NOTE A - DESCRIPTION OF PLAN

The following description of the Worden Brothers, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan Sponsor is Worden Brothers, Inc. (the "Company" or "Sponsor").

General

The Plan is a defined contribution plan covering all eligible employees of the Company as defined in the Plan document. Employees who have attained the age of 21 are eligible to become participants in the Plan after ninety days of continuous employment beginning from their date of hire. Employees must be employed on the last day of the year to be eligible for the profit sharing contribution. Employees may enroll either on January 1, April 1, July 1 or October 1, after attaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by the Company. As of December 31, 2011 and 2010, the Plan assets are maintained by its custodian, John Hancock Life Insurance Company USA ("John Hancock"). The Company uses EJ Reynolds for their plan record keeping.

Contributions

Each year, participants may elect to make salary reduction contributions to the Plan of up to seventy-five percent (75%) of annual compensation as defined in the Plan document. Salary deferrals cannot exceed Internal Revenue Code (the "IRC") limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Sponsor contributes matching contributions based on a discretionary formula. For the year ended December 31, 2011, the Sponsor elected to make matching contributions equal to 50% of the employee's deferral, up to the first 6% of the employee's compensation, as defined in the Plan document. The Sponsor may also make additional discretionary profit sharing contributions. The Sponsor elected to not make additional discretionary profit sharing contributions to the Plan for the year ended December 31, 2011. For the year ended December 31, 2011, the total maximum allowable tax-deferred contribution to the Plan under the IRC from employee sources was $16,500, plus catch-up contributions of $5,500 for eligible employees.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Investment Options

Upon enrollment in the Plan, a participant may direct investments consisting of his or her employee contribution and rollovers plus actual earnings thereon in any of the investment options offered by the Plan. All investments are participant-directed.

Participant Accounts

Individual accounts are maintained for each Plan participant as defined in the Plan document. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary matching contribution (if any), (b) the Company's discretionary profit sharing contribution (if any) and (c) Plan investment earnings or losses. Allocations are based on the participant's elective contributions and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their individual contributions to the Plan and earnings thereon. Company contributions and earnings thereon vest in accordance with the following schedule:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Upon termination of service due to retirement, disability, death, or termination of employment, a distribution of the vested account balance is permitted in a lump sum or installment payments to the participant or named beneficiary. Withdrawals under the Plan are allowed for hardship (as defined in the IRC) or the attainment of age 59-1/2. The form of distribution may be either a lump-sum payment or installment payments from the participant's account balance in cash over a period of time, in accordance with Internal Revenue Service ("IRS") regulations. If the vested account balance is less than $1,000 at the date of death, disability, retirement, or termination of employment, then that balance shall be distributed in a single lump-sum payment. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefit payments to participants are recorded upon distribution.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in their participant's account. The loans bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. The interest rate on loans outstanding as of December 31, 2011, ranged from 4.25% to 6.0%.

Forfeitures

Forfeitures of non-vested account balances that originate from prior matching contributions are used to reduce the Sponsor's matching contributions. During the year ended December 31, 2011, approximately $3,800 of forfeitures was used to reduce the sponsor's matching contributions. Additionally, forfeitures from non-vested account balances that originate from profit sharing contributions are reallocated to current participants. During the year ended December 31, 2011, approximately $1,800 of forfeitures was reallocated to current participants. Unallocated forfeitures totaled approximately $12,800 and $5,600, respectively, at December 31, 2011 and 2010.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Depreciation in Fair Value of Investments

Net realized and unrealized depreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Administration of the Plan

Certain administrative functions are performed by officers or employees of the Plan. No such officers or employees receive compensation from the Plan. Certain administration expenses, such as professional fees, are paid directly by the Company. The Company paid approximately $18,700 in administrative expenses during 2011, on behalf of the Plan. Fees paid by the Plan were approximately $37,000.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company USA, the custodian of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate.

a. Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2011 and 2010, respectively.

b. Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

c. Schedule H, Line 4i - Schedule of Assets (Held at End of Year), December 31, 2011.

(continued)

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN - Continued

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the custodian to the related information included in the financial statements and supplemental schedule.

NOTE D - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets is as follows:

	December 31,	
	2011	2010
LS - Aggressive Fund	$ 967,544	$ 1,008,653
Money Market Fund	594,396	438,939
LS - Growth Fund	499,013	618,426
500 Index Fund	315,820	319,333
LS - Balanced Fund	260,991	328,874
Templeton Developing Markets Fund	193,678	260,889
AF AM Balanced Fund	164,064 *	220,629
Other investments individually representing less than 5%	937,180	856,538

* Less than 5%

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $122,640, all of which relate to the pooled separate accounts.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company USA. John Hancock Life Insurance Company USA is a custodian as defined by the Plan and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock Life Insurance Company USA for administrative expenses were approximately $37,000 for the year ended December 31, 2011.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Pooled Separate Accounts - Valued based on the observable net asset value of the underlying investments on the last day of the reporting period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

(continued)

NOTE F - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:

NOTE G - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008 in which the Internal Revenue Service stated that the Plan as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
