Independent Auditors' Report

To the Plan Administrator and Participants of
the **General Atomics 401(k) Retirement Savings Plan**:

We were engaged to audit the financial statements and supplemental schedules of the **General Atomics 401(k) Retirement Savings Plan** (the Plan) as of December 31, 2011, and for the year then ended, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the other auditors not to perform and they did not perform any auditing procedures with respect to the information certified by The Charles Schwab Trust Company, the Trustee of the Plan. Their report, dated October 15, 2011, indicated that because of the significance of information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Trustee, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of and for the years then ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the Plan's 2011 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The General Atomics 401(k) Retirement Savings Plan (the Plan) is a defined contribution plan covering all eligible employees of General Atomics and its affiliates (collectively referred to as the Company). Employees, with the exception of Temporary Employees, become eligible to participate in the Plan on the first day of employment. Temporary Employees become eligible on the first day of the payroll period following 90 days of employment. These financial statements include general information about the Plan. The Plan Document contains the complete description of the Plan's provisions and benefits. Unless the context otherwise requires, terms used in the notes to financial statements which are capitalized are defined terms within the Plan Document.

The Plan is administered by the Benefits Committee of General Atomics (the Plan Administrator) and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 (PPA). Investment assets are held in trust by The Charles Schwab Trust Company (the Trustee). Recordkeeping services are performed by Schwab Retirement Plan Services, Inc. (the Recordkeeper).

Additional information about the Plan is contained in the Plan Document. Copies of this document are available at the Company's intranet and the General Atomics' Human Resources Department.

Contributions

Highly Compensated Participants, as defined by the Plan Document, may elect to defer and contribute from 1 to 15 percent of their Compensation. Participants who are not Highly Compensated may elect to defer and contribute from 1 to 50 percent of their Compensation. Participant contributions are matched by the Company through a bi-weekly Matching Contribution equal to 50 percent of the Participant's contribution up to the first 6 percent contributed. The Plan provides for contributions to be invested in various funds. Each Participant has the option to direct the investment of all contributions to any of the funds offered by the Plan. Effective July 1, 2011 eligible employees are automatically enrolled in the Plan at 4 percent deferral rate after 30 days of eligibility unless they take action to affirmatively elect a different deferral rate or to elect not to participate. Prior to January 1, 2011, the automatically enrolled deferral rate was 3 percent. Participants aged 50 or older before the close of the plan year are eligible to make "catch-up" contributions. "Catch-up" contributions are pre-tax deferrals and are limited by applicable statutes.

Vesting

Salary deferrals (including earnings thereon) are immediately vested. Participants vest in the Company's matching contributions and their earnings at the rate of 25 percent after two years of service and an additional 25 percent for each year thereafter, with 100 percent vesting after five years.

Participant Loans

Participants may borrow from their account balances an amount not to exceed the lesser of $50,000 (amount not in thousands) or 50 percent of their vested account balance. The minimum loan amount allowed by the Plan is $1,000 (amount not in thousands). A participant may have up to two loans outstanding at any time. General purpose participant loans must be repaid within 5 years and residential purpose loans have a maximum repayment term of 15 years. The interest rate charged on amounts loaned to participants is equal to the prime lending rate as of the loan origination date, plus 1%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

The net appreciation (depreciation) in the fair value of investments, which consists of the realized gains (losses) and the change in unrealized appreciation (depreciation) on those investments, is presented in the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Distributions to Participants

Distributions to Participants are recorded when paid.

Administrative Expenses

Certain annual Plan administrative expenses are paid for by the Plan. Other Plan administrative expenses are paid by the Company. Administrative expenses paid for by the Plan totaled $53 for the year ended December 31, 2011.

Forfeitures

Plan forfeitures used to offset matching contributions totaled $661 for the year ended December 31, 2011. At December 31, 2011 and 2010, there was a balance of $7 and $117, respectively, remaining in the unallocated forfeiture account.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades, among others.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan Administrator has reviewed all events or transactions that occurred after December 31, 2011 up through September 11, 2012, the date these financial statements were available to be issued.

NOTE 3 - TRUST ARRANGEMENT AND INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Trustee administers the investment assets of the Plan and executes transactions therein. Differences between amounts certified by the Trustee on a settlement date basis and the amounts accounted for in the accompanying financial statements on a trade date basis arise from amounts receivable and amounts payable for pending trades as disclosed in the accompanying Statements of Net Assets Available for Benefits. The following is a summary of the Plan's financial information and data certified by the Trustee as complete and accurate in accordance with 29 CFR 2520. 103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value totaling $404,816 and $377,709 at December 31, 2011 and 2010, respectively.
- Notes receivable from participants totaling $12,328 and $10,005 at December 31, 2011 and 2010, respectively.
- Interest, interest on notes receivable from participants, dividends and net depreciation in fair value of investments totaling $14, $476, $10,339, and ($17,518), respectively, for the year ended December 31, 2011.

Mutual Funds	$ (15,973)
Common Stock	(1,702)
Bonds	46
Other	52
	$ (17,577)

NOTE 5 - FAIR VALUE MEASUREMENTS

The FASB's authoritative guidance on fair value measurements provides a framework for measuring fair value and assumes that an orderly transaction to sell an asset or transfer a liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Fair value measurements are based on an exit price model.

The guidance on fair value measurements establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs, where available. This hierarchy prioritizes the inputs to the valuation methodology into three broad levels, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Observable inputs, other than Level 1 inputs, such as quoted prices for similar assets and liabilities in active or inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data through correlation.

Level 3: Unobservable inputs supported by little or no market activity that are significant to the fair value of the assets or liabilities.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. None of the Plan's investments are valued using Level 3 inputs.

The following is a description of the valuation methodologies used for Plan investments measured at fair value, all consistently applied.

Mutual Funds and Money Market Funds: Valued at the net asset value of shares held by the Plan. The net asset values are based on prices in active markets.

Equity Securities: Equity securities held directly within the Personal Choice Retirement Fund of the Plan consist of common and preferred shares with quoted prices in active markets.

Exchange-Traded Funds: Valued at the net asset value of shares held directly within the Personal Choice Retirement Fund of the Plan. The net asset values are based on prices in active markets.

Cash Equivalents: The Plan's cash equivalents are held directly within the Personal Choice Retirement Fund and are primarily short-term certificates of deposit. The fair values of cash equivalents are measured on a recurring basis and are based on observable market prices. However, since these cash equivalents are not exchanged in an active market, their inputs are categorized as Level 2 inputs.

Corporate Bonds: These securities are held directly within the Personal Choice Retirement Fund of the Plan and are valued by independent pricing sources using pricing models that maximize observable inputs and incorporate price quotes from multiple dealers, on identical or similar securities of issuers with similar credit ratings.

Public Limited Partnerships and U.S. Government Securities: These securities are held directly within the Personal Choice Retirement Fund of the Plan and are valued at the closing price as reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with methods used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

NOTE 6 - PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time subject to the provisions of ERISA. If the Plan were to be terminated, Participants would become fully vested in Matching Contributions at that time.

NOTE 7 - TAX STATUS

The Plan has obtained a favorable tax determination letter from the Internal Revenue Service (IRS) dated July 31, 2008. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various funds managed by the Plan Trustee and, therefore, the related transactions qualify as party-in-interest transactions as defined by ERISA. The Trustee is authorized to invest in securities under its management and control on behalf of the Plan. For the year ended December 31, 2011, the Trustee made purchases and sales of such securities amounting to $40,261 and $32,416, respectively.

Members of the Plan Sponsor's Benefits Committee also participate in the Plan.
