Independent Auditors' Report

To the Plan Administrator of the
DDi Global Corp. 401(k) Plan

We were engaged to audit the statements of net assets available for benefits of the DDi Global Corp. 401(k) Plan as of December 31, 2011 and 2010, and the statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life & Annuity Insurance Company and Orchard Trust Company, LLC, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DDi Global Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2011 and 2010

Note 1. Description of the Plan

The following description of the DDi Global Corp. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, as amended and restated effective July 1, 2008, is a defined contribution retirement plan established on July 1, 1999 for the benefit of eligible employees of DDi Global Corp. and subsidiaries (the “Company”). The Plan has a pre-tax salary reduction provision as defined under Section 401(k). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Eligibility

Primarily all of the Company’s employees are eligible to participate in the Plan upon completion of one hour of service. There are exclusions for certain employees subject to a collective bargaining agreement, non-resident aliens and leased employees, as outlined in the Plan document.

Contributions

The Company’s eligible employees may elect to contribute from 1% up to 50% of their compensation, subject to the limitations as defined by the Internal Revenue Code (“IRC”) each year on a pre-tax basis by salary reduction. Any eligible employee who fails to file a salary deferral agreement with the plan administrator is deemed to have entered into a salary deferral agreement for the plan year which authorizes the employer to withhold 3% of his or her compensation as an elective deferral.

The Company may elect to make a discretionary matching contribution for each Plan year or other contribution period. The discretionary matching contribution may be made in a specific dollar amount and/or any specific percentage of elective deferrals, as determined by the Company. For the year ended December 31, 2011, the Company did not elect to make a discretionary matching contribution.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the Company’s matching contributions if any, and Plan earnings.

Note 1. Description of the Plan (continued)

Investment of Plan Funds

A participant may choose among various funds in which his or her respective participant accounts may be invested.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions. Participants become vested in any employer matching contribution account and any earnings on the Company contributions as follows:

<u>Periods of Service For Vesting</u>	<u>Percent Vested</u>
Less than one year	0%
One year	33%
Two years	67%
Three or more years	100%

Participants will become 100% vested in all employer contributions if they become totally disabled, die or reach normal or early retirement age prior to termination of employment.

Forfeitures and Other Unallocated Plan Assets

Amounts forfeited from terminating participants' non-vested portion of their employer matching contribution account and earnings on Company contributions may be used to reduce administrative expenses or to reduce employer matching contributions. During the year ended December 31, 2011, no forfeitures were used. As of December 31, 2011 and 2010, there were approximately \$47,000 and \$36,000, respectively, of forfeitures available.

Other unallocated plan assets represent various investment fees which are reimbursed to the Plan per an administrative agreement. These fees are available to reduce Plan expenses or may be allocated to participants. There were approximately \$19,000 and \$25,000 of other unallocated Plan assets available at December 31, 2011 and 2010, respectively.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company matching contributions, if any, earnings on their Company contributions, and 100% of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled. The Plan permits a terminated participant to defer commencement of the payment of benefits until the later of election to receive benefits or age 65. Involuntary distributions may be made to terminated participants with an account balance of \$5,000 or less. Benefits are distributed in a single lump sum payment.

The Plan also allows for a participant who is still employed to withdraw up to 100% of his or her account balance, for the sole purpose of satisfying an immediate financial hardship.

Note 1. Description of the Plan (continued)

Contribution Funding

The Company makes payments to the Plan for employee contributions on a bi-weekly basis, consistent with payroll.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

Participant loans are classified as notes receivable from participants in the statements of net assets available for benefits and are measured at their unpaid principal balance plus any accrued interest.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Note 2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Subsequent Events

Subsequent events have been evaluated through September 18, 2012, the date financial statements were available for issuance.

Note 3. Insurance Contract

Guaranteed Interest Accounts

The Plan participates in a contract with Great-West Life & Annuity Insurance Company (“Great-West”) whereby the assets of the Plan are part of the general assets of Great-West. This contract is identified and accounted for as guaranteed interest accounts. The guaranteed interest accounts provide guaranteed interest rates for specified periods of time as determined or allowed by the contract. The rate credited is the rate in effect on the day when each deposit is directed to the funds.

The guarantees made with regard to the guaranteed interest account are supported by Great-West’s general account. The general account is invested mostly in private market bonds, commercial mortgages and mortgage backed securities. There are no reserves against contract value for credit risk of contract issuer or otherwise.

The guaranteed interest account promises contract value for a benefit event (termination, death, disability and retirement), however, there are possible market value adjustments when funds are withdrawn prior to their maturity.

Note 4. Investments

At December 31, 2011 and 2010, the following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2011	2010
Guaranteed interest account:		
Key Guaranteed Portfolio Fund	\$ 3,837,757	\$ 3,349,704

American Funds Fundamental Investors	\$ 1,681,184	\$ 589,944*

* Investment does not represent 5% or more of the Plan's net assets at the respective year end.

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value, by investment type, as follows:

	Year Ended December 31, 2011
Net depreciation in fair value of investments	
Mutual funds	<u>\$ (1,327,847)</u>

Note 5. Information Certified by the Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Life & Annuity Insurance Company and Orchard Trust Company, LLC (the "custodians") as complete and accurate, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule:

a) Investments

	<u>December 31,</u>	
	<u>2011</u>	<u>2010</u>

** Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the custodian, and are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

	<u>Year Ended December 31, 2011</u>

d) Supplemental Schedule:
Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 6. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010:

Guaranteed interest account: This investment is part of the general assets of an insurance company. This investment is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2011 and 2010:

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each employee shall be fully vested and nonforfeitable at the time of termination.

Note 9. Tax Status

The Company has adopted a prototype non-standardized plan. The Plan applied for and obtained its latest determination letter on July 8, 2010 in which the Internal Revenue Service stated that the Plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

Note 10. Party-in-Interest Transactions

The Plan has an investment in a guaranteed interest account which is part of the general assets of Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the custodian, as defined by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

Note 11. Excess Deferrals

Contributions received from participants for the plan year ended December 31, 2011 include \$33,836 of excess deferrals (net of corresponding gains and losses) that were refunded during January 2012 to certain active participants. The excess deferral contributions, originally contributed in the year ended December 31, 2011, were returned to comply with the participants' applicable maximum annual contributions permitted under the Code. The amount is included in the Plan's statement of net assets available for benefits as excess deferrals due to participants at December 31, 2011.

Note 12. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2011 and 2010:

	<u>December 31,</u>
