To the Administrator of the
Flushing Center Management, LLC Salary Deferral 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Flushing Center Management, LLC Salary Deferral 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011. As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 5, 2012. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. The application of other existing policies was not changed during 2011. We noted no transactions entered into by Flushing Center Management, LLC Salary Deferral 401(k) Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There are no significant estimates affecting the financial statements.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

WEI WEI & CO., LLP

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 5, 2012.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations.

If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Finding or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the

WEI WEI & CO., LLP

Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the plan management and others within the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Wei Wei & Co. LLP

INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Flushing Center Management, LLC Salary Deferral 401(k) Plan

We were engaged to audit the financial statements of Flushing Center Management, LLC Employee Benefit Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011 and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standard generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FLUSHING CENTER MANAGEMENT, LLC
SALARY DEFERRAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF THE PLAN

The following description of the Flushing Center Management, LLC Salary Deferral 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1996 for the benefit of the employees of Cooper Investors, Inc. and its affiliate Flushing Center, Inc. (the "Company"). The Plan is a defined contribution plan covering all full-time employees of the Company who have reached the age of 21 or older and have completed three months of service. The Plan was instituted under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The amount of the Company's contributions to the Plan is subject to the limitations imposed by law on the maximum amount which can be contributed. The Company's matching contribution is equal to the lesser of 50% of participants' contributions and 2% of their annual compensation. Employees are eligible to receive the Company's matching contribution if they have completed one year of service with at least 1,000 hours of service and have attained age 21. The Company's gross contributions for 2011 totaled $58,420.

Employees are eligible to participate in the Plan if they have completed three months of service and have attained age 21. Each year, a participant may make voluntary pre-tax contributions to the Plan provided that such contributions do not exceed 75% of the participant's gross compensation for the year, subject to certain limitations imposed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions with the amount limited to $5,500 for 2011.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Participants may receive benefits upon death, disability, severance from employment, proven financial hardship, withdrawals provided participants have attained age 59 ½, and normal retirement at age 65.

Participants' Investment Options

Participants must direct their salary deferral contribution to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via telephone or internet access to State Street Bank & Trust Company. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their salary deferral contribution plus actual earnings thereon. Employer contributions to the Plan become 20% vested after two years of service, and continue to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

Forfeitures

Forfeitures if any, may first be used to pay any administrative expenses, with any remaining forfeitures used to reduce employer matching contributions. Forfeitures for the year ended December 31, 2011 was $1,478.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund amounts up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the plan. However, the participant may not request a loan for less than $500. Loans must be repaid within five years unless the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a nondiscriminatory fixed rate commensurate with local prevailing rates. Principal and interest is paid ratably through weekly payroll deductions.

Administrative Expenses

Administrative expenses such as the trustee's custodial and administrative fees are paid by the Plan. Accounting and auditing fees are paid by the Company. Administrative expenses for loans are paid by the participant with the loan balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become fully vested with all right to any amounts in their respective accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund, which represents the net asset value of the shares held by the fund at year end. Investments in loans to participants are reported at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is accrued on the ex-dividend date. Interest income is accrued in accordance with the underlying debt instrument.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in pooled separated accounts and mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the values of such investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INVESTMENTS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as applicable to certain investments. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street Bank & Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The information certified includes total investments of $3,057,897and $2,999,441 as of December 31, 2011 and 2010, and related loss of $95,911 for the year ended December 31, 2011.

3. INVESTMENTS (CONTINUED)

The following table presents the fair value of participant-directed investments in this Plan. Single investments representing more than 5% of the Plan's net assets as of December 31, 2011 and 2010 are separately identified.

	$ 3,057,897	$ 2,999,441

* Investments represent more than 5% of the Plan's assets.

4. INCOME TAX STATUS

Effective September 1, 2006, the Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union (ADP Prototype Plan). In a letter dated May 3, 2002, the Internal Revenue Service ruled that the ADP Prototype Plan qualified under section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the fund established as part of the Plan is not subject to Federal Income tax under the provisions of section 501(a) of the Code. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code.

5. NEW ACCOUNTING PRONOUNCEMENTS

During 2010, the Plan adopted the provisions of a new accounting standard which requires that defined contribution plan classify participant loans as notes receivable from participants rather than as investments as was previously required. The adoption of this standard had no impact on the Plan's net assets or changes in net assets.

6. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access.

Level 2 Inputs – Inputs, other than the quoted prices in active markets that are observable either directly or indirectly.

6. FAIR VALUE MEASUREMENT (CONTINUED)

Level 3 Inputs – Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Registered Investment Companies: Valued at the quoted market prices.

The method described above may produce a fair calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's assets and related valuation inputs within the fair value hierarchy utilized to measure fair value as of December 31, 2011:

2011	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 3,057,897	$ -	$ -	$ 3,057,897

6. FAIR VALUE MEASUREMENT (CONTINUED)
