasons of disability or death, the participant or his or her beneficiary shall receive the value of his or her account. However, if termination of employment is for reasons other than the attainment of age 59.5, disability or death, the participant shall receive only the value of the vested funds in his or her account. In accordance with the Plan provisions, participants may receive their participating interest in the following ways: (a) a lump sum equal to the value of their account or (b) substantially equal installments or (c) partial withdrawals. Hardship distributions are also permitted under the Plan agreement.

Vesting: Participants' accrued benefits derived from their contributions are immediately vested. The Company's contribution including earnings thereon, if any, vests based on the employees' years of completed service as follows:

Years of Service	Vested Percentage
Less than 2	0%
At least 2, but less than 3	50%
At least 3, but less than 4	75%
At least 4	100%

Note 1. Description of Plan (Continued)

Participant Accounts: Each participant's account is credited and debited with the participant's contributions and withdrawals, as applicable, and an allocation of (a) the Company's matching contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Promissory Notes Receivable from Participants: Participants may borrow from their fund accounts from $500 up to a maximum equal to the lesser of $50,000 or 50% of the value of the vested portion of the participant's account balance. The maximum repayment terms are 5 years for general purpose loans and 30 years for principal residence loans. The amounts borrowed are transferred from the investment funds in which the participant's accounts are currently vested. The promissory notes bear interest at rates equal to the prime rate plus one percentage point. At November 30, 2011 and 2010, interest rates ranged from 4.25% to 9.25%, respectively.

Forfeited Accounts: At November 30, 2011 and 2010, forfeited nonvested accounts totaled approximately $27,000 and $13,000, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Payment of Benefits: Benefit payments are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investment and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Promissory Notes Receivable from Participants: Promissory notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as deemed distributions based upon the terms of the Plan agreement.

Recent Accounting Pronouncement: In May 2011, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* ASU 2011-04 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in U.S. generally accepted accounting principles ("GAAP") and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820.

Note 2. Summary of Significant Accounting Policies (Continued)

In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent Events: The Plan has evaluated subsequent events through September 11, 2012, which is the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by State Street Bank and Trust Company

The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at November 30, 2011 and 2010.

The following table presents the fair value of the investments in the Plan that was certified by State Street Bank and Trust Company. Single investments representing more than 5% of the Plan's net assets as of November 30, 2011 and 2010 are separately identified.

	2011	2010
Goldman Sachs Asset Allocation Growth Strategy Fund	**$ 405,880**	$ 404,175
Goldman Sachs Asset Allocation Growth & Income Fund	**2,758,824**	2,857,222
Goldman Sachs Balanced Strategy Fund	**420,785**	527,135
Goldman Sachs Small / Mid-Cap Growth Fund	**413,597**	449,074
Goldman Sachs Small Cap Value Fund	**347,100**	-
Templeton Growth Fund	**377,383**	-
All others (each less than 5% individually)*	**1,146,732**	1,991,582
Total investments	**$ 5,870,301**	$ 6,229,188
Promissory notes receivable from participants	**$ 203,418**	$ 178,258

* Represents total single investments representing less than 5% of the Plan's net assets as of November 30, 2011 and 2010, respectively.

The Plan's investments are subject to market volatility and, accordingly, changes in market value may impact the financial statement in 2012.

State Street Bank and Trust Company also certified to the completeness and accuracy of $51,693 of net depreciation in fair value of investments related to money market fund and mutual funds, $119,811 of dividends and $9,498 of interest income from promissory notes receivable from participants for the year ended November 30, 2011.

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at November 30, 2011 and 2010.

Money Market Fund: Valued at amortized cost of money market investments that mature within a relatively short period. The carrying amount approximates fair value because the instrument is liquid in nature.

Mutual Funds (Registered Investment Companies): Assets primarily include exchange-traded equity securities, mutual funds and U.S. Treasury bonds. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 30, 2011 and 2010:

	Assets at Fair Value as of November 30, 2011

Note 5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the "IRC"). The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of November 30, 2011 and 2010 and for the year ended November 30, 2011. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state or local tax authorities for years before 2008.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon such termination, all participants become 100% vested in their accounts.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Exempt Party-in-Interest Transactions

All of the Plan's investments are shares of a money market fund and mutual funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the custodian, as defined by the Plan, and therefore qualifies as a permitted party-in-interest, as defined by ERISA. All administrative expenses of the Plan are paid by the Plan Sponsor, and personnel and facilities of the Plan Sponsor have been used by the Plan at no additional charge to the Plan.
