1. Description of Plan

The following description of the Clougherty Packing, LLC Retirement Plan for Certain Employees (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was adopted effective October 1, 1985 by Clougherty Packing, LLC -formerly known as Clougherty Packing Company (“Company”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”) for the benefit of the Company’s employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Company contributes 50 cents per hour for each regular hour worked as defined by the plan. Participants may also contribute (rollover) amounts representing distributions from other qualified retirement plans.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Vesting in the Company contributions plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited services.

Notes Receivable from Participants

Participant loans are not permitted.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$38 and \$613 respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2011 forfeitures for the amount of \$152,716 were used to reduce employer contributions.

Plan Administration

John Hancock Life Insurance Company (U.S.A.) ("John Hancock") is the asset custodian of the Plan. CMC Retirement & Employee Benefit Specialists, Inc. ("CMC") provides recordkeeping services. The Company is the plan sponsor. The plan administrator is the Administrative Committee, which is made up of officers of the Company.

Eligibility

The Plan covers substantially all hourly employees of the Company who are members of the local collective bargaining unit, as defined by the Plan.

Investment Options

Participants may direct contributions to be invested amongst various investment options as made available and determined by the plan administrator which are more fully described in the plan literature.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through August 24, 2012, which is the date the financial statements were available to be issued.

Clougherty Packing, LLC Retirement Plan for Certain Employees

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

These financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company (see Note 5).

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the Plan year, or at the time of purchase during the Plan year, and the related fair value on the day investment are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

Clougherty Packing, LLC Retirement Plan for Certain Employees

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Recent Accounting Pronouncements

In January 2010, the FASB issued ASC Update 2010-06, Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. The adoption of this guidance is reflected, where applicable, throughout these financial statements.

In May 2011, the FASB issued ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs, which requires additional disclosures about fair value measurements categorized within Level 3 of the fair value hierarchy. The additional disclosures include quantitative information about the significant unobservable inputs used in Level 3 fair value measurements, the valuation processes used by the Plan, and the Plan's policy for determining when transfers into or out of Level 3 are deemed to have occurred. This update is effective for reporting periods beginning after December 15, 2011. Early adoption is generally prohibited.

3. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Clougherty Packing, LLC Retirement Plan for Certain Employees

Notes to Financial Statements

3. Fair Value Measurement (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of separate accounts is based on quoted net asset values of the underlying mutual funds held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

		<u>Fair Value Measurements Using:</u>

Clougherty Packing, LLC Retirement Plan for Certain Employees

Notes to Financial Statements

- 5. Related Party Transactions** Certain Plan investments are interests in separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$18,500 for the year ended December 31, 2011.
- The Company provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in interest transactions under ERISA.
- 6. Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
- 7. Reconciliation of Financial Statements to Form 5500** Certain balances included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been reclassified for purposes of presentation in the financial statements.
- 8. Tax Status** The Internal Revenue Service ("IRS") issued a determination letter dated April 18, 2012 stating that the Plan was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. In the opinion of the plan administrator, the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.
- 9. Risks and Uncertainties** The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
- The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2011 and 2010, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash and investments.
