CVC HOLDING CORP. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
JANUARY 31, 2012 AND 2011

NOTE 1: DESCRIPTION OF PLAN

The following description of the CVC Holding Corp. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on February 1, 2001, to provide eligible employees of CVC Holding Corp. (the "Company") with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the "IRC"). All employees who are least 21 years of age are eligible to participate in the Plan after completing six months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a portion of pretax annual compensation to the Plan, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. These contributions are invested in various investments held by the Plan custodian (Great West Retirement Services).

Employer contributions to the Plan represent fringe benefit payments made by the Company to comply with provisions of the Davis-Bacon prevailing wage act.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account.

Vesting

Participants are always fully vested in their own contributions and the fringe benefit contributions, as well as the earnings thereon.

Payment of Benefits

Upon termination of employment due to retirement, death, disability or separation from service, the balances in the participants' accounts are distributed to the participants or to their beneficiaries in either a lump sum, equal installments in the form of nontransferable annuity, or some combination of the foregoing, at the election of the beneficiary.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants consist of loans to participants in the form of distributions of cash from the Plan. Participants are allowed to borrow up to one half of the present value of the vested balance of their Plan accounts, to a maximum of $50,000.

Administrative Expenses

The Company, as Plan sponsor, pays certain administrative expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to loan or termination processing, and are charged for expenses incurred by the custodian in the performance of their duties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments in mutual funds are stated at fair value, based on quoted market prices. Pooled separate accounts are stated at fair value measured by quoted market prices that represent the net asset values of units held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses.

As of January 31, 2012, assets in the Plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of January 31, 2012			
	Level 1	Level 2	Level 3	Total

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefits are recorded when paid.

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after January 31, 2012, through August 17, 2012, the date these financial statements were available for issuance.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodian as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at January 31, 2012 and 2011;
- Summaries of investment income and transactions for the year ended January 31, 2012.

NOTE 4: INVESTMENTS (UNAUDITED)

Investments exceeding 5% of the Plan's net assets as of January 31 include the following:

	2012	2011
Key Guaranteed Portfolio Fund	$ 623,548	$ 674,236
Maxim Conservative Profile II Fund	313,873	202,456
Royce Total Return K Fund	135,351	
Oppenheimer Global A Fund	127,125	148,972
Columbia Mid Cap Value R Fund		139,218

NOTE 5: GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract with an insurance company, which is called the Key Guaranteed Portfolio Fund (the Investment Contract). The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The Investment Contract is included in the financial statements at fair value which is equal to contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the Investment Contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

NOTE 5: GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The average yield earned by the Plan for the Investment Contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for the year ended January 31, 2012 was 1.91%. The actual average yield earned by the Plan for the investment contract is derived by averaging the Plan's quarterly interest rates. The average for the year ended January 31, 2012 was 1.91%.

NOTE 6: SEPARATED PARTICIPANTS

Total assets allocated to participants who have separate employment and have requested to receive termination distributions, but have not been paid, amounted to $16,379 as of January 31, 2012.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

NOTE 8: TAX STATUS

The Company received a favorable determination letter dated August 7, 2001, from the Internal Revenue Service as to the qualified status of the Plan. The Company is of the opinion that the Plan complies in operation with the applicable requirements of the IRC and ERISA, and that the trust, which forms part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: RELATED PARTY TRANSACTIONS

The Key Guaranteed Portfolio Fund (Portfolio) is managed by Great-West, who is record keeper of the plan. Transactions in the Portfolio are considered to be party-in-interest investments. Fees paid by the plan for the recordkeeping services are included in net appreciation (depreciation) in fair value of investments.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at January 31, 2012 and 2011, to the Plan's Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 2,012,473	$ 2,092,196
