Notes to Financial Statements

- 1. Description of Plan** The following description of the Sunland Fire Protection, Inc. (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan available to eligible employees of the Company. To be eligible to participate in the Plan, an employee must have attained the age of 21 and completed one year of service with more than 1,000 hours. Employees may begin participation as of January 1, April 1, July 1, or October 1 of the year in which they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Participants may elect to contribute a percentage of their pre-tax annual compensation, as defined in the Plan, not to exceed the limits set by the Internal Revenue Service (“IRS”). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. For 2011 and 2010, the Company matched 5% and 15% of the first 6% of base compensation that each participant contributed to the Plan, respectively. The Company may also make a discretionary profit sharing contribution to be determined annually by the Board of Directors. The profit sharing contribution is allocated to participants based upon the percentage of their compensation to total compensation for all eligible participants. Participants must complete 1,000 hours of service and be employed on the last day of the Plan year in order to receive Company contributions. There was no discretionary profit sharing contribution in 2011 or 2010.

See accompanying independent auditors’ report.

- 1. Description of Plan (Continued)** Upon enrollment in the Plan a participant may direct employee contributions in any of the investment options offered through the Plan. Participants may change their options at any time. Participants may change their deferred percentages quarterly on January 1, April 1, July 1 and October 1.

Participants' Accounts – Each participant's account is credited with the participant's and the Company's contributions and an allocation of the Plan's net earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, plus any income or loss thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus any income or loss thereon, is based on years of continuous service according to the following schedule:

<u>Years of Continuous Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a lump-sum payment or installment payments. In-service distributions may be made to participants who have reached age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

See accompanying independent auditors' report.

Notes to Financial Statements

- 1. Description of Plan (Concluded)**

Forfeitures – Forfeitures from non-vested participant accounts may be used to offset future Company contributions. For 2011 and 2010, forfeitures in the amount of \$7,050 and \$13,369 were used to reduce the Company’s contributions.

Notes Receivable from Participants – A participant may borrow from the Plan only to meet a financial hardship, as defined by the Plan. Loans can be requested from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms are up to five years and only one note may be outstanding at a time. The notes are secured by the vested account balance in the participant’s account and bear interest at the prime rate plus 1% at the date of the application. Principal and interest are paid through payroll deductions.

Administrative Expenses – The Company absorbs certain expenses incidental to the administration of the Plan, including internal administrative costs. Other fees including trustee, recordkeeping, and asset fees are paid by the Plan.
- 2. Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

See accompanying independent auditors’ report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – Investments are primarily stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant loans are valued at their outstanding balances which approximates fair value. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust fund. Therefore, the statements of net assets available for benefits presents the fair value of the investment in the common collective trust fund as well as the adjustment of the investment in the common collective trust fund from fair value to contract value for these investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Concluded)

Recent Accounting Pronouncement – In May 2011, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS* (“ASU 2011-04”), which amends Accounting Standards Codification 820 (“ASC 820”). ASU 2011-04 also requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, the ASU provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The adoption is not expected to have a material effect on the statements of net assets available for benefits, statements of changes in net assets available for benefits or the disclosures in the financial statements.

3. Investments (Concluded)

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

<i>December 31,</i>	2011	2010
Mutual funds	\$ (73,184)	\$ 159,313

4. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2011	2010
Investments	\$ 2,638,971	\$ 2,556,328
Notes receivable from participants	32,231	25,009

<i>Year ended December 31,</i>	2011	2010

Net appreciation (depreciation) in fair value of investments	(73,184)	159,313
Interest income on notes receivable from participants	1,215	1,023

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

6. Income Tax Status

The Plan has adopted a non-standardized plan document sponsored by Branch Banking and Trust Company ("BB&T"). The IRS has determined and informed BB&T by a letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits relative to the Plan for any tax periods in progress. Certain federal tax returns from prior years are subject to examination by the IRS.

See accompanying independent auditors' report.

Notes to Financial Statements

7. **Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.
8. **Party-In-Interest Transactions** Administrative fees paid by the Plan to BB&T for trustee and recordkeeping services amounted to \$16,782 and \$15,640 for 2011 and 2010. BB&T is the trustee and recordkeeper of the Plan. As such, these transactions qualify as party-in-interest.
9. **Fair Value Measurements** The Plan has adopted ASC 820, "Fair Value Measurements and Disclosures" ("ASC 820") which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurements

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

9. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2011 and 2010.

Mutual funds and common collective trust funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2011.
