INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management of the
Odessa Pumps & Equipment, Inc. 401(k) Plan

I was engaged to audit the accompanying financial statements of Odessa Pumps & Equipment, Inc. 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and for the years then ended and the supplemental schedule as of and for the year ended December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company and The Standard Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian John Hancock Life Insurance Company held the Plan's investment assets and executed investment transactions from January 1, 2010 to December 20, 2011, and that The Standard Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2011 and for the period December 21, 2011 to December 31, 2011. The plan administrator has obtained certifications from both custodians as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ODESSA PUMPS & EQUIPMENT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE 1: DESCRIPTION OF PLAN

The following description of the Odessa Pumps & Equipment, Inc. 401(k) (the Plan) provides only general information. The plan is sponsored by Odessa Pumps & Equipment, Inc. (the Company or Employer). The custodian of the plan's assets from January 1, 2010 through December 20, 2011 was John Hancock Life Insurance Company. Effective December 21, 2011, The Standard Insurance Company became the custodian of the plan's assets. The trustees of the Plan are individuals who are not subject to control of a corporate trustee. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan covering eligible employees as defined in the plan document. To become a participant in the plan, an employee must be twenty-one years old and is eligible to contribute to the plan after one year of service (at least 1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This plan is not integrated with Social Security.

Contributions

Eligible employees may contribute up to \$16,500 for 2011 and 2010; participants age 50 and over may contribute up to an additional \$5,500 as "catch-up" contributions for each of those years. The Company permits rollover contributions into the Plan. The Plan has a Safe Harbor provision whereby the Employer commits to match 100% of employee contributions up to 4% of employee earnings. The Company has the option to make discretionary matching contributions, profit sharing contributions, and Qualified Non-Elective Contributions (QNEC).

Participant Accounts

The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions and (c) allocation of Plan earnings, and (d) charged with an allocation of administrative expenses. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting

Participants are immediately 100% vested in their voluntary contributions, safe harbor contributions, QNEC contributions, and rollover amounts plus actual earnings thereon.. Participants are fully vested in discretionary profit sharing and employer matching contributions plus allocated earnings after six years of credited service (20% per year after the second year of credited service) A participant immediately becomes 100% vested upon death, disability, or attainment of normal or early retirement.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are invested according to the participant's direction. While the Plan's investments were held by John Hancock Life Insurance Company for the year 2010 and from January 1, 2011 – December 20, 2011, the Plan offered several pooled separate accounts and a guaranteed interest account option through a group annuity contract with an insurance company. This guaranteed interest account option did not meet the definition of an investment contract, nor does the group annuity contract meet the definition of a fully-benefit responsive contract.

ODESSA PUMPS & EQUIPMENT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE 1: DESCRIPTION OF PLAN -continued

Investment Options-continued

Therefore, the disclosures prescribed by FASB ASC 962-325-35-5 through 35-12 did not apply for this period. Upon the Plan's transition to The Standard Insurance Company, the Plan's investment options include several pooled separate accounts and a stable asset fund. The stable asset fund does meet the definition of a fully-benefit responsive contract. Therefore, the disclosures prescribed by FASB ASC 962-325-35-5 through 35-12 do apply for the period from December 21, 2011 to December 31, 2011.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of a) 50 percent of their vested accrued benefit, or b) \$50,000. A participant may have only two notes outstanding at a given time. Note terms cannot exceed five years. The notes are secured by the vested balance in the participant's account and bear interest at a commercially reasonable rate as determined at the time of the loan by the plan administrator. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits.

Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution. Participants may receive in-service distributions, including hardships, from their vested account balances subject to limitations defined in the Plan.

Forfeitures.

Forfeitures are the non-vested portion of the employer matching contributions of a terminated participant's account balance. All matching contributions made in 2011 and 2010 were safe harbor matching contributions, which are 100% vested in the participants' balances. Therefore, the Plan had no forfeitures in 2011 and 2010.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. As described in FASB ASC 962-325-35-5 through 35-12, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value of the guaranteed interest account option (provided through the group annuity contract with John Hancock Life Insurance Company) represents the estimated liquidation value determined within contract specifications. The guaranteed account guarantee the return of principal plus compound interest earned over a defined 3, 5, or 10 year term, less any applicable contract charges. Interest rates are established on the first day of each calendar month and apply to regular ongoing contributions made to the account in that month. These "new money" rates differ and may change during each month. The average annual rate was .29% for 2011 and .44% for 2010 for 3 year accounts, which were the only accounts applicable to the Plan.

The fair value of the stable asset fund (provided through the group annuity contract with The Standard Insurance Company) is determined by a declared interest rate, which is accrued daily and compounded quarterly. The interest rate is applied to the entire fund.

A pooled separate account (PSA) is an account which consists of the assets of two or more participating entities and is maintained for the collective investment and reinvestment of assets contributed thereto. Investments in pooled separate accounts are valued on a per unit market value basis as determined by the issuer, which reflects the fair value of the investments comprising the separate pooled funds. Underlying investments of these pooled accounts consist of various mutual funds.

