We were engaged to audit the accompanying statements of net assets available for benefits of the Mulzer Crushed Stone, Inc. and Other Related Companies Employees' 401(k) Profit-Sharing Plan, as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011 and the accompanying supplemental schedule. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD AMERITRADE Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan administrator by the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

Note 1 – Plan Description

The following description of the Mulzer Crushed Stone, Inc. and Other Related Companies (Company) Employees' 401(k) Profit-Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all employees of the Company who have completed one year of service, obtained 1,000 hours of service, and attained 21 years of age. The Plan is subject to the provisions of ERISA.

Contributions

Participants may contribute up to 50 percent of their eligible compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 13 mutual funds and a stable value fund as investment options for participants. The Company contributes a minimum of three percent of eligible compensation for all participants. For each participant that defers, the Company will match three percent plus one half of one percent. Company contributions are limited to a maximum of four percent. The Company may contribute additional amounts at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested in the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant is entitled to receive an amount equal to the full value of the participant's account in a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request a hardship withdrawal of a portion of their account attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Concentration of Credit Risk

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of cash and cash equivalents. At times, such cash equivalents in banks are in excess of the Federal Deposit Insurance Corporation insurance limit. Credit risk with respect to cash and cash equivalents is minimized by using high-credit quality financial institutions.

Cash and Cash Equivalents

For purposes of reporting, the Plan considers all cash accounts, which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Investments in common or collective investment trusts are valued at the purchase or redemption price of the shares of participation as determined by TD AMERITRADE Trust Company, and are based on the quoted market value of the underlying investments in the trust. The value is determined by using the information reported by the investment advisor using audited financial statements of the collective trust at year-end.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through August 29, 2012, the date the financial statements were available to be issued.

Reclassification

Certain items in the December 31, 2010 financial statements have been reclassified to conform to the December 31, 2011 classifications.

Recently Issued and Adopted Accounting Standards

Improving Disclosures about Fair Value Measurements

The Financial Accounting Standards Board (FASB) issued ASU 2010-6 “Improving Disclosures about Fair Value Measurements”, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

Improving Disclosures about Fair Value Measurements (Continued)

With respect to matters other than Level 3 measurements, the amendment was effective for fiscal periods beginning on or after December 15, 2009 and was adopted by the Plan. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has been adopted by the Plan.

Recently Issued Accounting Standards

Improving Disclosures about Fair Value Measurements

In May 2011, FASB issued ASU 2011-04 “Updated Accounting Guidance Related to Fair Value Measurements and Disclosures” that result in common fair value measurements and disclosures between accounting principles generally accepted in the United States of America and International Financial Reporting Standards. This guidance includes amendments that clarify the application of existing fair value measurement requirements, in addition to other amendments that change principles or requirements for measuring fair value and for disclosing information about fair value measurements. This guidance is effective for annual periods beginning after December 15, 2011. The adoption of this guidance is not expected to have a material effect on the Plan’s financial statements.

Nuveen Winslow Large Cap Growth	3,407,022	*

* These amounts represent less than five percent of the Plan's net assets.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows:

Common collective trusts	11,472
Mutual funds	<u>(361,317)</u>
	<u><u>(349,845)</u></u>

Note 5 – Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

Note 5 – Fair Value Measurements (Continued)

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Common collective trust: Valued at the purchase or redemption price of the shares of participation and based on quoted market value of the underlying investments in the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2011 and 2010:

	2011			
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Stable Value CCT (a)	2,757,189	0	Daily	None
Managed Retirement Funds (b)	23,305,739	0	Daily	None

Managed Retirement Funds (b)	20,366,355	0	Daily	None

(a) The Galliard/Wells Fargo Stable Return Fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

(b) The Managed Retirement Funds are collective investment funds that are maintained by TD AMERITRADE Trust Company. The collective investment funds invest primarily in mutual funds, Exchange Traded Funds, money markets, or Collective Investment Funds with holdings in the U.S. and foreign stocks, bonds, and cash equivalents.

Note 6 – Related Party Transactions

Certain Plan investments consist of shares of mutual funds managed by TD AMERITRADE Trust Company. TD AMERITRADE Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions and have been disclosed as such. Fees paid by the Plan for the investment management services amounted to \$10,406 for the year end December 31, 2011.

The Company provides certain administrative services at no cost to the Plan.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8 – Tax Status

Effective March 31, 2008, the Plan adopted a non-standardized form of a prototype plan sponsored by McCready and Keene, Inc. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status; however, for adopters of the non-standardized version of the Plan, such opinion letter cannot be relied upon by the adopting Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and; therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
