Independent Auditors' Report

To the Plan Administrator of the
Phil Smith Automotive Group 401(k) Plan
Lighthouse Point, Florida

We were engaged to audit the financial statements and supplemental schedules of Phil Smith Automotive Group 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Transamerica Life Insurance Company, the custodian of the Plan's assets, except for comparing the information with the related information included in the financial statements and supplemental schedule of assets (held at end of year). We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan:

The following description of Phil Smith Automotive Group 401(k) Plan (the "Plan") provides only general information regarding the Plan's provisions in effect at December 31, 2011. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, self-directed, employee benefit plan covering substantially all full-time employees of the companies comprising Phil Smith Automotive Group. There are no age or service requirements affecting eligibility. The Plan, which became effective as of January 1, 1999, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants have the option of contributing pre-tax salary deferrals to the Plan, in which case federal income taxes are deferred in accordance with Section 401(k) of the Internal Revenue Code.

Contributions

Participants may contribute from 1% to 70% of their annual compensation not to exceed the maximum amount allowable by the Internal Revenue Code. Participants who are age 50 or older may make additional "catch-up" contributions. Participant contributions are transferred to the Plan throughout the year. The employer matching contributions are determined annually at the discretion of the employer's Board of Directors. The employer may also make discretionary contributions to the Plan as determined annually by the employer's Board of Directors. Employer contributions are decreased by forfeitures of terminated participants and are funded at least annually.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution, the employer's discretionary contribution, and an allocation of Plan earnings. Allocations are based on the directed investment options chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary contributions and earnings thereon. In general, participants become 20% vested in employer-funded account balances after two years of credited service and vest an additional 20% each year thereafter, becoming fully vested after six years of credited service. A participant also becomes fully vested at normal retirement age (provided the participant has attained at least five years of credited service), death, total disability, or termination of the Plan. Vesting is subject to modification in the event the Plan becomes "top-heavy", as defined.

Notes Receivable From Participants

Participants may obtain loans based upon their vested account balances. The minimum loan permitted is $1,000 and the maximum is the lesser of 50% of the participant's vested account balance or $50,000. The remaining vested balance of a participant's account serves as collateral for the loan. Interest on such loans is the prime rate plus 1% at the time the loan is made. Such loans are to be repaid in substantially equal installments over the term of the loan, which may not exceed 60 months unless the purpose of the loan is to acquire a principal residence.

1. Description of Plan – Continued:

Notes Receivable From Participants – Continued

At December 31, 2011, the loans earned interest at rates ranging from 4.25% to 9.25%, and maturities ranged from March 2012 to September 2025.

Payment of Benefits

Upon termination of service, participants' vested account balances are payable either in a lump sum or in installments. The Plan permits normal withdrawals of the participant's vested account balance beginning at age 65, with provisions for early withdrawals after attaining age 59½ and 5 years of continuous service and for certain "hardship" withdrawals of a participant's deferral contributions and earnings thereon prior to that.

Investment Options

Upon enrollment in the Plan, a participant may direct participant and employer contributions in any of the Plan's investment options. Such options are specified by the Plan administrator, who is appointed by the employer, and are presently comprised of various pooled separate accounts and an investment contract held in the general accounts of Transamerica Life Insurance Company ("Transamerica"). Participants may change their contribution allocation among investment options and transfer amounts among the accounts daily.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited nonvested accounts available to reduce future employer contributions were $6,280 and $18,710, respectively. Forfeitures of $16,617 were used in 2011 to reduce employer contributions.

Plan Expenses

The Plan is responsible for management fees relating to the investments which reduce investment returns, and fees related to loan processing and distributions. Substantially all other fees related to the Plan for administration, legal, audit, and other services are paid by the Employer.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies:

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The net change in the fair value of pooled separate account investments during the plan year is included in the statement of changes in net assets available for benefits. The net appreciation or depreciation in fair value consists of the net realized gains or losses on pooled separate account investments sold, and the net unrealized gains or losses on pooled separate account investments held.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through September 5, 2012, the date which the financial statements were available to be issued.

