INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Odessa Pumps & Equipment, Inc. Employee Stock Ownership Plan

I have audited the accompanying statement of net assets available for benefits of Odessa Pumps & Equipment, Inc. Employee Stock Ownership Plan (the Plan) as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, I express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011, and the changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Plan was established on January 1, 2011, therefore this is the first year of the Plan's existence and no prior year presentation is applicable.

The put option is a right to demand that the company buy any shares of its stock distributed to participants for which there is no market. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company common stock into investments, which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The shares of company common stock will be valued at estimated fair value once the Plan has acquired the stock. As previously stated, the Company intends to fund the Plan with adequate liquidity in order to purchase the company stock (employer securities) without borrowing from a third party lender. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Operating expenses

The Plan sponsor absorbs the operating expenses associated with administering the plan.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (Topic 820) – Fair Value Measurement* ("ASU 2011-04"). ASU 2011-04 was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for level 3 fair value measurements. ASU 2011-04 is effective for annual reporting periods beginning after December 15, 2011. The Plan Sponsor does not expect the adoption of ASU 2011-04 to have a significant impact on the Plan's financial position, results of operations, or disclosures.

NOTE 3: PARTIES-IN-INTEREST

Since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. These are exempt party-in-interest transactions under ERISA.

NOTE 4: INCOME TAX STATUS

The Plan and related trust have applied for a determination by the Internal Revenue Service that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and are not subject to tax under present regulations. The application and related fee was filed in April 2012. As of the date of this report, no determination has been made. However, the Plan administrative committee and Plan's tax counsel believe that the Plan is being operated in compliance with applicable requirements of the Internal Revenue Code.

Additionally, GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 5: ADMINISTRATION OF PLAN ASSETS

The Administrative Committee as appointed by the Board of Directors of the Company is responsible for the administration of the plan. The Plan's assets are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which may cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company shall pay all expenses in connection with the design, establishment, or termination of the Plan. The Trust shall pay all costs of administering the Plan, unless such expenses are paid by the Company.