The net appreciation in fair value of investments is reported in the statement of changes in net assets available for benefits and consists of realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Operating expenses

The Plan sponsor absorbs the significant operating expenses associated with administering the plan. Administrative expenses incurred in the administration of the Plan, to the extent not paid by the plan sponsor, are charged to and paid from the Plan's assets. Administrative expenses are recorded when incurred. Certain fees are paid by the participants' investment funds to their affiliated investment advisors, transfer agents and record keeper as further described in each fund prospectus or other published documents. Such fees paid from the Plan's assets under the group annuity contract with John Hancock Insurance Company that were separately identified as an expense totaled \$53,182 in 2011 and \$46,323 in 2010.

ODESSA PUMPS & EQUIPMENT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Operating expenses - continued

Under the group annuity contract with The Standard Insurance Company, these investment fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense. These fees include a revenue sharing arrangement based on the average balances of the Plan's investments, an expense ratio for each investment fund, and certain redemption fees. Other administrative expenses paid by the plan totaled \$8,615 in 2011.

Benefits & Distributions

Benefits are recorded when paid. Benefit distributions may include payments made to active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures*, which amends ASC 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which are required in 2011. The adoption in did not materially affect the Plan's financial statements.

In May 2011, the Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (Topic 820) – Fair Value Measurement* ("ASU 2011-04"). ASU 2011-04 was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for level 3 fair value measurements. ASU 2011-04 is effective for annual reporting periods beginning after December 15, 2011. The Plan Sponsor does not expect the adoption of ASU 2011-04 to have a significant impact on the Plan's financial position, results of operations, or disclosures.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ODESSA PUMPS & EQUIPMENT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE 3: FAIR VALUE MEASUREMENTS - continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. Pooled separate accounts fall into this category as they consist of the assets of two or more participating entities and are maintained for the collective investment and reinvestment of assets contributed thereto. Investments in pooled separate accounts are valued on a per unit market value basis as determined by the issuer, which reflects the fair value of the investments comprising the separate pooled funds. Underlying investments of these pooled accounts include various mutual funds.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The guaranteed interest account (through a group annuity contract with John Hancock Insurance Company) and the stable asset fund (through a group annuity contract with The Standard Insurance Company) are not actively traded and significant other observable inputs are not available. The determination of fair value is explained in Note 2.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value

NOTE 5: INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN

The Plan custodians, John Hancock Life Insurance Company (through December 20, 2011), and The Standard Insurance Company, are qualified insurance companies that are supervised, regulated and subject to periodic examination by state and federal agencies. Therefore; the Plan qualified for a DOL limited-scope audit. Certifications were provided as to the valuation of the investments, the transactions affecting the investments, and the income derived from the investments as of and for the years ended December 31:

NOTE 6: PARTIES-IN-INTEREST

Certain Plan investments are managed by the plan custodians. Because the Plan pays certain fees to these custodians, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time so as to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8: INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that by adopting a prototype standardized profit sharing plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and are not subject to tax under present regulations. The Company itself has not applied for tax exemption status for the Plan. However, the Plan administrator and Plan's tax counsel believe that by adopting the prototype standardized plan referenced above, that the Plan is being operated in compliance with applicable requirements of the Internal Revenue Code.

Additionally, GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Economic conditions affecting the labor market also have a direct effect on the Plan. The availability of jobs directly affects the number of participants enrolling in the Plan and therefore directly affects the Plan's existence.

NOTE 10: INVESTMENT CONTRACT WITH INSURANCE COMPANY

Effective December 21, 2011, the Plan entered into a fully benefit responsive insurance contract with The Standard Insurance Company. The stable value fund (Standard Stable Asset A Fund) is fully benefit responsive according to the terms of the FSP (absent the probable occurrence of a contract/plan level event requiring a payout adjustment, as discussed below).

On a quarterly basis, our asset advisory group provides us with an interest rate forecast for the coming quarter based on the investments underlying our contracts. Based on these rates and the margins required for our business we declare a crediting rate for assets in the fund for the coming quarter. The minimum crediting rate specified in the contract is 1.00% per annum. Management approval is required for all crediting rates.

The average yield for the plan year beginning in 2011 was 1.95%. For the applicable reporting period for which the contract was in effect for December 21, 2011 through December 31, 2011, the effective rate of return was .04%.

The The Standard Stable Asset A Fund had a quarterly nominal crediting rate in effect at the end of the reporting period December 21, 2011 through December 31, 2011 was 1.94%

Certain events may limit the ability of the plan to transact at contract value with The Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a payout adjustment may apply, as describe in the next paragraph.

The contract owner may terminate the contract at any time with 30 days advance written notice to The Standard. The Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by either party, the payout value may be subject to adjustment, either in a single lump sum payment or in installment payments.
