(1) Description of Plan

The following description of the Coaxis 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan maintained for the benefit of all eligible employees of Coaxis, Inc. (the Company or Coaxis). The Plan's investment committee manages the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan, effective November 1, 2010. The plan sponsor and plan administrator is Coaxis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Eligibility

Employees who are 21 years of age are eligible to participate in the Plan following three months of service. Eligible employees exclude (1) union employees, (2) certain nonresident aliens, (3) leased employees, and (4) temporary employees.

(c) Contributions

Contributions consist of employee elective deferrals and discretionary employer matching and profit sharing contributions. Participants may voluntarily contribute up to 50% of their compensation to the Plan, limited to $16,500 in 2011 and 2010, subject to limitation under the Internal Revenue Code (IRC). Participants age 50 and older may elect to make additional catch-up contributions up to the maximum annual amount of $5,500 in 2011 and 2010. In 2011 and 2010, the Company made matching contributions in the amount of 50% of the first 6% of compensation contributed. In addition, the Company may make a profit sharing contribution determined annually at the Company's discretion. The Company did not make profit sharing contributions during 2011 or 2010. Contributions are subject to other limits under the IRC.

Participants are automatically enrolled at a 3% deferral rate unless they elect otherwise.

(d) Participant Accounts

A participant account is valued daily and maintained for each participant, which is credited with the participant's contributions, the Company's contributions, and an allocation of plan earnings and expenses. Allocation of plan earnings and expenses is based upon participant account balances. The benefit to which a participant is entitled is the vested amount in their individual account.

(e) Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 25% vested after two years of credited service and each year thereafter until fully vested.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 not to exceed 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates range from 4.25% to 9.25% as of December 31, 2011 and the loans mature through 2016. Principal and interest are paid ratably through payroll deductions. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence.

(g) Expenses

The majority of the Plan's expenses are paid by Coaxis, at its discretion, as provided by the plan document. Administrative expenses were paid to Fidelity for recordkeeping, reporting, and compliance testing for the year ended December 31, 2011.

(h) Payment of Benefits

A participant with an account balance greater than $5,000 may elect to receive a lump-sum distribution or installments, following termination or attainment of age 59½. On termination of service, a participant with a vested account balance over $1,000 but no more than $5,000 will have his or her account transferred to a qualified IRA account selected by the plan administrator, unless directed by participant. If the vested account balance is no more than $1,000, unless elected by the participant, the entire account will be paid to the participant in a single lump-sum payment as soon as administratively possible following retirement or other termination of employment.

In addition, hardship withdrawals are permitted if certain criteria are met. Participants with hardship withdrawals are prohibited from making contributions to the Plan for 6 months after receipt of the hardship distribution.

(i) Forfeited Accounts

The balances of terminated participants' nonvested accounts are used to reduce future employer contributions. Forfeited nonvested accounts amounted to zero and $19,345 at December 31, 2011 and 2010, respectively. During 2011, $42,210 of forfeitures were used to reduce employer contributions.

(j) Excess Contributions Payable

Excess contributions represent amounts refunded to participants subsequent to year-end as required under the IRC.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized (depreciation) appreciation on those investments from one period to the next.

(c) Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Benefits Payments

Benefits are recorded when paid.

(e) Risk and Uncertainties

The Plan provides for investments that are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participants' account balances.

(f) Subsequent Events

On April 30, 2012 the Company acquired Corporate Computer Systems, a document management technology company. Effective August 1, 2012, the Coaxis, Inc. 401(k) Plan merged with the Corporate Computer Systems 401K Plan. As a result of this merger, net assets of $1,087,909 were transferred to the Plan.

The Plan evaluated subsequent events through August 8, 2012, which was the date these financial statements were available to be issued.

(3) Investments

The Plan's investments are held by Fidelity. Upon enrollment in the Plan, participants may direct investment of contributions among a selection of available funds. Participants may change their investment options daily.

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

		2011	2010
Mutual funds:			
American Century Government Bond Fund – Investor	$	699,383	714,124
Harbor International Fund		687,167	804,041
Fidelity Contrafund		1,223,560	1,474,468
Fidelity Freedom 2020		890,123	878,827
Fidelity Money Market Trust Retirement		1,206,077	1,836,212
Fidelity Freedom 2015		1,297,038	1,061,593
Fidelity Freedom 2025		867,247	767,390
Fidelity Freedom 2035		690,122	564,705

Net depreciation in fair value of investments for the year ended December 31, 2011 was $636,428.

(4) Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value as reported on national securities exchanges at the end of each business day.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Government bonds	$ 1,250,086	—	—	1,250,086

The following table sets for by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

(5) Information Certified by the Trustee of the Plan

The plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the Plan's trustee, Fidelity, as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Interest received on notes receivable from participants
- Investment (loss) income
- Investments (note 3)
- Fair value measurements (note 4)
- Schedule of assets (held at end of year) – (schedule)

(6) Exempt Party-in-Interest Transactions

Plan investments were mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these investments represent exempt party-in-interest transactions. Fees for investment management services charged by the trustee are netted against plan earnings.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their employer contributions.

(8) Income Tax Status

The Plan uses a prototype plan document provided by Fidelity. Fidelity received an opinion letter from the Internal Revenue Service (IRS), which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods

in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to the Form 5500 at December 31:

		2011	2010
Net assets available for benefits reported on the financial statements	$	12,808,647	12,281,343
Excess contributions payable		—	195
Net assets available for benefits reported on the Form 5500	$	12,808,647	12,281,538

The following is a reconciliation of the net increase in changes in net assets available for benefits reported on the financial statements to the Form 5500 for the years ended December 31, 2011:

		2011
Net increase in net assets available for benefits reported on the financial statements	$	527,304
Excess contributions payable		(195)
Net increase in net assets available reported on the Form 5500	$	527,109