3. Investments:

Investments that represent 5% or more of the Plan's net assets at either the end or the beginning of the Plan year, respectively, at fair value, are as follows at December 31, 2011 and 2010:

	2011	2010
Pooled Separate Accounts:		
Transamerica Vanguard Target Retirement 2015 Fund	382,801	343,461
Transamerica Vanguard Target Retirement 2035 Fund	395,076	418,456
Investment Contract:		
Transamerica Stable Value Option	987,336	939,362

During 2011, the Plan's investments in pooled separate accounts, including gains and losses on investments bought and sold, as well as held during the year, depreciated in value by $47,320. Interest credited to the investment contract was $19,573 during 2011.

4. Investment Contract:

The Plan has entered into a fully benefit-responsive investment contract with Transamerica. Transamerica maintains contributions to the Stable Value Option in its general accounts. The account is credited daily with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract has no stated maturity date. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance daily at contract value. In deposit liabilities with no defined maturities, fair value is the amount payable on demand, which is contract value. Accordingly, contract value is also the fair value of the investment contract.

The average yield on the contract was 2.45% and 2.73% for 2011 and 2010, respectively. Crediting interest rates are determined and reset monthly by Transamerica and ranged from 2.2% to 2.7% for 2011.

Certain events, such as the termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Transamerica. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

5. Fair Value Measurements:

Fair value is measured using a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability;

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. Fair Value Measurements – Continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued at the net asset value of the underlying investments held by the Plan at year end.

Investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2011 and 2010:

	2011		
	Level 2	Level 3	Total
Pooled separate accounts:			
Balanced funds	$ 1,447,244	$ -	$ 1,447,244

Investment contract	-	939,362	939,362
	$ 4,342,739	$ 939,362	$ 5,282,101

At December 31, 2011 and 2010, there are no assets measured using Level 1 inputs.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2011:

	Investment Contract
Balance, beginning of year	$ 939,362
Interest income	19,573
Purchases	65,255
Sales	(36,854)
Balance, end of year	$ 987,336

6. Related-Party Transactions:

The Plan's investments are held by the Plan's custodian, Transamerica. Transactions involving the custodian's pooled separate accounts and the investment contract held in its general accounts are considered to be transactions with a party-in-interest.

7. Plan Termination:

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, each participant would become 100% vested.

8. Tax Status:

The Plan obtained a favorable determination letter dated May 17, 2004, in which the Internal Revenue Service determined that the Plan, as of the date of adoption, and as amended in July 2002 and September 2003, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently amended and restated in 2005 through the Plan sponsor's adoption of Transamerica Life Insurance Company's Volume Submitter Tax-Favored Savings and Discretionary Contribution Plan and Trust Agreement, which received a determination letter dated April 17, 2002, upon which adopting employers may rely as to that plan's qualification under the Internal Revenue Code. Consequently, the Plan administrator believes that the Plan is qualified and the related trust is exempt from federal income taxes as of the financial statement date.

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

9. Summary of Information Certified by the Plan Custodian:

Transamerica Life Insurance Company holds the Plan's investment assets and executes investment transactions. Financial information relating to those assets is included in the accompanying financial statements, including Note 3, and the supplemental schedule of assets (held at end of year), and such information has been derived from reports certified as complete and accurate by the custodian. Information provided by the custodian, which has not been audited by independent accountants, is summarized as follows:

	2011	2010
Investments:		
Transamerica pooled separate accounts	$ 4,534,479	$ 4,342,739
Transamerica investment contract	987,336	939,362
Total investments	$ 5,521,815	$ 5,282,101
Net depreciation in fair value of investments	$ (49,397)	
Interest	21,627	
	$ (27,770)	

10. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500:

The Plan's Form 5500, Annual Return/Report of Employee Benefit Plan, for the years ended December 31, 2011 and 2010, was prepared by the custodian, whose policy is to prepare such returns on the modified cash basis of accounting. The following is a summary of differences between the financial statements and the Form 5500:

	Net Assets Available for Benefits		Year Ended December 31, 2011	
	December 31,		Total	Total
	2011	2010	Additions	Deductions
Balance per financial statements	$ 5,877,956	$ 5,633,960	$ 717,825	$ 473,829
Classification differences	-	-	(26)	(25)
